WEDNESDAY, APRIL 28, 1909.

Local advertisements among local readers five cents per line each insertion. Cards of thanks 50 cents each. Obituary poetry five cents per line. Resolutions of Condolence and lodge advertising five cents per line.

People seem to be in danger of forgetting the great principle that the foreigner will pay the tax on gloves and stockings.

There seems to be some doubt as to whether Mr. Taft is flirting with the solid south or the solid south is coquetting with Mr. Taft.

"Flour will rise to \$8 a barrel by June," says a prominent business man of New York. So much for old Dr. Congress tariff yeast.

King Edward never before had so many ups and downs. He is up and about one day and out the next, according to alternate cables.

Here is a typical example of where the consumer gets it: It is estimated that the tariff on lemons will raise them 1/2 cents each in price.

The tariff alliance of the New England Republicans and the Southern Democrats is another exhibition of how business bridges the "bloody chasm."

A flashlight picture of the voters in the committee of the whole on the lumber and hide schedules would make a very interesting supplement to the Congressional Record.

Nearly all of the newspapers nowadays refer to him as "Mr. Taft" or "President Taft," one rarely sees the pert and impertinent "Bill" in reference to the Chief Magistrate. We are coming along very nicely in this country, we think.

For the first time in ten years a circus is about to exhibit in oyster Bay. It is but just to say, however, that it is an insignificant, unpretentious little circus, and is not seeking to enshroud in forgetfulness any of Oyster Bay's ancient glory.

Mrs. Walker Gets Office.

The Coos Bay Times of the 24th, says work has been received that Mrs. Walker has been appointed post mistress to fill the vacancy caused by the death of her husband, Robert Walker.

The recommendation was made on April 15 by President Taft and confirmation by Congress will be made at an early date.

Mrs. Walker's experience in the office during the incumbency of her husband will eminently fit her for the position.

Maxwell Gets World's Record.

Maxwell-Briscoe Motor Co., Tarrytown, New York:

10,000 mile non-stop car finished 4:30 p. m. Monday. Total 10,074 miles. Immediately after run car was tried out on Coray Hill—22 per cent grade—and found in perfect condition. Gasoline consumption, 679 gallons—average per gallon 14 8-10 miles. Oil consumption 429 quarts—only 4 quarts of water added to radiator. Car turned over to Technical Committee in charge of Prof. Park of the New England Technical Institute. World's record for endurance and reliability firmly established.

Renews Lumber Rate Fight.

Washington, D. C., April 24.—Senator Piles has introduced an amendment to the tariff bill restoring the duty on rough lumber to \$2 per 1,000 feet.

Not a Candidate.

In the report of the people's convention, or caucus for the nominating of candidates for City Councilmen, the Sentinel had my name in as one of the candidates. This was an error. I was not a candidate before the convention, and at no time was my name before the convention to be voted upon. Any votes cast for me were unauthorized, any statement in the paper that I was a candidate is unauthorized. I am perfectly willing to attend to my own business and pay my taxes, and let the other gentlemen have the offices. Respectfully submitted, C. R. BARROW.

FOR SALE.—One pair of good work horses, also a pair of varmint hounds. Inquire at this office.

ADDITIONAL LOCAL.

New lot of check skirts at Robinson's.

The steamer Bandon arrived at Bandon yesterday from San Francisco with a full cargo of freight and passengers.

Another shipment of mens spring clothing just in at Robinson's.

Circuit court is in session with Judge J. S. Coke in the chair, and Deputy District Attorney Liljeqvist in charge of the grand jury.

Children's wash dresses at Robinson's.

Miss Lillian Ullmann, a cousin of Mrs. J. C. Moomaw, arrived here Monday from McMinnville, and is enjoying a visit with Mrs. Moomaw and family. She expects to remain some time. They took a trip to Bandon yesterday for a little outing.

Go to the People's Market, Dean & Hensley Prop'rs, for the best bacon, lard, hams, and meat of every description. They treat you square.

