## Grange Organized.

With District Deputy L. Strong and wife, of Myrtle Point, and Mr. and Mrs. P. S. Robinson and Miss Minnie McCleskey, of Norway, as welcome visitors and helpers, State Deputy Cyrus H. Walker, of Albany, Oregon, organized Coquille Grange with 30 charter members last Saturday. The charter was left open until Thursday, September 2nd for additional members. Only persons who have paid the fee of \$1 for men and 50 cts. for women, and 60 cts. additional in each case as advance dues at 10 cts. per month, can be enrolled as charter members. The meeting will be held at the court house at 10 a. m.

The following officers were elected and installed:

Master, Geo. Peoples; Overseer, Geo. Belloni; Lecturer, J. J. Stanley; Steward, Jas. Hammack; Assistant Steward, Dee Haskin; Chaplain, W. M. Hammack; Secretary, Mina Stephens; Treasurer, H. L. Stephens; Gate Keeper, Jas. T. Jenkins; Ceres, Josephine B. Peoples; Pomona, Maggie Hammack; Flora, Sarah Watson; Lady Assistant Steward, Zeniba Rogicon.

Mr. Walker expects to organize more new Granges and re-organize others during his visit to Coos county.

He means to rush the work, as other counties of the state are to be visited in the near future.

He is under the direction of State Grange Master Austin T. Buxton, of Forest Grove, Oregon.

The National Grange had a long and hard fight to secure a law taxing colored oleomargarine 10c per pound.

A movement is now under way to have Congress reduce this tax to one cent per pound. The Grange will be the principal organized body to fight this measure. Dairy men as well as farmers should join the Grange and thus help protect their interests.

## Flood in Mexico.

Mexico City, Aug. 30.—Conservative estimates of the damage at Monterey by Saturday's flood, places the death list at 1,400 and the property loss at \$12,000,000. The river has receded and danger is over. Up to the present time, 650 bodies have been recovered. Fifteen thousand are homeless and the water mains are useless. The city is without drinking water, nor is there any light or street car service, the power plants being seriously damaged. The railroad situation is deplorable, the bridges in every direction being washed out. The railroad loss will probably exceed \$7,000,000.

## The New York Milliners

Wish to announce that their Annual Fall opening of Millinery will take place on

Friday and Saturday, Sept. 3 and 4

The Ladies of Coquille and vicinity are cordially invited to be present. One of the firm has recently returned from San Francisco, where she has spent some time in studying the latest parisian effects, and has returned with a large stock of up-to-date Millinery, and at prices that are very reasonable.

## Oregon Apples Sent First.

Spokane, Wash., Aug. 26.—The National Apple Show Bulletin, issued in connection with the second competitive exhibition, open to the world, in Spokane, November 15th to 20th, when \$25,000 in cash prizes and premiums will be awarded in 20 classes, will say in its September number that, Oregon sent the first consignment of commercial apples to China. The full text of the article, prepared by Ren H. Bice, secretary-manager of the show, follows:

"It is not generally known that the first commercial shipment of apples to China was made from Grant's Pass, Ore. Hon. Henry B. Miller was appointed consul general to China and stationed at Nanchang, during the early part of the Boxer rebellion. Owing to the disturbed condition of the country he did not proceed immediately to his post of duty but spent a number of months upon special assignments and a large part of the time in the southern provinces. At the close of the Boxer war he proceeded to Nanchang and took up his duties."

"Consul Miller and his brother, Frank J. Miller, were both interested in an apple orchard at Grant's Pass, and as a result of Henry Miller's travels it occurred to them that there ought to be a market in China for apples if they could be properly packed and shipped."

"A test shipment was made and particular attention was paid to the manner in which the different varieties stood the test of travel and climate. One hundred boxes of all the standard varieties, with the day of picking, packing and shipping noted, were shipped direct to Shanghai."

"In packing, the precaution was taken to leave the apples under the trees until the following day. They were then taken in upon a large straw floor and graded by hand. Every box was shipped within two weeks of picking and no apples picked later than the last of September."

"Contrary to the prevailing opinion among growers, the Ben Davis stood the test of shipment and climatic conditions better than any other variety and it was proved conclusively that it should be picked before maturity to obtain best results."

"The Miller brothers continued to supply apples to the China trade for from seven to eight years after the first consignment, with profit and satisfaction."

"The Chinese like a large, highly colored and cheap apple, and the Ben Davis met these requirements better than any other. In the large cities and in the seaports where there is a considerable European population, there is a demand for fancy and high grade apples as well."

