The Fashions as Predicted for the Summer.

June being the traditional bridal month, the usual fashion article in this number of the New Idea Woman's Magazine is devoted to the bride and her attendants. New materials for the wedding gown, and graceful drawings showing the latest ways of making the same are given, as well as suggestions for the bridesmaids and maids of honor. The Girl's Letter contains many valuable hints for the selection of a trousseau and will undoubtedly prove helpful to the girl with moderate means who wishes to spend sensibly her allowance for this purpose. Ideas for bridal luncheons and anniversary dinners also appear in this issue. Another illustrated fashion article is devoted to the discussion of jumper fashions, which will, without doubt, occupy the most important place in summer wardrobes.
