He has on display a fine line of goods, up-to-date in all respects. He invites all friends in to examine goods and get Prices.

### May Build Railroad.

A. H. Powers of the Smith-Powers Logging Company, is reported to have closed a deal with the Coos Bay Tide Land Company for 195 acres of tide land near the mouth of Coos River.

It is said to be the purpose of the Smith-Powers Logging Company to use this land for boom and log storage purposes. It is reported that they intend to build a logging road from Coos River to Cunningham creek on the Coquille side, and bring their logs over this road. It is claimed that a saving of \$30,000 a year in freight can be made with this new road, or enough in five years to pay for the cost of the road.

Noble and Bradfield, who are operating logging camps, have closed a deal for eighteen million feet of timber near the Summit of Isthmus Slough. The logs will go to the North Bend Lumber Company's mill.—Daily Times.

### Smith-Powers Buys Camp.

The equipment of the Hoeck lumber camp at Beaver Hill has been purchased by the Smith-Powers Timber Company, says the Marshfield Times. The camp was quite a large one, and about 100 men were employed there. It is located near the Beaver Hill mine, and a branch railroad extends to the camp. There is about twelve miles of steel rails, two locomotives, five donkey engines, and a lot of other machinery.

For the present the new owners will clean up the camp, and later on will move the entire equipment from where it is now located. It will be used in a new camp just north of the divide, which will have a railroad to bring the logs to the head of Isthmus Inlet, on which stream they will be floated to the Smith mill. The purchase makes the seventh camp which the Smith-Powers Co. is now operating in the county. Two more camps opening on Isthmus Inlet are also to be established soon.

### Chamber of Commerce Banquet

On next Monday evening, Dec. 28th, the Coquille Chamber of Commerce will give a banquet at the Hotel Coquille for the purpose of discussing the resources and capabilities of the Coquille Valley and having interchange of ideas as to the best methods of advertising and developing our wonderful section. At the last regular meeting of the chamber a committee consisting of A. T. Morrison, Geo. E. Peoples, Theo. Land, Chas. E. Baxter and Stewart Lyons was appointed to arrange for the event. Tickets to the auspicious affair are now on sale at Knowlton's drug store.

[Since the above was put in type the committee has determined to postpone the banquet indefinitely, or at least to some date following the rush and stir of the holiday period. Due notice will be given of the time decided upon.—Ed.]

According to statistics compiled by Labor Commissioner Hoff, there are about 23,000 women in Oregon who earn a living from toil in different capacities. Among the characters of labor mentioned are: Bakers, 35; bank employes, 15; blacksmiths, 1; carpenters, 5; clergy-women, 45; contractors, 1; electricians, 3; engineers and surveyors, 4; farm laborers, 165; hunters, trappers and guides, 26; lawyers, 10; lumberwomen, 5; painters, 5; plumbers, 3; sailors, 2; teamsters, 9; woodcutters, 3.

### Good Cough Medicine for Children

The season for coughs and colds is now at hand, and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher of Ripley, W. Va., says "I have never used anything other than Chamberlain's Cough Remedy for my children, and it has always given good satisfaction." This remedy contains no opium or other narcotic, and may be given as confidently to a child as to an adult. For sale by R. S. Knowlton.

### Grant Ames' Bad End.

The HERALD last week made brief mention of the fatal accident which befell Grant Ames near Bandon on the 14th inst. From the Recorder of the 17th we glean the following additional particulars:

Mr. Ames and Jimmy Curran were riding along the beach below the lookout, each on a horse, when suddenly Ames was knocked off his horse by a great breaker which rushed in upon him, carrying the animal off its feet and throwing him into the surf. Here he was buffeted by the waves until Mr. Curran could get him out. Just how it all happened will never be fully explained. Mr. Curran rushed to the aid of the imperiled man as quickly as he could, but before he could drag him from the water Ames had apparently ceased to breathe. Curran worked with him for a while until he could get word to the lookout, when the life-saving station was notified and the entire crew went at once to his assistance, but owing to the long distance it was perhaps 45 minutes before they reached the spot. Then efforts to resuscitate the body seemed in vain for 3 hours but finally he began to breathe, and later was so far recovered that it was thought safe to bring him home. Here he apparently continued to improve until 1 o'clock Tuesday, when suddenly and without warning he passed away.

