Hon. Binger Hermann and his aged sister, Mrs. Nellie Bender, of Wisconsin, while coming to Myrtle Point from Roseburg in Fish's private stage last week, were capsized by a collision with another vehicle. Mr. Hermann was slightly bruised, but Mrs. Bender suffered painful injuries about the chest and head and was unconscious for a time. The two were accompanied by Mrs. Law, also of Wisconsin, who is visiting in the up-river country, and who was bruised considerably by the overturning of the wagon. The mishap occurred near Sheepranch.

More than 200 participated in the celebration of the natal day of Robert Morris, founder of the Order of Eastern Star, and the seventh annual meeting of the Coos County O. E. S. Association in Marshfield last Thursday night. Coquille's chapter was quite largely represented, several from here responding to toasts during the evening. The next annual meeting will be held at Bandon. Mrs. Bigaman of Bandon was elected president of the association, J. W. Mast of the same town vice-president, and Daisy Deoye of Myrtle Point secretary.

According to Thursday's Times, "Major" L. D. Kinney and some others are going to build a railroad from Coos bay to Boise, Idaho. Articles of incorporation of the Pacific Coast Broadway Railway Company, a \$50,000,000 corporation, have been filed with the Secretary of State at Salem. The incorporators are C. A. Schibred, J. F. Polley, G. F. Averill, C. A. Metlin, H. J. Kinney, L. D. Kinney and J. B. Milne. The capital stock of the company is divided into 500,000 shares of the par value of \$100 each, and the railroad might be even a double track affair.

I will make postals very reasonably from any negatives taken by Mr. Owings in the old Wilkins gallery. I also make a specialty of new negatives for postals. RAY DEAN.

A plan to build an automobile road between Coos bay and Roseburg, and to operate a line of autos over it, has been launched by Mr. Crow, representing a Los Angeles syndicate which owns and operates several auto transportation companies in Nevada, says the Times. Mr. Crow has a surveying party going over the road now. He figures that the road can be put in good shape for a comparatively nominal sum, making it passable for autos the year round. He also figures that he can fix it so that a minimum speed of 20 miles per hour can be maintained over it. The matter has been taken up with the Marshfield and Roseburg chambers of commerce, and it is hoped to get the improvement made so that the line can be started this fall. It is proposed to put a portable sawmill on the job, cutting down the timber along the right of way and planking wherever necessary. Already eight miles of the distance has been planked.
