

Coquille Herald.

WEDNESDAY, AUG. 26, 1908.

GOVERNOR Chamberlain was on a visit to the Klamath Falls country last week, and to the Pelican Bay resort of E. H. Harriman at the railroad magnate's personal invitation. The Governor was invited thither along with prominent irrigation officials for the purpose of talking over irrigation and the development of irrigated districts by railroad construction. Mr. Harriman is seemingly taking an augmented interest in Oregon's future since he has acquired a summer home within her borders and has become so greatly infatuated with the grandeur of Crater Lake and its many captivating environs. Governor Chamberlain reports that the magnate talked freely of contemplated railroad construction in this State, advertising particularly to a road through Central Oregon north and south and to the extension of the California Northeastern through Klamath, Lake, Harney and Malheur to a connection with the Short Line. No reference was made, however, to intentions with respect to the Drain-Coos bay branch, so long under discussion. Mr. Harriman and the Governor are both enthusiastic for an automobile road from Medford to Crater Lake. The latter will urge the Legislature to accord the project financial aid, and will appoint a highway commission therefore, of which E. H. Harriman will probably be chairman.

The decision of the United States Court of Appeals setting aside the fine of \$29,000,000 imposed by Judge Landis upon the Standard Oil Co. for rebating, which decision was based upon a trifling technicality, came in for a mercurial flaying last week at the meeting of Attorneys-General in the Colorado metropolis. Said one learned speaker: "The judge who cannot see in the Standard Oil Co. of New Jersey and the Standard Oil Co. of Indiana one and the same thing is certainly either accidentally or purposely very blind." The United States Supreme Court will next be asked to pass upon the case, and Rockefeller, Rogers et al may yet be compelled to disgorge.

SECRETARY of State Benson is in San Francisco undergoing a dangerous operation, and the likelihood of fatal result presents an interesting problem to the circle of officialdom in Oregon. Mr. Benson or his successor in the event of death would be the successor of Governor Chamberlain should the latter either die or resign his office, and then, too, the Governor has the appointment of a Secretary of State. Now, what meant this if Mr. Chamberlain is elevated to the United States Senatorship next winter pursuant to the expressed wish of the people?

GOVERNOR John Johnson of Minnesota was renominated by the Democrats for a third term last week notwithstanding his protests, and was finally prevailed upon to accept the honor. His acceptance greatly pleased Mr. Bryan who feels that the Governor's candidacy this year will materially strengthen the Democratic national chances in Minnesota.

Assessor Thrift and a corps of deputies are winding up the assessment roll for 1908, and will have it finished and ready to submit to the Board of Equalization within two weeks. The equalizers, however, do not meet until October, and the roll is being early completed. The county's assessment will total nearly \$14,000,000 this year as against \$13,000,000 last year and \$10,000,000 in 1906.

The Norway baseball team came down to Coquille Sunday and played an interesting game with the junior nine of this place. The visitors did some very good field work, and succeeded in scoring five men through the two hits gotten off Hughes and some costly errors by the home boys. The latter got 17 hits and brought in six men, making the score 6 to 5 in Coquille's favor. A feature of Coquille's playing was the creditable hit work of Oerding behind the bat in spite of his very sore and swollen hand. The contest was fraught with good feeling throughout, the gate receipts were liberally divided, and the Norway boys with their accompaniment of fair and masculine rooters went home in high spirit.

Ed Neunswander Dies

Ed Neunswander, the young woodman who was stricken with paralysis while sitting in McDonald's barber shop last Wednesday, died the day following at 3:15 p. m. in his room at the Hotel Coquille. The unfortunate man was not thought at the time to be in a serious condition, as he had had such spells before, but late Wednesday evening he grew worse and it was soon evident he could not recover.

Mr. Neunswander was a native of Kansas, about 30 years of age, and of late had worked in Bester's camp on Cunningham creek. He had been in this vicinity for two seasons or more, and his jovial and kindly disposition had earned for him many friends. He was a member of the Fraternal Order of Eagles, which brotherhood took charge of the remains and removed them to Marshfield to await telegraphic instructions as to their final disposition form a sister residing in Kansas.

