Local advertisements among local reading five cents per line each insertion. Cards of thanks 50 cents each. Obituary poetry five cents per line. Resolutions of Condolence and lodge advertising five cents per line.

### Dairy Association Meeting.

Pursuant to adjournment, the Coquille Valley Dairy Association held another interesting session last Wednesday at the Modern Woodmen Hall in this city. The meeting was called to order by President F. F. Eddy at 10 a. m. After the opening of the meeting and the reading of the minutes of the last session the president declared a recess of a few minutes to allow new members to enroll, of whom there were seventeen.

The following committees were elected: F. F. Eddy, C. E. Schroeder and Wm. Sweet, press and program committees; Kistner, Ward, and Van Lerven on stock improvement committee.

During the afternoon session the secretary was authorized to open an account with a bank and pay all bills of the Association by checks.

Upon motion it was decided that the regular monthly meeting of the association be held on the first Wednesday of each month.

A. W. Mathews, of Norway, is booked for a lecture on silos and winter feeding at the next meeting.

The committee on corporation was instructed to obtain propositions from the different creameries and report at the next meeting, and the stock improvement committee was instructed to report on plans for weighing and testing the milk of individual cows.

An enthusiastic discussion was participated in by Messrs. Walling, Davis and Belloni and others at the close of the meeting.

### Obituary.

Benj. E. Cope, second son of W. V. and S. E. Cope, was born in Humboldt County, California, Nov. 2, 1881, where he resided until about six years of age, when he, with his parents came to Curry County, Oregon, where he grew up and was a sober and extremely industrious man. Became a very successful dairyman and he was a kind husband, a loving father, and a credit to his family and friends.

About three years ago he was stricken with typhoid fever which terminated in a derangement of the mind, and accounts for his erratic acts of late, and has no weight in the real story of his life. He met death on the 18th of Nov. 1909, and was laid to rest beside his father in the Coquille Masonic Cemetery, on Nov. 27th, at the age of 28 years and sixteen days.

He leaves a wife and little daughter, mother, three brothers and three sisters to mourn his untimely end.

Let us hope that in another sphere of existence the cloud is lifted from the weary brain amid beautiful visions.

Get your wife, sweetheart, mother or mother-in-law a Victor talking machine at Drane's as a Christmas present.

### At The Heazlet Theatre.

Friday evening the Frey contest is to take place at 8:30 p. m., Coquille having already won the honor of having the name of one of our high school pupils engraved on the cup, which honor we want again, so don't fail to come out and encourage our young people in so doing.

The Coquille band will give a musical concert next Saturday evening consisting of overtures and marches by the band, several solos by some of our young men, and music by the orchestra. There will also be a short dance immediately after the performance for which there will be no extra charge.

The Coquille Volunteer Fire Department are going to have their annual ball Christmas Eve, Dec. 24. They have ordered some beautiful souvenirs for the occasion, which they will give with the regular admission fee of \$1.00. These are on exhibition at Fuhrman's Pharmacy, and as there is only a limited number ordered, you will have to hurry in order to have one for the occasion. The committee would like for all those securing these souvenirs, as well as the Firemen, to wear them during the day as well as at the ball. Gage's full orchestra will furnish the music for this dance and this alone is enough assurance that all attending will have the time of their lives. All the extra chairs and benches will be removed and the floor put in the best of condition, so there will be room for all the dancers as well as the spectators.

### Experiences Rough Storm.

Capt. H. W. Dunham arrived home Saturday, having come up to Coos Bay on the Newport on her way to Portland where she will further undergo repairs, preparatory to entering the Portland Coquille trade. The steamer will go on the drydocks for repairs on her hull, and a new condenser will be installed and the boat otherwise put in condition for the run.

It was the intention to bring her into the Coquille this trip, but as she lay off the Coquille bar there was a fearful storm on and Mr. Dunham concluded that Coos Bay would be easier to enter, and went in there for fuel. The Newport is at present under the direction of As. Dunham for Chas. P. Doe, who has given orders that she ply between Portland and the Coquille, and that she carry coal from the mine of Chas. Gage and son, on the lower river.

The Capt. said that they experienced very rough weather all the way up, and that about the time they were passing the line between California and Oregon they saw a steamer in very close to shore which was laboring very hard to keep off. The Capt. had troubles of his own and was in no shape to render assistance.

### LATER.

The Newport came around to the Coquille Monday and took on a load of coal at Eureka mine at Riverton, and went to the lower river ready for sea yesterday.

### ADVERTISEMENTS.
