That Prof. F. B. Anderson has great inducements to go elsewhere to conduct his Practical Business School, it behooves the people of this section to come forth with it not probable that a school its equal will be at our door and conducted under such favorable terms soon.

What our business men and young men and women who have attended say about the school is all the recommendation required to convince anyone of its merits.

The United States Dredging Company, of San Francisco, the successful bidder for the contract for the opening of the system of ditches for the Fat Elk Drainage District, by their manager, Mr. Beetle, is making rapid progress at the Price shipyard with their scows to be used in the work the mess house is nearly completed. It is expected that by the 20th of next month that the dirt will be flying in good shape. The opening of those ditches into the Fat Elk and Beaver Slough marshes mark the beginning of an era of prosperity never before known to the farming interests of this section.

The Advantage

of a business education cannot be questioned. You can obtain this knowledge for a trifling sum, if you take up the studies at once.

The time to enroll in our school work is limited. If you expect to attend a commercial school, the opportunity is now presented to you, to take up any of the studies without the incidental expense of leaving home to do so.

The enrollment of pupils will close July 15, 1909.
