### From the Land of Gold.

Mrs. Emil Ogren received Saturday a package of nugget jewelry from her parents, Mr. and Mrs. Joseph E. Fox, who own a valuable mining claim near Deering, Alaska. The various articles, which included necklace, watch chain, bracelets, etc., are made of gold nuggets, and are unique and very attractive, to say nothing at all of their intrinsic value. Among the presents was a beautiful scarf pin, with the compliments of Jos. E. Fox to G. A. Aennett, and to say that we were delighted by the kind remembrance would hardly do the matter justice. Mr. Fox and two sons had been working the claim this summer, which is very rich, Mrs. Fox having, herself, rocked out \$82 of coarse gold in two hours, one day recently, and no pan of dirt from the pay streak has yielded less than \$5. The great drawback, however, is want of water. A rich corporation owns the claims all around them and controls the water supply. They had been buying water for mining purposes, but were notified lately that they would be furnished with no more. It looks like a freeze-out game by the corporation, which realizes the wealth of their claim, and knowing it is worthless without water, they probably hope to buy it for comparatively nothing. The many old-time friends of the family here extend their best wishes, and hope that arrangements will be made by which their interests will not suffer. They have spent several years in that bleak northern region, and when fortune finally smiled on them it would be too bad to deprive them of the reward to which they are justly entitled.—Coos Bay News.

Mr. J. H. McMillan, now past eighty-five years of age and temporarily residing at Coshocton, Ohio, writes: "Having lived in Oregon sixty years and believing it to be the best country in the United States, I take pleasure in sending people there who are looking for a home. Rheumatism has a firm grip on me, and I am unable to labor, but I can talk of Oregon and spread Oregon literature and will be glad to receive same from all parts of the state. I have been able to send many people to Oregon, and they have written that they were glad they made the change." Oregonians should remember that there are thousands more to come on the colonist rates of September and October.

The hurry up and build movement throughout the United States, because building material and labor are about thirty per cent cheaper than they were a year ago, is the cause of some spectacular happenings in Portland. Down in the business center they are digging basements by electric light, working three shifts of eight hours each. Hillsboro, the prosperous and growing capital of Washington County, is celebrating its second rail connection with Portland, the last being an electric line.

### When Manager Geo. O. Leach

booked Gorman's All Star Comedy and Vaudeville Company, he assured his patrons a treat of the season. Everything about this company is high class and up to date. Comedians that are comedians, and not has been's or would be's; that are singers, dancers, the best in their line, and performers that are known for their ability to act. This high class company will present the laughing comedy success "Who is Who?" The only serious thing about this side-splitting farce is to figure how to get a few moments' ease from hard laughter. Everywhere from the Atlantic to the Pacific coast it has been a great success, and pronounced by all one of the funniest of all funny comedies. Besides this roaring comedy there are Seven All Star Vaudeville Acts. These acts have been played in all the leading Vaudeville circuits of the East and West. In this great array of talent are Alexis, the worlds' greatest Spanish dancer, pronounced by President Dias of Mexico as the greatest dancer that ever visited Mexico. Eddie Lang, the Dutch comedian, singer and dancer. "Enough said." O'Day and Gold. A high class sketch artists assisted by Miss Bates in their latest comedy playlet success entitled "The Man," Harold Yates, the Minstrel Man in monologue singing, dancing and whistling. He is known as Emperor Yates of the Fun Trust. As a whistler he has few equals. Jack Keys, the ladies favorite, will render all the latest song hits of the day. Blanchfield & Fisher, comedians in their humorous act, "The Actor and the Dutchman." Nothing but fun and lots of it and never fail to keep the audience in a roar of laughter. McPhail, the great peer of all female impersonators, known as the male Lillian Russell. This act has been featured all over the world and heralded by the entire theatrical world as in a class by itself. Not only as an impersonator, but as a soprano singer with a wonderful voice that seems hard to believe the owner is not a woman, and as a dancer, McPhail is a past master in the art with his graceful movements and gestures. Sall who attend Gorman's comedy and vaudeville entertainment can readily see that a high class performance seldom given by a traveling company and out of the ordinary, will be given on Saturday evening Sept. 19th, for one night only and at popular prices. Tickets on sale at Knowlton's Drug Store.

### Will Interest Many

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Remedy will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease if Foley's Kidney Remedy is taken in time. E. J. Slocum.

### Franchise to L. J. Simpson.

L. J. Simpson of North Bend, has secured a franchise from the county court for the use of the public highway between Pony Slough and Sunset Bay for an electric line. It was unofficially stated today that the matter had been closed up and that Mr. Simpson would begin the construction of the line next spring. It is understood to be Mr. Simpson's idea to convert Sunset Bay into a great pleasure resort. It is one of the most beautiful spots along this coast and he has extensive holdings there. He has built an elegant summer home "Shore Acres" there. Construction work on the line between North Bend and Pony Slough was started sometime ago so that the two will connect up, making a direct line from Coos Bay at North Bend to the new pleasure ground.

The Coos Bay Monumental Works offers their entire stock of first-class Marble and Granite Monuments at a 25 per cent discount from present prices until Oct. 1, 1908.

### A Traveling Man's Experience.

"I must tell you my experience on an East bound O. R. & N. R. R. train from Pendleton to Le Grande, Or.," writes Sam A. Garber, a well known traveling man. "I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said, 'There is a woman sick unto death in the car.' I at once got up and went out, and found her very ill with cramp colic, her hands and arms were drawn up so you could not straighten them, and with a deathlike look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suitcase and got my bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy (I never travel without it), ran to the water tank, put a double dose of the medicine in a glass, poured some water into it and stirred it with a pencil; then I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her, rubbing her hands, and in twenty minutes I gave her another dose. By this time we were almost into Le Grande, where I was to leave the train. I gave the bottle to her husband to be used in case another dose should be needed, but by the time the train ran into Le Grande she was all right, and I received the thanks of every passenger in the car."
