WEDNESDAY, AUG. 21, 1907.

Mrs. Yoakam on Dairying.

The meeting of the Marshfield Chamber of Commerce was called to order by President McCormac and the minutes of the last meeting read by the secretary and duly approved. The secretary read letters from Senator Bourne and Secretary of War Metcalf with reference to resolutions of the Chamber submitted to the War department calling attention to the unprotected condition of the harbor. Both Senator Bourne and the War department expressed a desire that the matter should be attended to and hoped that Congress would take the necessary steps to that end.

Letters were also read from Hon. James Withycombe and others of the Agricultural college at Corvallis in which these gentlemen stated that they would accept the invitation of the secretary of the Chamber to be present about the 10th of September next and address the farmers of Coos county and the people of Coos Bay on certain agricultural subjects, particularly dairying.

On motion it was voted that the officers of the Chamber, President McCormac and Secretary Lyons, constitute a committee who should be charged with the duty of arranging to have the several gentlemen mentioned in Dr. Withycombe's letter and the doctor to visit the city at such time as could be conveniently designated and that in order to have a full attendance at the meetings to be held, an attractive program should be provided; also that there be appropriated from the publicity fund the sum of thirty dollars which the committee should use to provide prizes for the best exhibit of Gravenstein apples, fruits and vegetables, which could be furnished in Coos county on that occasion.

The food and dairy commissioner, Hon. J. W. Bailey, was then introduced and for about three-quarters of an hour held the close attention of the Chamber and the large audience of ladies and gentlemen who were present, as he discussed the dairy cow and her possibilities in Coos county. The address was deeply interesting and instructive and contained much food for thought. He stated that the United States had been pronounced by eminent authority the best dairy country on earth and that Oregon was the best dairy region of the United States. He also stated that his familiarity with the dairy possibilities of the Coos country made it possible for him to assert truthfully that Coos county was the best dairy section of Oregon.

The president called upon Mrs. Yoakam, who was present and who has just been appointed deputy dairy inspector for Coos county and that lady proved to be a very agreeable speaker. Indeed, she was brilliant and not only gave her experience in the dairy business in such a way as to instruct and entertain but set the house in a roar of merriment by her witty and humorous remarks. She stated that it was her first effort but everybody who heard her and recognized her modest and natural style, good language, command of her subject and her wit will hope they may hear her again.

J. W. Bennett spoke with his usual entertaining commingling of humor and sound sense. He had evidently caught the spirit of the occasion. He corroborated the remarks of Mr. Bailey on the subject of the dairy cow and recommended especially the rich bottom lands for dairying. Mr. Bailey interrupted him to say that he believed the benches and hills would prove as productive and declared that he believed such had been the experience of people in other districts. Mr. Bennett said that much had been said lately about the Coos Bay Gravenstein being the best apple in the country and declared it was, but he noticed when Mr. Bailey came down here and made a selection the first thing he did was to choose a Coos Bay Beauty. This raised a great laugh and Mrs. Yoakam, just appointed deputy inspector, who lives on Coos river, blushed. Mr. Bennett recalled one of his experiences in helping a farmer to get started. He and his partner, Flanagan, gave him a couple of calves which he took to his farm and named one Bennett and the other Flanagan. A year or two after Mr. Bennett met him and asked which was the better one of the two. "The Flanagan is the best looking," but Bennett gives the most milk." On motion the meeting adjourned.—Coos Bay Times.

The Lowe Stock Company Here.

The Lowe Stock Company opened a week's engagement at the opera house, Monday night in "A Rough Diamond".

The play and the acting were somewhat out of the ordinary, every member playing his or her part to perfection. This is one of the companies that live up to their advertising. Many companies have visited this city but the Lowe Company is one of the best.

Tonight they will put on that great comedy, with a real plot, entitled "The Irish-American Cousin."

Special attention is called to the bill that will be produced Friday night, "A Southern Rose" a southern comedy drama in four acts. The first act shows the leap for life; in the second act a live horse is used, and is seen rescued from a burning stable. The third act shows the great race scene. This play is full of pathos and comedy and should draw a large crowd.

While all the players acted to advantage, one in particular, won the hearts of the Coquille audience, and that was Louise Lowe, the little sourette who played the part of "Chick." Her work, active and finished at all times. We regret that we haven't the space to go into detail and give each member the praise that is due them. It is sufficient to say that the company will continue to do a good business the remainder of their engagement.

Big Dance Saturday Night.

I. R. Nosler's new hall will be dedicated next Saturday evening a grand ball, to which a large attendance is anticipated. Gage's orchestra has been engaged to furnish the music and a grand time is assured to all who attend. Tickets for the dance will be sold at one dollar, and a free midnight supper will be served. The floor of this new and commodious hall has been planned and polished making it one of the best floors in Coos County.

General Strike Ordered.

Chicago, Aug. 16.—S. J. Small, president of the Commercial Telegraphers Union, at 1:30 this morning issued a general order to commercial operators to cease work immediately except where contracts with the union have been signed.

Chicago, Aug. 16.—Following the general strike declared by S. J. Small this morning the executive board is now in session conferring with representatives of three hundred broker operators, who threaten to strike unless contracts were signed today. The representatives intimate that the per cent of operators who remained working, refused to report all over the country this morning, including the Standard Oil, United States Steel and other big corporations.

Gompers and Neill expect to leave for Washington today and there are no hopes for peace negotiations yet. Small, Russell, Quick and Perham, the latter two of the Order of Railway Telegraphers, were appointed to the board of strategy, which will have charge of the strike. Small addressed the biggest meeting held so far this afternoon. Ten thousand men are now out and hundreds of cities are involved.
