Boxing Contest.

The contest which was pulled off in this city last Saturday night under the auspices of the Coquille Gymnasium was a good one from start to finish and most cleverly handled.

The preliminary bout was between Bird Nosler and Arthur Fish, both boys of this city and members of this association. This was particularly good. Both boys responded promptly to the sound of the gong. At the end of the first round odds were about even. In the second round Nosler seemed to be somewhat the stronger, although when time was called they both retired to their corners none the worse. In the third Fish began to show signs of weakness, and at the end retired to his corner in this manner. In the fourth both did some very clever work, but when the gong sounded, the contest was awarded to Nosler.

The second contest was also between members of this Association and both home boys, the contestants being James Woodruff and "Buck," Stewart.

The boys entered the ring in the best of spirits, and each wearing an assured smile. After the usual hand shake and at the first sound of the gong they were on their feet.

The first round was hotly contested and showed that both boys responded promptly still wearing "the same old smile". Woodruff was the aggressor in this, rushing his opponent repeatedly, causing several clinches, which kept the referee busy. At the end "Buck" retired somewhat the weaker, but in the best of spirits.

In the third, Woodruff was still the aggressor, landing some heavy ones and doing considerable rush work which seemed to be greatly in his favor, which showed plainly that the round was his. At the end the referee decided the contest in his favor.

Take it all in all, it was a good contest from start to finish and was much appreciated by the lovers of this kind of sport.

Tim Seely acted as referee, and C. E. Baxter timekeeper, to the entire satisfaction of both the contestants and audience.

The attendance was large there being upwards of three hundred people present.

It is rumored that there will be another contest of this kind held under the auspices of this Association in the near future.

To Teachers of Oregon.

The Executive Committee of the National Educational Association announces the selection of Denver, Colorado, as the place of meeting for the forty-seventh annual convention, July 5 to 9, 1909. The railway lines have made reduced round trip fares which will be in effect from all points on the O. R. & N. and S. P. lines in Oregon, on July 1. These tickets will carry a going limit of ten days from date of sale, with final return limit of October 31, and include stopover privileges in both directions within those limits. The fare to Denver from all points on the O. R. & N. going and returning direct lines, not through California, will be \$55; and going direct, returning through California to Portland, only \$70.

There is to be a big meeting in this city on Wednesday, the 19th inst., on the all-important subject of good roads. This meeting should be well attended, as there is no subject of greater importance to Coos county than that of roads. If there were a good road from Myrtle Point to Roseburg, which could be travelled at all times of the year by good nice rigs and automobiles, we would be a great deal less concerned about railroads, and could abide the time that we get one in with very much more comfort.

A Business Move.

A mass meeting for the purpose of taking steps for the construction of the Coos Bay-Boise R. R. was held at the chamber of commerce Friday evening, and a sum of money was subscribed for preliminary work, which will be increased to \$25,000 by the sale of interest bearing certificates. The object, as outlined by H. C. Diers, is to get the project down to a basis where Coos bay would have something definite to offer capitalists to induce them to build the line, or arrange matters so that the people themselves can go ahead with it. It is proposed to have a survey made over a feasible route, secure right-of-way and terminals and furnish data regarding the resources of the country and the business that awaits the coming of a railroad. This looks like a business move, and one that can be carried to a successful termination. Coos Bay railroads heretofore have been all on paper, heated atmosphere and Harriman bluffs; but when the residents of this section, backed by the citizens of Boise and encouraged by the people of Southern Oregon, get together on a proposition of this kind and enter into it with a determination to win out, capitalists who are seeking a profitable investment will sit up and take notice.—The Coos Bay News.

You Get More Real Automobile

In a Model T Ford for \$850.00 than in most cars selling for \$3,000.00. You get the easiest riding car sold today. You get better steel than is used in any machine. You get a car the working parts are easy to get to. You get a car that will be more economical to run than it would be to keep a horse. In fact, in the Model T Ford you get everything to be had.

Model T Ford Cars Are Built To Last.
No car made will stand the rough treatment you can give this car. If for no other reason than to verify or disprove these statements, you owe it to your pocketbook to investigate this wonderful Ford car. If only to ride, in a silent, easy-riding, comfortable, powerful car, it will pay you for the time spent. We do not want your order unless we prove these things to your own satisfaction.