J. F. Clark, the representative of the eastern parties who are to take over the Coquille Mill and Mercantile Co., returned from his trip east the latter part of the week and reports that the machinery for the new mill has been ordered and that work will be commenced at once.

New and up-to-date stock of sheet music to arrive on next steamer. At E. C. Barker & Co.

Services at M. E. Church South, next Sunday as usual. At the A. M. Service the Pastor will preach on "Christian Growth." At night our Presiding Elder, Rev. E. B. Jones will be here and preach, and the Sacrament of the Lord's Supper will be administered. Everyone invited to be present.

"The Failure" at the Masonic Hall on Tuesday night of next week. Don't miss it.

We understand that it is the intention of our local railroad to again adopt the twice-a-day service about the first of next month. This is a great convenience to the traveling public which will be highly appreciated. The company is ready to give our people the very best service that the traffic will bear.

"The Clay Baker" at the Masonic Hall tonight by the "Coos County Stock Co."

Julius Larsen, of Marshfield, spent two or three days in this city last week with his son, Hermann Larsen, who is operating their dredge in the Beaver Slough drainage district. This work is proving highly satisfactory. The waters leave these low lands readily when given an opportunity, and this vast body of land will soon be susceptible of cultivation. There is no enterprise to be established in the valley of greater importance than the bringing under cultivation of the rich bottom lands now in willows.

FOR SALE OR TRADE.—One Oldsmobile, of 1904 pattern, double seats, in good repair. Will sell or trade for real estate or horses and buggy. Call on Steven Lapps at Coquille or Marshfield, Oregon.

W. J. Butler, of Marshfield, with William V. Mong and the Coos County Stock Co. are with us again this week, as it is their intention to be each week this season. Last night they gave us "The Devil," which was well patronized and highly appreciated by all. Tonight the company will present "The Clay Baker" a play written by Mr. Mong, and which his company gave here some years ago, and which we would say was one of the most highly appreciated performances ever given in our city. Next week they will give us but one night, upon which occasion they will present "The Failure." This is a bright play and may be heartily enjoyed by all. Each successive evening brings out a better house and Mr. Butler and his people are highly pleased with their success, so far.

Having sold my business with the J. R. Watkins Medical Co. to H. Holverson, he has authority to collect all sums due me on accounts. Thanking all for past favors, I am respectfully yours, HENRY BRENNWALD.

Having concluded to open a branch millinery business in Coquille, I have secured the lower floor of the Leach building near the Wickham House, and have on display a full line of up-to-date exclusive millinery. This branch will be conducted under my personal supervision and a competent milliner, Miss Nellie McIntosh, has been placed in charge.

Mrs. A. G. Aiken.

LOOKING DOWN YUKON AVENUE.

One of the most traveled highways of the Alaska-Yukon-Pacific Exposition will be the street to which has been given the name of Yukon Avenue. Yukon Avenue makes its way across the exposition grounds from west to east, and the ends are represented by Klondike Circle near the entrance, and Nome Circle on which fronts the classic Forestry building. It crosses the roaring Cascades on oriental bridges of handsome design, and from its central part the buildings of Hawaii and Alaska, backed by the enormous federal structure, are directly to the north.

Just to the west of Klondike Circle the Pay Streak winds in a general direction from north to south, and at the eastern end the land gives way precipitously to the shores of Lake Washington. It is on this beautiful shore of the lake the natural amphitheatre is located, and nature has so quaintly formed this delightful spot, that small effort has been required of man to transform it into as perfect an exhibition place as is possible. Its curving, sloping sides complete a semi-circle, and from its tiers of towering seats 30,000 spectators may witness the entertainments with no possibilities of occupying a single undesirable seat.

A wonderful variety of architectural display is shown by the many buildings through which Yukon Avenue passes, and during its course the visitor passes from man-made monuments through parts of magnificent forests whose grandeur has never been marred by the destructive craft of Mammoth's disciples. From every side the line of horizon is defined by mountains whose lines are delineated in perpetual snow, and stretching away as far as the eye can travel rest the waters of Puget Sound.

Mr. F. G. Fritts, Onconta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. Furlman's Pharmacy.
