The steamer Alliance is off her run for ten days on account of being rammed by the City of Panama while she was lying on the mud at the mouth of the Willamette river. Her damages were all above the water line.

Frank Carr, our enterprising shoe manufacturer, has just received a "Fleming Shoe Machine" which is a valuable addition to his equipment. This is a great mechanical device for sewing soles on shoes, and will greatly facilitate his work in catching up with his large number of orders. Mr. Carr would like very much to secure the service of one or two good workmen.

Sperry new, flour made at Tacoma, Wash., with the same care as "Sperry's Best," "Sound Ring."

Judging from what the neighbors say about what they have heard in frequently passing a certain place that there is a man not more than a thousand miles from Coquille will likely be a subject for the whipping post if his vile conduct toward his wife and family is not stopped at once. This thing of wife abuse and beating is a thing of the past, and will not be tolerated, and if the law is not far reaching enough the good citizens will take the matter in hand and administer to this fiend a cat with nine tails. Stop it right now.

Anyone having a light wagon to sell or trade for cows or a heavy wagon, should call at the HERALD office.

Quick Relief to Asthma Sufferers

Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. Sold by E. J. Slocum.

The Mullins Boat and the Ferro Marine Engines

The W. H. Mullins Company of Salem, Ohio—widely known as the largest builders of small boats in the country—install Ferro Engines and no others. Before placing their order for the year they made very exhaustive tests of highest grade two-cycle engines made; the result was an initial order for 500 Ferro Engines—the largest single order ever placed. If such large engine buyers as the Mullins Co. stake their whole year's business on the Ferro, after looking so carefully into all the engines made, certainly you ought to feel that this goes very far to prove that the Ferro Engine has in fact the superiority we claim for it.

The Ferro Machine & Foundry Co., Cleveland, Ohio.
W. C. ROSE, Agent, Coquille, Oregon
