WEDNESDAY, OCTOBER 6, 1909

Local advertisements among local reading five cents per line each insertion. Cards of thanks 50 cents each. Ordinary poetry five cents per line. Resolutions of Condolence and lodge advertising five cents per line.

## Library Entertainment.

It was found necessary to postpone the entertainment advertised for Friday night, on account of the inclement weather, but the affair came off the following evening with a large crowd in attendance.

Hay wagons filled with jolly crowds of both young and middle aged, left the Reading Room every few minutes, several of our kind citizens having furnished conveyances so that no delays might occur in reaching the Howey grounds. Upon arriving there a "warm" welcome awaited all in the form of pleasant greetings from the host and his estimable lady, and to say nothing of the numerous bonfires all about the grounds which served the purpose of furnishing light also, the moon being somewhat tardy of appearance.

The guests all partook of the dainty refreshments served by the ladies of the Library Association, leaving for their homes at various hours as best suited their convenience. Many of the young people engaged in games, "Run Sheep Run" and the like, and lingered until a late hour. All present seemed well pleased with the entertainment furnished them, and we understand that a good sum was realized for library purposes.

The Association surely has the reputation of furnishing many novel and enjoyable entertainments and we hope to have more of them during the coming season.

## Another Brick for Coquille.

Dr. Jas. Richmond and E. C. Barker have purchased a lot directly west of Nosler's Hall and will erect a brick building thereon as soon as practicable. They have had one bid for the construction of the building, but it being late in the season, it might be that the work could not be done to advantage until next year. However, the move is a good one, as all brick and fireproof buildings will be welcomed by all, and this will be a good location for the Dr.'s office and Mr. Barker's jewelry establishment.

## Chink Wants \$5000.

Globe says: "J. D. Steere, a nephew by marriage of the late Delos Woodruff, has effected a settlement with Geo. Dunn, (Woodruff) to whom the place was bequeathed by Mrs. Woodruff, and has placed Willis Miller in charge of the estate, who was appointed executor of the estate. The Chinaman still contends that he is entitled to the place by a previous will, but offers to release his claim for \$5,000 in spot cash. It looks now, as nothing short of expensive litigation will determine who is really entitled to the estate."

Thoroughbred Brown and White Leghorns and White Plymouth Cockerels for sale, \$1.00 each. J. C. Watson, Coquille, Oregon.

## Lumbermen to Come Tonight.

C. A. Smith and A. H. Powers are expected in about 6 o'clock this evening from Minneapolis. Arno Merceen, general superintendent of the C. A. Smith mill, left this afternoon for Sumner in a special boat to meet them.

Mr. Powers has been east on business and Mr. Smith is returning with him to witness the preparations for opening the old Bay City mill. He will probably remain here a month or more.

## BUY REFUSE BURNER.

General Superintendent A. Merceen of the C. A. Smith Lumber Company, today closed a contract for a large refuse burner to be installed at the mill here to solve the question of disposing of the saw dust and worthless slabs. The refuse burner is to be built by the Muskegon Boiler Company of Muskegon, Mich., and will be forty feet in diameter and 136 feet high. It will be constructed of steel and iron and instead of brick will have a water jacket, requiring 85,000 gallons of water.

The low ground around the mill has been filled to grade, or rather nearly all of it, and the company was facing the problem of what to do when the fill was complete. The refuse burner is to be completed by February 1 and will be placed on a stone or brick foundation. J. F. Callan represented the builders here.

The only benefit that will be derived from burning the vast amount of material will be to get it out of the way and the slight advantage of furnishing hot water instead of cold for the mill boilers.

## GATHER CONES

The forestry department of the C. A. Smith Lumber Company is now gathering cones to begin replanting the cut over areas. Already about two hundred sacks of cones have been gathered. These will have to be dried to get the seeds out of them and then the seeds will have to be sorted, a large percentage of them being worthless. The reforestation is under the direction of Messrs. Lafon, Lagerstrom and Conrad.—Coos Bay Times.

