All Coos County warrants drawn on the general fund and endorsed prior to January 1st, 1908 will be paid on presentation at my office in Coquille City. No interest will be allowed on any of these warrants after August 21st, 1909.  
Dated this 11th day of Aug. 1909.  
T. M. Dimmick  
County Treasurer.

**Reaches North Pole.**  
Copenhagen, Sept. 1.—Dr. Cook, the American explorer, reached the north pole April 21, 1908, according to a telegram received at the colonial office here.  
The message was received from Lervik, Shteland Islands.  
Dr. Cook is on board the Danish government steamer, Hans Egede, which passed Lerwick at noon today, en route to Denmark. The telegram announcing Dr. Cook's achievement was sent by a Greenland official on board the steamer and reads: "We have on board the American traveler, Dr. Cook, who reached the north pole April 21, 1908. Dr. Cook arrived at Upernivik (the northernmost Danish settlement in Greenland on an island off the west coast) in May, 1909, from Cape York in the northwest part of Greenland, on Baffin Bay). The Esquimaux of Cape York confirm Dr. Cook's story of his journey."

**Lincoln Relics.**  
One of the three cedar trees planted on the old Lincoln farm at Lincoln City by Abraham Lincoln when he was a small boy, has been turned over to A. P. Penn, the well known furniture manufacturer of Tell City, Ind., who will have it made into souvenirs and sent to his friends in various parts of the country. Some time ago the old tree was blown over during a storm and fell into the yard of A. J. Rhodes, where it lay for some time and promised to go to decay, when Mr. Penn asked for it and it was given him. He had the tree shipped to one of his furniture factories at Tell City. Among the notables who will receive souvenirs from Mr. Penn are President Taft, ex President Roosevelt, Robert T. Lincoln, only surviving son of the great war president, Henry Watterson, editor of the Louisville Courier-Journal, Congressman W. E. Cox of Jasper, Ind., and Gov. Thomas R. Marshall, of Indianapolis.

**A Good Position**  
can be had by ambitious young men and ladies in the field of "wireless" or railway telegraphy. Since the eight hour law became effective, and since the wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance for advancement. The National Telegraphic Institute of Portland, Ore., operates six official institutes in America, under supervision of R. R. and wireless officials and places all graduates into positions. It will pay you to write them for full details.

**Six Hundred are Drowned.**  
Batavia, Java, Sept. 2.—Six hundred natives drowned, crops destroyed and thousands homeless and fleeing to escape the devastating waters is part of the record of the terrible flood following a cloud burst which annihilated the town of Bezoeki, in southeast Java, and flooded the country for miles.

Communication is cut off and the waters show no sign of receding. Relief work is both difficult and hazardous.

**Noted Books are Burning.**  
Toronto, Canada, Sept. 1.—The Parliament buildings are on fire. The roof of the west wing has fallen in and the library is now in flames. The entire contents, upwards of one hundred thousand books will be destroyed.

Late this afternoon, the fire was under control and confined to the west wing. The damage is estimated at \$200,000.

**Sent to Asylum.**  
A. H. Ames, of North Bend, has been committed to the state hospital for the insane at Salem, where his wife was sent a few months ago. Attendants from the hospital are expected here in a day or two to take him there. Marshal Caffrey has pensioned the Coos county court to send the four children to relatives at Red Bluff, Cal.—Times.

**For Rent Cheap.**  
100 acre ranch on Myrtle Creek, 18 miles from Myrtle Point, 7 miles from Bridge. 20 acres cultivated and fine orchard, good 5 room house and fairly good barns. 2 years lease wanted. Address, Mrs. A. C. Kurtz, Bancroft, Oregon.