The decedent spent three years in the Philippines as a member of the Kansas Volunteers, being honorably discharged at the close of his service, and it was there that he contracted blood poisoning from some form of diet, this poisoning no doubt leading to the fatal paralysis as stated.

Coquille Again Victor.

The old story of Coquille carrying off the laurels was again repeated Sunday, for the boys and their rooters returned on the special at 7 p. m. with victory perched high on their banner and a 5-to-geese-egg expression beaming radiantly from every countenance. It was a sleek and clean shut-out for North Bend. Gardner's overawing work in the box, coupled with the support accorded him, had an appalling effect. McFarland pitched a good game for North Bend, but the team was very much demoralized and in no shape for meritorious work. Now for Bandon next Sunday. The game is to take place in Coquille, and, if our boys win, the season's honors are theirs. Otherwise they and Bandon are tied. Both teams will be at their best, and from indications it is certain the contest will be the most spirited one by far yet seen this season.

Last Sunday's game at Marshfield between Bandon and that nine was a splendid exhibition if we except a disgraceful fight in which Bandon's first baseman and a Marshfield citizen engaged on the diamond. The score was 2 to 1 in favor of Bandon. Bandon secured 7 hits and Marshfield 6, but there were errors as usual. The features of the game were Marshfield's pitching and Bandon's team work. All bets were declared off by the umpire before the game started to quiet the unrest of the windy city fans.

A Faithful friend

"I have used Chamberlain's Colic, Cholera and Diarrhoea since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak of it. For sale by R. S. Knowlton.

Pioneers' Encampment

Hon. Binger Hermann has consented to be present at and address the annual reunion of the pioneers and veterans which will be held in Coquille next Wednesday, Thursday and Friday, Sept. 24, 31 and 4th. The announcement of the ex-Congressman's coming, and he is one of the most distinguished and eloquent of Oregon's pioneers, is a source of great satisfaction to the Society itself and will prove an important addition to the program as already drafted for the auspicious event. The white-haired argonauts and war veterans are exerting every effort to the end that the encampment of 1908 shall be one of the most memorable yet held in South-west Oregon, and our people generally should assist them in demonstrating that object.

Hon. Binger Hermann will speak of the country's growth and of the noble ones, now decimating, who led the way. He arrived at Myrtle Point yesterday from Roseburg.

HERE IS A LIBRARY FREE

Chance for some Lodge, Church, Society, or Club to Obtain it.

One hundred and fifty dollars worth of books—and nobody dares guess how much worth of information and amusement—are on view in the window of the N. Lorenz dry goods store.

Want them? Step over to the store when you are down town this afternoon or tomorrow and look the lot over. You will see one hundred volumes handsomely bound in colored cloth filling and a five section solid oak book case. Do you like to keep up on all the latest novels, the brightest most entertaining and amusing tales of the past few years? If you do, take a look at these books and think it over.

This library is to go to some church, school, lodge or other organization. The public will be allowed to decide which organization shall have it, and this will be done by voting. The lodge, society, school, or church securing the largest number of votes by Jan. 20th 1909 will be awarded the library. In the meantime be sure and see for yourself just what this library is. Then make up your mind whether it wouldn't be just the thing for your lodge or your church. Books are expensive and money is scarce just now. But the merchants of Coquille offer an opportunity to get one hundred and fifty dollars worth of books for the organization where you think it will do most good. Remember to have the privilege of voting will cost you nothing. A number of merchants will issue votes with each ten cent purchase and you can then vote for your choice of societies, which you would like to receive this library. The votes are to be deposited in a ballot box located at Knowlton's Drug store. Full information and list of merchants giving votes can be had at the following stores: J. A. Lamb & Co., W. C. Laird, Getty & Collier, Fred Slagle, The City Bakery, R. S. Knowlton, N. Lorenz, The White House, Land & Lyons, W. H. Schroeder.

Likewise are votes given on job work brought in, one vote being allowed for every ten cents of value of work. The result is one bottle cured him and he has not suffered with the disease for eighteen months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although sixty years old, can do as much work as a young man." Sold by R. S. Knowlton
