"In all the talk we have had for and against race suicide, I have noticed little consideration of the children's point of view," says Christine Terhune Herrick in the May Woman's Home Companion. "In the first place, why do people want children? How many bring them into the world with the thought that for the sake of the country they should have offspring, and that patriotism demands a large family? I would also like to know how many bear children with the thought that their progeny will not only make the world a better place to live in, but will, on their own account, be so happy, so useful, so valuable to themselves that the parents could not feel justified in refusing them existence.

"If these questions were answered truthfully, I believe that in nine hundred and ninety-nine cases out of a thousand it would be shown that parents desired children for the sake of their own personal happiness (when they think of the matter at all)—for what the children would mean to them of joy and interest. Such feelings are entirely natural, but they can hardly be counted to the parents for righteousness. If a man and woman choose to have children because of the pleasure they will themselves receive from it, I do not think they should be looked upon as civic benefactors only as ordinary human beings who have made wise investments on their own account which turn out to be also an advantage to the community at large."

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by R. S. Knowlton.

This is what Hon. Jake Moore, State Warden of Georgia, says of Kodol for Dyspepsia: "E. C. De Witt & Co., Chicago, Ill.—Dear Sir—I have suffered more than twenty years from indigestion. About eight or ten months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs; in fact I made up my mind that I could not live but a short time when a friend of mine recommended Kodol. I consented to try it to please him and was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity may be benefited. Yours very truly, Jake C. Moore, Atlanta, Aug. 10, 1904." Sold by R. S. Knowlton.
