ANGUS G. MACKAY.

Guards to Man Forts.

Washington, July 15.—The experiment in the recent army maneuvers of stationing militia troops in coast defense has proved so successful that the War Department has decided to make permanent arrangements for this use of the state soldiers. Twin companies are to be organized in the militia to supplement the regulars, and will be assigned to state batteries at the points which they will be expected to defend in the event of war. This policy having been adopted, the War Department will now take steps to make it effective. The aid of the governors of the various states is necessary in order to get the matter properly before the members of the National Guard and to have them thoroughly interested in the project. Consequently Assistant Secretary of War Oliver will shortly send letters to all the Governors, asking them to communicate the facts to the state organizations and ask their co-operation.

"We want the state troops to feel," said Mr. Oliver, "that they are at liberty to visit the coast batteries at any time of the year for the purpose of studying or otherwise becoming familiar with the guns and general equipment. The war games for this year were planned with the idea of determining whether the state organizations could be used for coast artillery work. The success of the maneuvers has proved that the state soldiers possess all the qualifications necessary to make admirable men behind the guns in the coast forts. Now it is our intention to make permanent assignments of state troops to certain batteries, which they will be expected to man during the maneuvers each year and in case af war."

"A Greater Oregon State Fair" is the motto for this year's exposition at Salem—September 16 to 21, inclusive.

The big premium list for the Greater Oregon State Fair, September 16-21, is ready for distribution, and will be mailed on application to all persons interested. Prospective exhibitors should secure this book at once.

WE SHIP ON APPROVAL without a cent deposit, Pay the Freight and allow 10 Days Free Trial and make other liberal terms which no other house in the world will do. You will learn everything and get much valuable information by simply writing us a postal.
We need a **Rider Agent** in every town and can offer an opportunity to make money to suitable young men who apply at once.
$8.50 PUNCTURE-PROOF TIRES ONLY $4.80 PER PAIR
Regular Price $8.50 per pair. To introduce We Will Sell You a Sample Pair for Only **4.80** (CASH WITH ORDER $4.50)
NAILS, TACKS OR GLASS WON'T LET OUT THE AIR

NO MORE TROUBLE FROM PUNCTURES.
Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.
Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.
Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "C" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.
DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is $8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.
We will allow a cash discount of 5 per cent (thereby making the price $4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.
We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.
COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue.
DO NOT WAIT but write us a postal today. DO NOT THINK OF BUYING a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.
