The Jam at The Door

The county theater or entertainment hall lighted by coal oil lamps has added another panic and tragedy to its account. Man, when controlled by sudden fright, is the most unreasoning of animals. The stampede of the buffalo of the plains was not more senseless nor frantic than that of a company of human beings when terror takes possession of them. The tragedy at Boyerton, Pa., which cost a hundred lives Monday night, was but a sad repetition of many that have gone before. Under the menace of sudden and horrible death, caused by the explosion of a lamp, the entire audience in the village theater made a rush for the exits, trampling into unrecognizable pulp the weak who were unable to stand against the strong. Humanity ran mad shrieked and fought and fell in the effort to escape through entrances barricaded by fallen human beings. There was a counterpart on a larger scale of this scene when the Iroquois Theater was burned in Chicago during the holiday festivities of 1903, the casualties, including dead, injured and missing, reaching nearly 1000, mainly women and children. On a smaller scale, but replete with all of the horrors of such a scene, was the burning of a flimsy wooden hall in which Christmas tree festivities were being held in the little town of Silver Lake, in South eastern Oregon, twelve years ago. In this latter instance, like that of Monday night, the coal oil lamp was the immediate cause of the loss of life, while the frantic efforts of the surging crowd toward the exit were responsible for a majority of the deaths that resulted. The horrors of such a scene beggar description and go far to excuse the unreason with which terrified people fighting for life cut off in their fright and terror the only possible means of escape by creating "a jam at the door." Oregonian.

Speaker Cannon admires Secretary Taft's "manly form." If Taft's form is to be taken as a standard most men are only fractions. As a result of Blue Sunday in Gotham a great many husbands have become very well acquainted with their wives and children. "Oh, what is finer than a June day in December?" ask the Syracuse Herald. Can't imagine, unless it's a December day in August.

An Insidious Danger
One of the worst features of kidney troubles is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. E. J. Slocum.

Our Eighty-Fifth Thanksgiving.

The following we give from "Our Dumb Animals," a paper published at Boston, and in the interest of all creatures not able to take care of themselves, as well as "Man's Humanity to Man," and is from the aged editor of that publication: My dear Mr. Angell: How did you spend your eighty-fifth Thanksgiving day this year? Answer: The great storm that we had on our coast just before Thanksgiving, with its loss of life and property, called my attention to what I have thought of and written about before, that the life savers, employed all along our coasts by our government, frequently running terrible risks, have never received any pensions such as other seamen in the employment of our government have always had. I thought I could not do a better work on Thanksgiving Day than to prepare a petition from our American Humane Education Society, representing its over seventy thousand Bands of Mercy, asking Congress to enact a suitable law to remedy this great wrong. So I delegated my good wife to represent me at a happy Thanksgiving festival in a neighboring city, and sat down and drafted such a petition to Congress, and then wrote our Junior Senator, Winthrop Murray Crane, asking him to kindly present it; and then mapped out a plan to call the attention of all the about twenty thousand newspapers and magazines that receive our paper every month to the importance of the subject, and to ask their kind assistance. Then I dictated various articles for the press; and then ate, with my assistant, a quiet little dinner; and enjoyed a call from a few friends; and so felt that I had done about as much on my eighty-fifth Thanksgiving Day as could be reasonably expected.

WE SHIP ON APPROVAL without a cent deposit. Pay the Freight and allow 10 Days Free Trial and make other liberal terms which no other house in the world will do. You will learn everything and get much valuable information by simply writing us a postal.
We need a **Bicycle Agent** in every town and can offer an opportunity to make money to suitable young men who apply at once.
\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR
Regular Price \$8.50 per pair. To introduce we will sell you a Sample Pair for Only \$4.80 (CASH WITH ORDER \$4.50). NO MORE TROUBLE FROM PUNCTURES. Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire. Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.
DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of this special prepared fabric on the tread. That "holding back" sensation commonly felt when riding on asphalt or wet roads is overcome by the "stent" "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all action. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of 5 per cent (thereby making the price \$4.56 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Simpson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable offer.
COASTER-BRAKES, built-up wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDREY catalogue.
DO NOT WAIT but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.
