Expression of Thanks.

The Ladies' Aid Society desires to take this opportunity of expressing their sincere and hearty thanks to Mr. and Mrs. Geo. Robinson for their gift of \$85.50 to them, on their sale day. Both proprietors and employees vied with each other to make it pleasant for the girls who helped with the sale, and all passed as pleasantly as could be wished.

Mrs. J. C. Richmond, Mrs. Brown, Miss Jesse Sweet and the Rev. Mr. Holliday rendered valued help for which we thank them. Dr. Richmond captured the prize for the largest cash purchase; others were close in the race. Hoping a successful business life to both Mr. and Mrs. Robinson, we are

Yours respectfully,
MRS. JAS. NOSLER,
MRS. R. H. SMITH,
MRS. L. B. TOZIER,
Committee.

Dairyman's Meeting

There will be a dairyman's meeting held in Coquille on Nov. 27th, for the purpose of perfecting an organization, the object of which will be the promotion of the best interests of our dairy people in general. A rousing meeting of a full representation of those interested is desired.

NOTICE

All Coos County warrants drawn on the general fund and endorsed prior to May 1st, 1908, will be paid on presentation at my office in Coquille, Ore. No interest will be allowed on any of these warrants after October 31st, 1909.

Dated this 27th day of Oct., 1909.
T. M. DIMMICK,
County Treasurer.

M. E. Church, South.

The Woman's Home Mission Society will hold their bazaar, commencing Wednesday, November 10th. Watch for detailed announcement later.

Sunday morning the pastor will preach on the subject, "Let Not Your Heart be Troubled."

The third and last act of "The Drama of Life" will be presented Sunday night. The subject is "The Wanderer's Return." Try to hear the last sermon of the series. Large crowds have heard the first two, and a good interest seems manifest.

Special music at each service. Everybody cordially invited.

Masson O'Conner

Dr. J. L. Masson, veterinary surgeon of this city, was united in marriage at Fortuna, Calif., on Sunday, the 24th, the bride being Miss Evelyn O'Conner, daughter of Dr. D. L. O'Conner, of that city, the ceremony being performed by Rev. Mr. Watson of Fortuna. Dr. Masson left for California last Friday and returned to Myrtle Point with his bride Tuesday. They have rented the Chas. Southmayd house and have commenced house-keeping there. Dr. Masson has been in Myrtle Point for several months practicing his profession and has made many friends here who will unite in extending congratulations and welcoming the bride to her new home.—Myrtle Point Enterprise.

To the Public

I wish to correct the impression of some that I am the Dr. Kelly who lived near here several years ago. I came direct from Pennsylvania three years ago, and shortly thereafter located at Bandon. I practiced medicine continuously in the east for twenty-five years.

Dr. J. D. KELLY.

For Rent—Good dairy farm, carries 15 to 20 cows. 15 good cows on place for sale, also 15 head of young stock, farming implements, separator, etc. For particulars see C. I. Green, Lampa.

With the Closing of the Fair.

Seattle, Wn., Oct. 29.—With the closing of the Alaska-Yukon-Pacific Exposition, Washington State University, on whose campus the fair was held, becomes a large beneficiary. The board of regents inherit property valued at \$1,658,088. Of this amount, \$600,900 represents permanent buildings erected by the state and loaned to the fair; \$207,935 represents semi-permanent buildings put up by the state now available for the university and the balance consists of improvements to the campus and structures put up by other interests, which have been bequeathed to the University. This makes the Seattle institution one of the best equipped in the whole country.

The official figures show that 3,740,551 persons passed through the exposition gates during its 138 days. The gross income to date amounts to \$1,519,438.14, which will read a million and a half when all collections have been made. Admission netted \$1,096,475, the remainder coming from concessions, revenues and other rentals. After all debts have been paid, at least a hundred thousand dollars will be left to apportion among the original stock holders. In reviewing the success of the exposition, the Post-Intelligencer says: "As a simple matter of justice, it ought to be said that the newspapers of the state have helped to make it a success; indeed, no other single influence has contributed more to the success of the exposition than the influence of the intelligent and progressive newspaper-makers of the state."

Instantly Killed

Johnnie Smith, a sixteen-year-old boy, was run over and instantly killed on the Smith-Powers logging road on South Iulet this (Monday) forenoon. Meager details of the accident have been received here. The body will be brought in this afternoon and the funeral will be held from the Wilson undertaking parlors at 8 o'clock tomorrow morning.

