State of Oregon: } ss	17 45
County of Coos: } I. James Watson, County Clerk, ex-officio Clerk of the County Court of the State of Oregon, in and for the County of Coos, do hereby certify the foregoing synopsis of the	

proceedings of the County Court of Coos County, Oregon, is a true and Correct synopsis of the bills of expense upon the various funds of the County as the same was audited and allowed at the January 1909 Term of said Court, as the same appears of record in the Journal of said Court now in my office and custody.

Witness my hand and the seal of said Court hereunto affixed this 18th day of January, 1909.

James Watson,
County Clerk.

Ask Better Mail Service.

Washington, Jan. 21.—Representative Hawley has entered complaint with the postoffice department about the slow service along the route between Roseburg and Marshfield. Residents of Marshfield and intermediate territory assert that the carrier along this route is not delivering mail according to schedule, and has become altogether careless. The department has promised to make an investigation and take steps to compel the carrier to observe his schedule.

A Religious Author's Statement.

For several years I was afflicted with kidney trouble, and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased, and my urine became normal. I cheerfully recommend Foley's Kidney Remedy. Sold by Slocum Drug Co.

Oregon's Share of Forestry Receipts.

Washington, Jan., 19.—The Secretary of the Treasury today sent warrants aggregating \$444,000 to western states for their share of the 1908 forestry receipts. Oregon's warrant is \$92,318; Washington's \$13,170.

Big assortment of ladies' skirts from \$1 to \$15 at J. W. Leneve's.

A General Port Law.

A letter from one of the members of the committee appointed by the Governor to prepare a bill for a general port law says that the committee met lately in Portland and agreed upon a bill.

There was present as members of the committee Francis H. Clarke of Marshfield, Peter Loggie of North Bend, I. B. Cushman of Astoria and J. Couch Flanders of Portland, Herman Wise, of Astoria, who was also appointed on the committee, did not appear.

The committee were in session about five hours and the bill agreed upon is, in the main, the bill which was drawn by Mr. Flanders at the request of the Siuslaw people last fall. Only two minor changes were made in the original bill.

One of the changes was in regard to boundaries. The bill permits each district to establish its own boundaries provided it does not include territory that drains into some other navigable river.

The second change is in the way of selecting the port commissioners in each district who will have charge of the business pertaining to the harbor. The new bill provides that the first commission shall be appointed by the governor instead of by the circuit Judge as the bill was first drawn.

The bill will be introduced in the senate by Senator Chase, of Coos County, and in the house at the same time by Hon. L. E. Beau of Lane County. It is thought it will be passed by the legislature, quickly, as there are so many places along the coast that want a law of this kind, and it will not in any way interfere with those places that do not wish to take advantage of its provisions.—News

Many little lives have been saved by Foley's Honey and Tar, for coughs, colds, croup and whooping cough. It is the only safe remedy for infants and children, as it contains no opiates or other narcotic drugs, and children like Foley's Honey and Tar. Careful mothers keep a bottle in the house. Refuse substitutes. Sold by E J Slocum.

Do You Intend to Build?

If So Did you stop to consider that a building made out of cement blocks is almost indestructible and fireproof?

Did you stop to consider that the first cost is almost the last cost?

Did you stop to consider that sand and gravel, washed and cleaned by the ocean, together with proper proportion of Portland cement, makes the finest blocks and bricks in the world.

Yours for business,
