Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best result. For sale by R S Knowlton

lowed to become delinquent.
The Woodmen of the World was the first Order to render assistance to the sufferers at Galveston, Hepner, and San Francisco.
The W. O. W. is a reserve fund Order, not investment—not banking—not speculation—just pure, simple, plain, economical, safe and sound protection to those who must need it. No graft, frenzied finance, or contributions to political parties, but honest, capable, careful management, assuring permanency with rapid and continued growth.

FRATERNITY.
The W. O. W., through its channels of organized benevolence, is building homes for the poor and unfortunate—is paying off mortgages—feeding, clothing and educating tens of thousands of children—helping the widow and making lighter the burdens of old age.
Man, through the instincts implanted in his breast, fraternalizes naturally. It is a law of nature that like attracts like—fraternal men are attracted to a truly fraternal order, hence the fraternal and

social strength of the Woodmen of the World.

BUSINESS.
The first duty of a fraternal benefit society is to insure its own life. It is then in position to insure or protect the lives of individuals. This can only be done by adopting sound business methods and charging a rate adequate, or in proportion to promised benefits. A Reserve Fund for the inevitable rainy day is an absolute necessity. Orders without it cannot survive beyond a reasonable period of years.

If you think you can get something for nothing, and keep it up, you are sure to be fooled.
If you do not pay for it, the other fellow must.

You cannot pay a dollar debt with "six bits", neither can a man do an automobile job with a wheelbarrow.
Life insurance is a mathematical problem—the science of dollars and cents applied to life expectancy.