It seems that Young Smith was riding with his father who had been running the engine on the road but a few days. As they were taking the train of cars down, the train was hitting up a considerable speed, and the boy's father told him he had better jump off. The lad jumped, but it happened they were going through a rather narrow cut and he either hit the bank and rebounded or slipped and fell under the train, six cars passing over the body and badly mangling it.—Coos Bay Times.

Slight Earthquake Shock.

On Thursday night between 10 and 11 o'clock the coast of Oregon and Northern California experienced a distinct earthquake shock, but with not severity sufficient to do any damage.

At Portland it was distinct, causing the dishes in cupboards to rattle and the tinware about the houses to make its self heard. As far south as Redding, California, it was quite severe, frightening the people considerably.

Throughout this county it was very light, many not noticing it at all, while others assigned the disturbance to various causes until similar experiences were generally known. Eureka and Ferndale, California, seem to have been the localities receiving the heaviest of the shock, but neither did they suffer any damages from the quake.

Margaret Dies Coming

The Margaret Dies Co. passed through to Myrtle Point yesterday and played to a large and enthusiastic house last night, and returned today en route to Bandon, where they will delight the people tonight. After their engagement at Bandon is fulfilled, they return to the bay till the 18th, when they will arrive in Coquille for a three-nights' engagement. This clever aggregation is always hailed with delight by all Coquille theater-goers. Remember the dates, November 18, 19 and 20, and be on hand. None of their plays are objectionable, and nearly all contain a moral anyone could appreciate.

I want to thank the gentleman who bought the beautiful opal ring last week, also the lady who purchased the elegant back comb and the gentleman who purchased the carving set, for their patronage. Also the other customers who came in to see me. Tell others to come too. Appreciatively, Billy Schroeder.

J. L. Briggs arrived in town Friday morning from an extended trip through the Willamette valley. He thought of trying that part of the state for residence, but has concluded to remain in Coos for the present.

Thoroughbred Brown and White Leghorns and White Plymouth Cockerels for sale. \$1.00 each. J. C. Watson, Coquille, Oregon.

The grand masque ball given Halloween at Nosier's Hall by Gage's Orchestra was an unqualified success. There were about one hundred masqueraders, and a jolly time was had. The prize winners were: Mrs. O. T. Nelson, milkmaid, taking a beautiful picture, while Earl Nosier, as a cowboy, carried off the honors for the gentleman, receiving a nice mirror. The music was all that could have been desired, the floor in excellent condition, and everything went smoothly until all were tired of having a good time.

K. Holverson, the tailor, has just received a large lot of samples of suitings. Call and see them and get his prices.

School House Fire

On Friday afternoon, as the Coquille public schools were being dismissed, it was discovered that the building was on fire. When the alarm was given the pupils all marched to the street in good order, clearing the building in a remarkably short time, and when it was known all were safe, Professor Anderson and his assistant, Mr. Lyons, with a number of the high school boys went to work in a systematic manner to baffle the flames until the firemen reached the scene.

It was soon ascertained that the fire had started between the chimney and casing around it, which entirely encloses it through the two stories. The casing is very close to the chimney and a piece of board, evidently dropped by a carpenter, had lodged between. In this position the board became hot enough to take fire, and the crackling attracted the attention of one of the boys, who gave the alarm.

Two chemical fire extinguishers kept at the building were brought into service at once and two young men made a hasty run to the court house where more extinguishers were obtained. A hose which had been borrowed for cleaning purposes and which fortunately had not been returned, was attached to the hydrant and a stream turned upon the flames through a hole cut in the casement. By the time the fire company arrived the flames were under control, though they were on the spot in a very short time after the general alarm was given, and the large hose brought into action soon extinguished the last vestige of fire.

Much praise is due the Professors and high school boys for their good judgment and prompt action in this matter, as a few seconds more and the structure would have been doomed. The flames were leaping from the casing about the chimney through the attic to the roof, which would have been aflame in a very short time. The damages are normal, the most being from the effect of the water.

The 12 gauge Marlin repeater is a gun of perfect proportions, and has one-third less parts than any other repeater. It handles quickly, works smoothly and shoots close and hard.

The Marlin solid top prevents powder and gases blowing back; the side ejection of shells allows instant repeat shots; the closed-in breechbolt keeps out all rain, snow and sleet, and the dirt, leaves, twigs and sand that clog up other repeaters.

All 12-gauge Marlin repeaters have double extractors that pull any shell, and the automatic recoil breech-loading guns built.

The Marlin 12 gauge repeaters in these distinct models, many grades and styles, fully described in our 136-page catalog. Free for 3 stamps postage.
