School Notes.

The total registration for the past school month was 174 boys, 187 girls, total 361. Colds and sickness reduced our per cent of attendance to 92.2; we hope to have a better report for the ensuing month. In the per cent of attendance by departments or grades, the principal's ranks highest with 96.1, Miss Smith second with 95.2, Miss Walstrom third with 94.5. The pupils having the first, second and third highest marks in the several grades are: tenth grade Jessie Sweet, Esther Boyd, Dorothy Watson, Belle Thrift, Nettie Belloni, Maggie Hanly; ninth grade Jennie Lindebeck, Eva Sugg, Iva Howey; eighth grade Daisy Hansen, Irwin Custer, Cecil Stanley; seventh grade May Lund, Clarence Cunningham, Clay Knowlton; sixth grade Laura Watson, Alice Culin, Wendell Knapp, Edna Harlocker; fifth grade Janie Lowe, Byron Goodman, Ray Burns; third grade Myrtle Cunningham, Maud Davis, Medford Lester; second grade Elsa Peoples, Ardis Briggs, Effie Lund; first grade Clyde Frye, Helen Gordon, Margaret Cunningham.

The excellent work being done by the pupils of the ninth and tenth grades is worthy of special mention. In yesterday's solution of problems in the perplexing subject of imaginary quantities in algebra, every member of the tenth grade had a perfect work. It should not be inferred that this is the only instance in which all the members of a class have had a perfect work, but the special severity of the test makes the work worthy of notice.