## Start Work Soon.

It is announced today that Mr. Kuettnner, one of the promoters of the Coos Bay and Roseburg Electric line, will reach here on the first vessel from Portland, probably. The bond and agreement between the company and the citizens committees of Coos and Douglas counties have been sent to Portland via Roseburg, a member of the Roseburg committee personally taking them up. Until Mr. Kuettnner reaches here, few details can be given out. Unless there is an unexpected change in the plans, the terminus of the road will be on the eastside of the Bay, the route to Coquille being along Catching Inlet and across from its head waters to Coquille. Between the Bay and Sumner, a water level grade can be easily obtained, it is said.—Coos Bay Times.

## Good Ranch for Sale.

A well improved place of 26 acres with a fine home and good buildings, crop, etc., on Fishtap. Apply to S. Edwards, on the place.

# OUR NEW OPERA HOUSE.

Will be Opened October 13th by the McKenzie Merry Makers.

The dance hall of L. R. Nosler, of this city, has undergone a complete change. A roomy stage has been placed in the south end of the hall and the dressing rooms have been removed from the north end. This in no way lessens the floor space for dances and makes the building one of the best theatres in the county.

A heavy canvas will be kept on the floor during theatrical performances to prevent any damage.

A dance was given in the hall Saturday night which was well attended and enjoyed by all participating.

The theatre will be opened on the 13th by the McKenzie Merry Makers, who played to crowded houses here a short time ago. Their first bill will be "In Wyoming." This is a four act comedy drama dealing with western life. One feature of the opening night will be the naming of the new house, which will be done by the company. No name has been given out by Bob McKenzie, but it is thought that the house will be named after his wife.

"In Wyoming" was played in Marshfield Monday night, McKenzie's opening night there, and he showed to over 1000 people. It was pronounced the best that has been there in a long time. The company has been strengthened by two new people. A new leading man has arrived from Seattle, and has made a hit at North Bend and Marshfield. He is one of the best in the business.

## Myrtle Point Enterprise.

Mr. and Mrs. George Rackleff returned last Friday from Silverdale, Washington, and will again take up their home in this vicinity.

Mr. and Mrs. R. W. Lundy returned Tuesday from the Siuslaw country where they have been spending a week. Mr. Lundy has property interests in that section.

Mrs. Barton and Mr. Barton of Lion, Wash., mother and brother of Mrs. M. O. Stemmler, returned with Mrs. M. O. Stemmler from Portland. Mrs. Barton will spend the winter in Myrtle Point.

B. Bartlett left Sunday for Harrisburg, where he sold his ranch and returned to Myrtle Point Thursday morning. He rode a pony to Roseburg and back, traveling more than 50 miles a day.

The work on the railroad bridge over the North Fork, which was commenced some time ago, is rapidly progressing and soon the stream will be spanned by a bridge abundantly strong and safe for the traffic that will pass over it.

Professor Fred Schepman, principal of the Myrtle Point schools, received word last Sunday informing him of the death of his mother, Mrs. Elizabeth Shepman, which occurred at her home at Gibsonburg, Ohio. She was seventy years of age. Mr. Schepman was back to see her just before he came to Myrtle Point.

Indications are said to be very favorable to the company that is prospecting on Johnson creek at Bray mountain. Quite rich gold and silver deposits are being uncovered, and those interested in the venture are much encouraged. August Engstrom, a miner from Montana, is supervising the work of prospecting. W. W. Endicott, H. G. Volkmar and Walter Endicott are interested with him in the venture. Miners who have been working in that district for years have been confident that there is a rich deposit somewhere in that vicinity, and it may be that the new company has made the initial find of what will some day be a very valuable mining property.

## NOTICE

All Coos County warrants drawn on the general fund and endorsed prior to February 1st, 1908, will be paid on presentation at my office in Coquille, Oreg. No interest will be allowed on any of these warrants after September 30th, 1909.

Dated this 22nd day of Sept. 1909. T. M. DIMMICK, County Treasurer.

