## The Educational League

The Coquille Educational League met Friday with the president Mrs. Inez R. Chase in the chair.

After roll and the reading of the minutes, the following program was rendered:

Recitation—Fred Roach.  
Instrumental Duet, Ula Price and Edna Gilkey.

Mr. Barrow next addressed the teachers and parents and endeavored to impress upon all the thought that certain restrictions and regulations are absolutely necessary for the welfare of the school, and the proper training of our boys and girls.

He noted the failure to do good school work as a result of keeping late hours, and the consequent ruling of the board prohibiting pupils frequenting places of amusement, excepting on Friday or Saturday evenings.

He urged that one and all would feel it a duty to assist in enforcing the town ordinance forbidding young children congregating on the streets after seven o'clock, and that all must assist in the enforcement of the new truancy law, or lay themselves liable to punishment.

In brief, he urged that public sentiment must be strong enough to wipe out many of the evils that are tending to ruin our boys and girls.

Prof. Daring made some excellent remarks along the same line and urged the townspeople to cooperate with the teachers in seeing that the pupils conduct themselves properly on the streets.

The evil effects, upon the young, of certain free street shows, or entertainments, were discussed, and a committee appointed to petition the council that the same be excluded from the town, in the future.

There were forty in attendance and it is to be hoped that even more may be present at the next meeting.

Mr. Knowlton will address the League next time taking for his topic, "Social Environments versus school Duties."

## A Beautiful Present.

Capt. H. W. Dunham returned from Bandon yesterday, having been called to Bandon to attend a meeting of Delphi Lodge, No. 64, K. of P., and if there is a happier man in town it must be one of those young gentlemen who has recently taken unto himself a life partner. Mr. Dunham was not aware of the cause of the urgent request for his presence until R. E. L. Beililien appeared on the hall floor and after a long, and to Mr. Dunham, a puzzling speech of well-timed remarks, when, at the climax of his talk, he wound up with the ceremony of presenting "Hark" with a beautiful gold watch as a token of good will and esteem in which Mr. Dunham is held by the officers of that lodge. As a rule, and under normal conditions Mr. Dunham is able to make a very good speech, but this so completely "took the wind out of his sails" that he almost collapsed, but, at this time is able to contain himself and give adequate expressions of his appreciation of this beautiful present.

Following is the inscription which was engraved on the inside of the case: "Presented to Bro. H. W. Dunham, as a token of esteem from the officers and Members of Delphi Lodge No. 6, K. of P."

Chief Engineer G. Boak made it convenient to be here and volunteer his services as night watch for us to give Mr. Dunham a chance to go.

## The Womans' Study Club.

The work planned for the last meeting of the Study Club proved interesting including as it did, biographies of the poets Shelley and Keats, comparison of their styles of writing and the reading of selections, from the most conspicuous of their poems.

After the regular, literary work of the afternoon came the discussion of current events. The names of proposed new members handed in the previous week, being those of Mrs. Rogers and Miss Anna Dudley were accepted, and that of Mrs. Nye submitted, to be voted on at the next meeting of the executive board.

Next Saturday, being Travel Day, the club will take for its subject, "Australia" from various points of view, meeting for the purpose with Mrs. Gould.
