.....THE STORE OF BIG VALUES AND LITTLE PRICES.....

**To Whom it May Concern**

We, the undersigned, business men of Coquille, Oregon, take great pleasure in recommending Prof. Anderson's Practical Business College, to all persons desiring or intending to take a business course.

Prof. Anderson came here highly recommended by some of the best business men of the country, as a practical Book-keeper and Accountant, also as an able Instructor, and thus far he has certainly filled the full measure of his recommendations. His course in Book-keeping, Rapid Calculation, Shorthand and Penmanship is as good as can be obtained anywhere, and at much less expense than it can be had at any of the business colleges of our cities.

Prof. Anderson certainly deserves the support of the people of Coos County, and while he is having full classes, we hope to see the number doubled in the near future. There is no reason why Coos County should not have a first class Business College, such as Prof. Anderson is conducting. And in addition to a first class Business College, Coquille is centrally located and enjoys an ideal climate. And without any solicitation from Prof. Anderson, we heartily recommend his Business College to all.