Grant Ames was born in Jackson county, Oregon, April 15, 1867. He leaves a widow and 6 children; was highly thought of, and carried insurance on his life in the Modern Woodmen. Internment took place in the Bandon Cemetery Thursday.

### For Eczema Tetter and Salt Rheum

I have used Chamberlain's Stomach and Liver Tablets for some time and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating.—David Freeman, Kemp, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and the bowels. They are far superior to pills but cost no more. Get a free sample at R. S. Knowlton's drug store and see what a splendid medicine it is.

### Chamberlain Makes Hit.

A correspondent at Washington writes under recent date as follows: The conservation proposal of Governor Chamberlain is regarded here as projecting an absolutely new phase of the national conservation movement. In substance he declares that "the federal government now has control of all natural resources on the public domain. It may if it will acquire other natural resources, such as deforested lands, by congressional legislation. Those now owned and those to be acquired should be placed under federal control with a uniform code creating a federal commission with power to adopt rules and regulations along the lines, for instance, of the land department. The alternative, if consent could not be obtained for the plan stated, would be to form a joint commission of all states, with a uniform code for carrying out state conservation of resources, thus to obviate conflict among the several jurisdictions." The outlining of the plan in advance to several important officials of the federal government here resulted in eliciting considerable enthusiasm therefor. It is true, however, that hints were given that opposition was to be expected, especially from a number of Democratic senators and representatives on account of their tenacious adherence to the theory of state rights.

### Drane has the best thing in the way of fruit Jars that has ever been on the Market. Call and see them.

Mrs. M. McRaney, Prentiss, Miss., writes: "I was confined to my bed for three months with kidney and bladder trouble, and was treated by two physicians but failed to get relief. No human tongue can tell how I suffered, and I had given up hope of ever getting well until I began taking Foley's Kidney Remedy. After taking two bottles I felt like a new person, and feel it my duty to tell suffering women what Foley's Kidney Remedy did for me." Sold by E. J. Slocum.

### Sold Liquor to Indian.

Great surprise was occasioned here last Monday when it was learned that United States Deputy Marshal Prentice had arrested thirteen persons, they being proprietors and barkeepers of saloons within the limits of the county, for alleged selling of liquor to an Indian, Morris Jake.

Attorney Ford, United States Court Commissioner, and Special Indian Agent Kinnett came up from Eureka with Marshal Prentice. The defendants had a preliminary examination before Commissioner Ford on Monday afternoon and evening, and each was placed under \$500 bonds to appear in the Federal Court in Eureka, Cal., on January 5th, 1909.—Del Norte Record.

A late dispatch from Washington says that Secretary of Agriculture Wilson has tabooed flour bleached with nitrogen peroxide as an adulterated product that cannot be legally sold in the District of Columbia or in the Territories. Owing to the immense quantity of bleached flour on hand there will be no prosecution for six months.

### Beware of Frequent Colds

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever fully recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended. Mrs. M. White of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Someone told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. Now my throat and lungs are sound and well." For sale by R. S. Knowlton.

### FOR SALE.

A good dairy ranch, five miles below Bandon. A fine chance for anyone wishing to go into the dairy business. 30 or 40 acres of good beaver dam land; 160 acres in all. A fine stream of water running through the place, plenty of fish, being near Boak lake, plenty of fruit and berries, also near the ocean and Sunset City addition to Bandon, good roads school handy. commands fine view of the Ocean, well broken from winds, shell fishing handy. Old age cause of wishing to sell. For particulars see Ed Taylor on the place.

### Muscular Pains Cured

"During the summer of 1903 I was troubled with muscular pains in the instep of my foot," says Mr. S. Pedlar, of Toronto, Ont. "At times it was so painful I could hardly walk. Chamberlain's Pain Balm was recommended to me, so I tried it and was completely cured by one small bottle. I have since recommended it to several of my friends, all of whom speak highly of it." For sale by R. S. Knowlton.