For sale or trade for Ranch. Eight-room house and five lots, large barn, henhouse and yard, woodhouse, city water. For sale on easy terms. E. H. Kern, Coquille, Oregon.

## Brevities From Sumner.

Mrs. Mary Wilson is enjoying a visit to Marshfield.

Mrs. Jas. Stock of this place is visiting friends on Catching Inlet. Mr. and Mr. J. L. Barker, Jr., of Fairview, are visiting relatives at Sumner.

Our farmers are busy harvesting their potato crop. The yield is said to be excellent.

The dredge having completed its work at Sumner, is now at work on Catching Inlet.

Mrs. E. J. Sherwood, who lately had the misfortune to injure her hand so severely as to require medical aid, is improving.

The traveling show gave a very pleasing entertainment here Monday evening, which was well attended.

Miss Florence Lawhorn, of Marshfield, is paying an extended visit to her grandmother, Mrs. E. M. Lawhorn, of Sumner.

The number of wild cats in the Sumner woods are growing steadily less, Jas. Stock and sons, with the assistance of their dogs, having slain thirty-eight within the past two years.

Capt. and Mrs. L. G. Masters lately returned from a trip to the north, during which they attended the Seattle fair. They report a fine trip, but say they are glad to be at home again.

More Anon. SUMNERITE.

## Cut Rate Druggists Win Fight.

Cincinnati, Ohio, Oct. 2.—The cut rate druggists won a victory by a decision of Judge Hoffheimer in the local common pleas court today. W. D. Freeman, manufacturer of toilet preparations, sued R. W. Miller, one of his agents, for damages. Freeman alleged a contract with Miller in which the latter was bound not to sell any of Freeman's products to any druggist who would sell at less than the retail price specified by the manufacturer. Miller sold a quantity of the product to a cut rate druggist. The judge declared the contract was in restraint of trade, against public policy and a clear violation law.

## More Than Enough is Too Much.

To maintain health, mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by R. S. Knowlton.

## For Sale.

J. M. Bright of Gravel Ford is offering his fine dairy farm of 187 acres, 40 acres good bottom land, with new residence, good barn, and large, bearing orchard for sale, together with all the stock, farming implements, crop etc. This place is located 1 1/2 miles from creamery, and less than 1/2 mile from two good schools.

Anyone wishing such a location will find this a bargain. Write to or call on him at that place.

Wanted—Success Magazine wants an energetic and responsible man or woman in Coquille to collect for renewals and solicit new subscriptions during full or spare time. Experience unnecessary. Any one can start among friends and acquaintances and build up a paying and permanent business without capital. Complete outfit and instructions free. Address, "Von," Success Magazine, Room 103, Success Magazine Building, New York City, N. Y.

O. L. Hopson, Fiscal Agent  
Coos and Curry Counties, Box 323  
Marshfield.

Office in the "Chandler"

# BRIQUETTING COMPANY.

Local Men Form \$20,000 Corporation—In Operation Soon.

The Coos Bay Coal Briquetting Company has been organized here with a capital of \$20,000 to carry out W. A. Theis' plan for briquetting the lignite coal found in this section. The entire stock has been subscribed and at a meeting to be held this evening, the articles of incorporation will be adopted and officers elected.

The company's operations will be under the direction of W. A. Theis, who has been making a study of this coal with a view to briquetting it. He has plans prepared for the machinery required and believes that he will be able to briquette it without using any foreign substance as a binder. In case the latter is needed, it can be furnished for about fifty cents per ton.

The briquetting of Coos Bay coal will be one of the biggest things that has happened for this section in a long time. It will make the product of the local mines sought everywhere as a fuel, the slacking drawback being eliminated by it.

The incorporators of the new company are Hugh McLain, Frank Laise, Jas. Baines, Al Smith, D. J. Rees, W. A. Theis and E. G. Flanagan.

It is expected that the machinery can be secured within a few months and the plant put in operation—Coos Bay Times.

# What's Better Than Cranberry Sauce?

We have received a shipment of nice fresh Cranberries, and are selling them for

15c per lb, 2 lbs for 25c