**Acme Robbery.**  
Eugene, Or., Aug. 31.—A telephone message from Acme, 70 miles west of Eugene, on the lower Siu-slaw river, states that two safes in the general store of C. C. & I. B. Cushman were blown open some time last night with dynamite. The building was partially wrecked. One of the safes contained the post-office funds, I. B. Cushman being postmaster. The sum, it is said, amounted to \$1000 or over. Considerable cash and valuable papers belonging to Cushman Brothers were also taken, the exact amount not being known, but it is thought to be several hundred dollars. No one heard the explosions, as the store is some distance from any residence. The robbers piled wet blankets around the safes to deaden the sound. The safes were badly wrecked and one entire end of the frame store building was blown out by the force of the explosion. There is no clue to the robbers, although two strange men who were seen about Acme and Florence during the week are suspected. Sheriff Brown left Eugene this forenoon in a buggy for the scene of the robbery. He attempted to get an auto, but owners of machines refuse to go over that road since the accident to B. A. Washburne's car near Mapleton Sunday, resulting in its destruction by fire.

**Change in Mail Route.**  
Bids are asked for a proposed change in mail route, which if accepted by the department means the abandonment of the Roseburg service and putting on a 23 hour service between here and Drain. The bidder is asked to furnish a \$13,000 bond with his bid which will be opened the 26th.

The only advantage we can see over the present route is that during the winter months the Drain route is preferable, as at no time of the year are the roads impassable, while between here and Roseburg the roads frequently become impassable, even for pack horses, the mails being delayed from one to three days. Under the present management the Roseburg route gives us splendid service, and since miles of planking have been laid a much better service might be expected this winter.

Postmaster Russell believes it the department's intention to send mail of the second and third class in here by steamer, and route only first class matter over the stage. This, however, is not specified in the bids asked.

We understand that no little dissatisfaction has been caused by the proposed change and that an effort will be made to have the department reconsider the matter.—Harbor.

**Labor, Consumption Remedy.**  
New York, Aug. 31.—Following an inspection of sanitariums in Switzerland and England, H. M. Biggs, chief medical adviser to the Department of Health, has planned a vigorous and perhaps sensational course of treatment for the city's consumptive patients. Heretofore the course of treatment has been limited to plenty of fresh air and lots of nourishing food. But now the patients will have to go to work, and the harder the work the more certain, it is said, will be their cure.

A hospital at Otisville is in need of an addition, and the men patients will be at work as hodcarriers and brickmasons, being compelled to labor as long and hard as possible. Women patients must also do manual labor of the hardest kind, plowing if able, and all other kinds of agricultural work. They will also be asked to do the carpentering work on the new structure at Otisville. Hereafter all patients must sleep out of doors, even if the temperature is 10 degrees below zero.

**For Sale**  
A good young work mare, weight 1350, and two fine Bonaparte colts.  
G. O. Lowe, Norway.

Registered Berkshire pigs for sale—both sex. J. C. Watson, Coquille.

**The Marshfield Sun.**  
Dr. Horsfall returned home overland last week from San Francisco. Mrs. H. G. Ploeger, of Myrtle Point, underwent an operation this week at the Home Hospital for appendicitis. The operation was performed by Dr. Horsfall.

August Eickworth after a fortnight's visit with relatives in this city, will leave on the next Plant enroute for New York City. He goes via Southern Pacific to New Orleans, and thence by steamer to New York.

The marriage of Fred Selander, manager of the Finnish Co-operative store in this city, and Miss Zoe Wilson, of Sumner, was solemnized last Saturday, Rev. B. F. Bengtson officiating. The newly married couple have a host of admiring friends who join with the Sun in extending congratulations. They will make their future home in Marshfield.

Cal Wright, our vigilant game warden, has returned from scouring the hills in quest of violators of the game law. Mr. Wright gives the opinion that sportsmen in this section are duly observing the law and that he heard of but few infractions reported by parties. He could not secure sufficient evidence in these cases, but hopes to land them later if they persist in offending.

Alex Simpson, the Haynes Slough farmer, and who is responsible for the move now on foot for a ferry from North Bend to Glasgow to connect with a road to Ten-mile, was in town this week talking up the project with our business men. Mr. Simpson argues that the carrying out of these plans will allow the inhabitants of five sloughs emptying into the northern half of Coos bay an opportunity to enjoy the road and free ferry. The territory thereby benefited would be no small portion of our county and the numbers to travel this route when established would be considerable. Mr. Simpson's plan was heartily endorsed by all with whom he conversed on the subject while in this city.

