Agent Harry W. Skinner of the steamer Alliance has issued a circular letter in which he accuses the railroad people of discriminating against that vessel and in favor of the Breakwater in the matter of delivering freight for merchants in Coquille Valley. It is claimed that the railroad will no longer advance charges on freight brought from Portland per Alliance as a stroke of retaliation for the Alliance transferring its Bandon consignments to the gasoliner Wilhelmina. General Manager Millis of the local railway denies the charge of discrimination.

T. R. Billings, who was down from Eden Valley the first of the week, reports that a couple of miners got lost in the hills recently in endeavoring to reach the Rogue River Valley from Johnson Creek. The snow was deep on the mountains, and after losing their way the men became very much worn out. They separated and one of them finally arrived at the Billings home after wandering about all night, during which he had several mishaps, at one time falling in the river and losing his hat. From the Billings home a search was made for the other man, who was finally found but in such a weakened condition that he had to be carried in.—Myrtle Point Enterprise.

I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased, and my urine became normal. I cheerfully recommend Foley's Kidney Remedy. Sold by Slocum Drug Co.

SUMMARY OF RECENT VOTE

How the Ballot Dealt With Presidential Candidates.

The total popular vote of the Presidential candidates at the last national election was made known in an official form by the filing of the last official vote, that of Michigan. The total shows the following votes cast:

Taft, Republican, 7,637,676,
Bryan, Democrat, 6,393,182,
Debs, Socialist, 448,453,
Chasfin, Prohibitionist, 241,252,
Higgen, Independence, 83,186,
Watson, People's, 33,871,
Gilhaus, Socialist Labor, 15,421.
Total for all candidates, 14,852,239.

This grand total exceeds by 1,341,531 the total number of votes cast in the Presidential election of 1904, when the grand total was 13,510,708.

Compared with the 1904 election, the candidates of the Republican and Democratic and Socialist parties increased their vote this year. The reverse is true of the candidates of the Prohibition, Populist and Socialist-Labor parties. The Independence party did not figure in the Presidential election four years ago.

The biggest difference in a party vote is shown in an increase for Bryan of 1,315,211 over the total vote cast in 1904 for Alton B. Parker, the Democratic candidate. Taft received 14,190 votes more than were polled for President Roosevelt in 1904, and Debs ran 49,368 ahead of his predecessor on the Socialist ticket.

The heaviest loss is shown by the Populist party, which, with the same candidates, registered 83,312 votes less this year than in 1904, when their total was 117,183. The Prohibition candidate, Chasfin, ran 17,284 votes behind the 1904 mark of his party, and Gilhaus, the Socialist-Labor candidate, received only about 50 per cent of the vote given to Corrigan, which was 31,249 in the previous Presidential race.

Mr. Phelps, a blacksand miner, has leased the old Sullivan beach near Cape Blanco, and expects to have his engine and plant in operation in ten days. The beach is rich in platinum than he ever saw.