## ADDITIONAL LOCAL.

Mr. and Mrs. J. B. Fox, of this city, returned Sunday evening from a trip to Ellenburg, Washington, where they had been to see their daughter, Mrs. W. T. Lewis, and family. They also saw the exposition at Seattle. Mr. Fox tells us that Mr. Lewis has discovered what appears to be rich gold diggings on his place there.

Knowlton's Fruit Jars, pints 90 cents; quarts \$1.10; one half gallons, \$1.25, at Laird's.

R. J. Dean returned the last of the week from Enchanted prairie with Mr. and Mrs. Jay Mulkey and Mrs. John Peart and children, who had been camping a week at that place. Mr. Mulkey, who has been at Camas, Washington, the past two or three years, will remain here for a while, at least, but thinks of going to California in the near future.

Go to the People's Market, Erdman & Hensley Prop'rs, for the best bacon, lard, hams, and most of every description. They treat you square.

Mrs. E. D. Sperry returned Friday from an extended visit with her parents, Mr. and Mrs. E. J. Howard, of Three Rivers, Michigan, and sister, Miss Howard, of Knoxville, Ill., and other relatives and friends in the east. She returned by way of Portland, at which point she was met by the Judge who accompanied her home. Their daughter, Miss Sperry and Miss Dean joined them in Marshfield.

We are in receipt of a card from Mr. and Mrs. G. A. Robinson, of this city, who have been absent for two or three weeks visiting the valley and Seattle, going out by automobile. The card written at Victoria, British Columbia, at which place they were taking in the sights, bears the information that they are enjoying their outing very much. They did not state when they would return.

FOR SALE—First class restaurant with fine business on reasonable terms, also new piano. Write or call at this office.

A small barn belonging to James Brown at Myrtle Point, burned one day last week. It was the place where four fine horses were kept, but fortunately none of the animals were caught by the flames. We also learn that one of the shops at the Beaver Hill mines was burned the same day. These should be reminders that the dry season is on and too much care cannot be taken to prevent the starting of fires.

## Monoplane Smashes Record.

Rheims, Aug. 26.—Flying in his monoplane this afternoon Latham broke the distance record established yesterday by Paulham in his Voisin biplane in the aviation contests now in progress at Betheny Plain. Latham was in the air 2 hours and 13 minutes and covered 97 miles. Paulham yesterday made a sustained flight of 2 hours, 53 minutes and 24 seconds and covered 83 miles.

Latham's record breaking flight began a few minutes after he had ended his flight of nearly 44 miles, which he covered in 1 hour, 1 minute and 51 1/2 seconds. Just at the time it appeared that his flight also exceeded Paulham's time aloft, his petrol was exhausted and he was compelled to alight.

Henri Fourmier, who was thought to have been fatally injured in his spectacular fall from a great height yesterday when a breaking wire caused his machine to "buckle" and crash to the ground, disproved the report regarding his condition today by appearing on foot on the field.

After walking around for a short time he made a short flight in his reserve machine.

Latham's flight is the talk of the thousands congregated here, and he is the hero of the hour. Whenever he appears the crowds cheer wildly and applause even greets the mention of his name.

Latham now holds the record for the fastest long flight. He was compelled to alight because of the lack of gasoline to drive the motors. Immediately after refilling the tank he made a second ascent.

The conditions for the flight were adverse. A high wind was blowing. During part of his flight Latham raced the Paris express. He easily distanced the train, although the engineer opened the throttle and did his best to beat the aviator in the monoplane.

## Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. Frank C. Hanaran, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." ## District Fair at Eugene.

Free camping can be had by those so desiring while attending the District Fair at Eugene, which takes place from Tuesday, Sept. 7th, to Saturday, the 12th, inclusive. The grounds adjoining the fair grounds have been set aside for campers; city water being supplied.

The week will be one of carnival entertainments as well, such as balloon ascensions, etc. On Thursday the merchants will close their stores at noon, this being merchants' day. The city will be decorated and illuminated for the weeks affair.

Special rates of one and a third fares have been granted by the S. P. Co. from Salem on the north to Ashland south, good during the entire Fair time.

The exhibits of the schools of the county will be of especial interest, several schools coming with their home bands. There will be a school parade at 10:30 a. m., Wednesday, Sept. 8th, and all school children in the parade will be admitted to the Fair grounds free. The total in prizes exceeds \$5,000.

## Best Treatment For a Burn.

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by R. S. Knowlton.