**Bishop Scadding on Tour.**  
Rev. Chas. Scadding, Episcopal bishop of Oregon, arrived here on the Breakwater this morning for his annual visitation of the churches of that denomination in southwestern Oregon. While here he will be the guest of J. W. Bennett and Rev. Wm. Horsfall.

Saturday evening Bishop Scadding will preside at the Communicants' class at the Marshfield Episcopal church. He will also preach here Sunday morning and Sunday afternoon will address the Episcopals at North Bend, where a better organization of the members may be effected.

The following are his appointments for the balance of his stay in this section:  
September 12.—Bandon, preach morning and evening.  
September 15.—Bandon, lecture, "The Bible and How to Study It."  
September 19.—Coquille, morning and evening service.  
September 21.—St. Matthew's Day, Gardiner, evening service.  
September 22.—Scottsburg.  
September 23.—Drain.

Bishop Scadding is accompanied by his wife, who has fully recovered from the operation she underwent recently for appendicitis.—Coos Bay Times.

**Good for Biliousness.**  
"I took two of Chamberlain's Stomach and Liver Tablets last night, and I feel fifty per cent better than I have for weeks, says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for biliousness." For sale by R. S. Knowlton. Samples free.

**FOR SALE**  
A good young work mare, weight 1350, and two fine Bonaparte colts.  
G. O. Lowe, Norway.

Registered Berkshire pigs for sale—both sex. J. C. Watson, Coquille.

**Lesson Taught by Circus.**  
Portland Journal: A few figures that tend to show what a railroad would do in the Coos Bay country are given by Walter Lyon, of Marshfield, who is a Portland visitor. Incidentally it shows that Coos Bay people have money to spend, for 250 teams went over the stage roads to Roseburg to attend the Ringling circus.

"Counting four persons to the team," said Mr. Lyon, "this means 1000 people, and this is not an over-estimate, I think. The lowest stage fare from Marshfield to Roseburg is \$6, so the cost, had everyone gone by stage, would have been \$12,000 for the round trip. That shows what went out of Coos county to the circus, saying nothing of what was spent at Roseburg and the circus itself.

"Government figures of steamers passing over the bar for the last year shows 13,908 passengers. Up and down Coos river there were 37,683 passengers on boats, a total of more than 5,000. Taking into account the increased traffic that would result if communication were made east by railroad, and saying nothing about the increase of population and development of new sections, some idea can be gained of what a railroad would do for itself, as well as for Coos Bay."

**Notice of Survey.**  
Notice is hereby given that the following townships and parts of townships have been surveyed to wit: T. 25 N., R. 9 W.; T. 32 S., R. 2 W.; T. 24 S., R. 9 W.; Secs. 7 to 10, 15 to 22, 27 to 33 all inclusive, and N $\frac{1}{2}$  and SW $\frac{1}{4}$  of section 34, T. 23 S., R. 10 W.; Secs. 2 to 11, 15 to 22, 27 to 34, all inclusive, and that plans of survey will be filed in this office on Saturday 9, 1909, at 9 o'clock a. m. and on and after such day we will be prepared to receive applications for the entry of the unreserved and unappropriated lands therein.

All persons are warned, however, that for the lands embraced within the National Forest applications cannot be received, except from bona fide settlers who made settlement prior to the withdrawal of the land for reserve purposes.

J. M. LAWRENCE, Receiver.

The Pacific Monthly of Portland, Oregon, is a beautifully illustrated monthly magazine. If you are interested in dairying, fruit raising, poultry raising, or want to know about irrigated lands, timber lands, or free government lands open to homestead entry, The Pacific Monthly will give you full information. The price is \$1.50 a year.

If you will send twenty-five cents in stamps, three late issues will be sent you so that you may become acquainted with it. Read the following splendid offers:
