PROBABLY there is no class of merchandise on which you must depend so much on the integrity and business honor of a store as when buying Drug Store Goods. Few of us have the opportunity to become competent judges of the real value of the majority of things sold in a Drug Store and misrepresentation is easy, and, alas—not infrequent. Here you buy with a comforting assurance that the goods are just what the label says. We do business on strictly business principles which will certainly appeal to you.
