Sermon subjects; morning, "The Lord's Goodness Laid Up"; evening, "Some Echoes of the Local Option Election". All are cordially invited to attend these services and worship with us. W. C. RUSHING, Pastor.

Death of Mrs. Moulton.

Mrs. Mary J. Moulton, nee Bunn, was born in Haggerstown, Maryland, June 30, 1835, and died at her home in Coquille, Oregon, Wednesday morning at 2 o'clock, June 19, 1907, aged 72 years, 4 months and 18 days. Mrs. Moulton's parents moved to Ohio when she was but a small child, remaining there only a few years, when they moved to Peoria, Illinois, where they lived for a number of years. She was married to John Hamlin at that place in 1851. They moved to Columbia, the same year. To this union was born four children, one son, three daughters, the oldest being Mrs. Mary Fidelia Rohm, of Riverton, Oregon; next is Chas. W. Hamlin, and Katie and Nellie who died in infancy. Later she came to Coos county, Oregon, and was married to John T. Moulton in 1865, at Judge Lowe's on the Coquille river. They located near Riverton on a farm. To them were born four children, George T., William L., Maggie E. and Lulu. William and Maggie have also preceded her to the world beyond. Her husband and four children, Mrs. Rohm, Chas. Hamlin, Geo. Moulton and Lulu Nosler were all present at her bedside when the end came.

Mr. and Mrs. Moulton were among the first settlers in Coos county and numbered with the pioneers of Oregon. They endured many hardships in building up a home in the early days of Coos county, but their home was a pleasant one, for Mrs. Moulton was a mother indeed, devoted to her family. She made all feel welcome who visited her home, and never let an opportunity pass to feed and clothe the poor and hungry. To know her was to love her. In her sickness she suffered a great deal but bore it all patiently, and seemed to have no fear of death. She was a firm believer in the Bible which she read a great deal, and when the end came the Lord gave her a peaceful hour in which to die, and her last words left the assurance that all was well. She leaves a husband, four children and many friends to mourn her loss, but their loss is her eternal gain.

The funeral services were held in the M. E. Church, South, Coquille, Oregon, June 20th, 1907, at 2 p. m. conducted by Rev. H. M. Branham. A large congregation attended the services and the grave was covered with many beautiful flowers. The remains were laid to rest in the I. O. O. F. cemetery to await the resurrection of the just. May God bless and comfort the bereaved family and bring them all to praise Him in heaven.

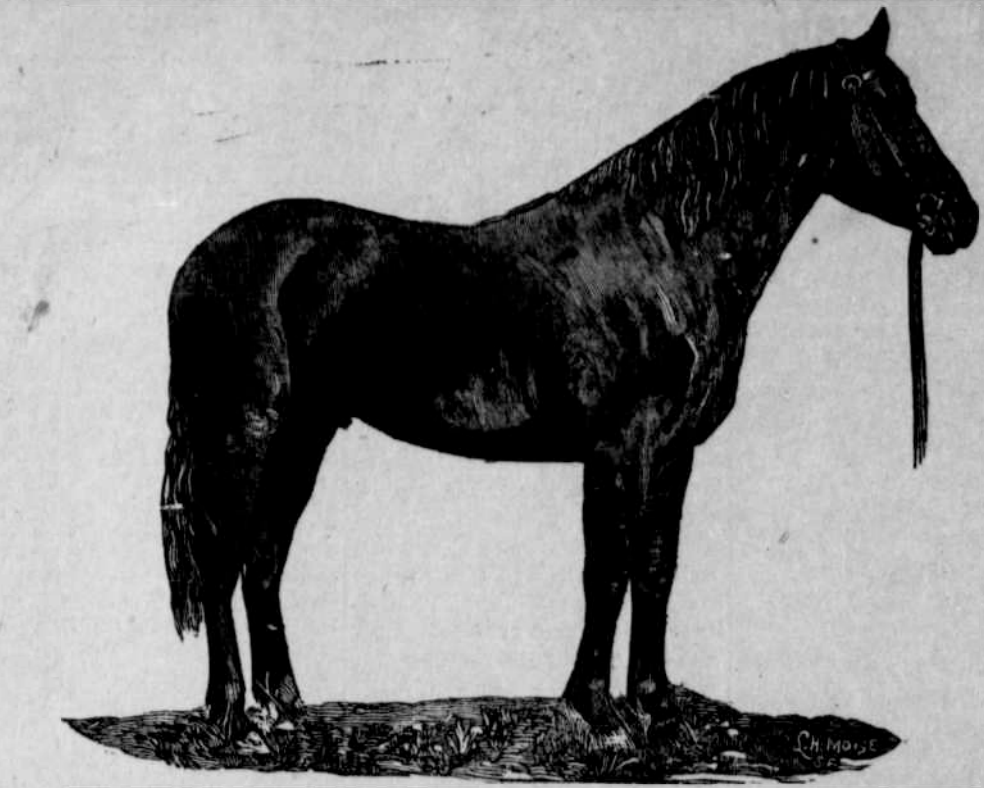

Into Christ's loving presence your dear mother now how has gone, While you are left to sojourn upon earth alone. In peace and joy unending in high communion bright, She lives with Him forever within that home light.

And though your way seems lonely, yet He is with you still To cheer with words of comfort and guard you from all ill. She has but gone before you; a little while you wait; O may you soon rejoice her, within the golden gate.

And day by day you wonder what she is doing there, And day by day you wonder what she is doing there, And day by day you wonder what she is doing there, And day by day you wonder what she is doing there.

Notice to Contractors. Notice is hereby given that sealed bids will be received by the undersigned for improving the "Cherry Creek" Mountain, beginning at the eastern foot of said Cherry Creek Mountain, and running westerly to the bridge across Cherry Creek. The Mullins Boat and the Ferro Marine Engines

The W. H. Mullins Company of Salem, Ohio—widely known as the largest builders of small boats in the country—install Ferro Engines and no others. Before placing their order for the year they made very exhaustive tests of highest grade two-cycle engines made; the result was an initial order for 500 Ferro Engines—the largest single order ever placed. If such large engine buyers as the Mullins Co. stake their whole year's business on the Ferro after looking so carefully into all the engines made, certainly you ought to feel that this goes very far to prove that the Ferro Engine has in fact the superiority we claim for it. The Ferro Machine & Foundry Co., Cleveland, Ohio. W. C. ROSE, Agent, Coquille, Oregon
