621 Thurman Street
PORTLAND, OREGON.

K. Holverson has opened a Tailor Shop one door west of the Sentinel office. He does all kinds of tailoring. All work guaranteed.

NATIONAL BANK NEARING COMPLETION

One of the Best in this Part of the State—E. G. Perham to be Congratulated.

On New Year's day, Contractor E. G. Perham and his men having completed the outside work on the new National Bank building, the scaffolding was removed and the new structure stood out, as it were, in full view, showing what a beautiful appearance it will give that part of our city in the future. The roof was completed the latter part of the week, and in the future the rains will not interfere so much with the progress of the work. The boiler has been placed in the basement and the balance of the heating apparatus and other plumbing is being installed.

Of the fourteen fine office rooms on the second floor, nine are engaged, and negotiations are on for others. The large room on the lower floor in the rear and fronting on First street will be occupied by a local mercantile establishment.

This marks a new era in the building line in this city, and we hope will prove satisfactory. The idea that brick, stone or concrete building would not be a success here has been advanced, but we expect to see it satisfactorily proved otherwise. It is a fact that the flat on which Coquille is built is a slide, and that by going from forty to seventy feet deep what was formerly a mud flat is reached, containing logs and sticks, but with a crust of that thickness of heavy, strong clay, there is but little doubt that a building of two, three or four stories would be perfectly safe, and we hope to see many more structures of this class go up in the future. The danger from fire is too great to continue indefinitely the erection of wooden buildings.

It is too bad that the right man cannot be found, with sufficient backing to take hold of the brick business near town and give us a first-class quality of building material at a reasonable figure, so that all our thickly set business blocks would soon become occupied by fireproof structures.

"Weber Bros' World Famous Shoes" bought from the creditors of the Carlton Shoe Co. at 68 cts. on the dollar, now on sale at "The Hub"

Claim is Paid.

Alton Grimes, of this city, has been paid \$1000, the amount of the policy in his favor and carried by his father, John Grimes, who was in the Fifth street lodging house at San Francisco which collapsed during the earthquake, and with many others, has not been heard from since, but whose body was never identified. While the usual direct proof of Mr. Grimes' death was impossible, the Woodmen took the liberal view of the matter and gave the beneficiary the benefit of the doubt, if there is any.

Stomach Trouble Cured.

If you have any trouble with your stomach you should take Chamberlain's Stomach and Liver Tablets. Mr. J. P. Klote of Edina, Mo., says: "I have used a great many different medicines for stomach trouble, but find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used." For sale by R. S. Knowlton.

NOTICE.

All Coos County warrants drawn on the general fund and endorsed prior to July 1st, 1908, will be paid on presentation at my office in Coquille, Ore. No interest will be allowed on any of these warrants after December 10th, 1909.

Dated this 7th day of Dec. 1909.
T. M. DIMMICK,
County Treasurer.

W. O. W. Gets \$25,000.

Of the \$54,000 bond issue recently floated in Chicago, the Woodmen of the World secured \$25,000 from the brokers that were the successful bidders on the bonds.—Sun.

The Home.

A happy home is the brightest spot on earth that the eye of God looks down upon. Love and peace in his home sends sunshine around the man wherever he goes; disorder and trouble there is misery everywhere. There are few worries of life which a man cannot now and then shake off, but who can shake himself free from the skeleton in the closet, from the worry of the household, a blister on the heart. A day will tell how many a man carried that with him without wincing down to the grave. When husband and wife are helpmate to each other in the best sense; when order and love and goodness prevail in the house, then the man who has a hard battle in life to fight can leave his struggles behind him when he enters there. With all our faults we are the most home-loving of people, and that is the reason why we are the greatest of people. Whatever helps home life is a national blessing; whatever hurts home life is a national curse, and the greatest curse that can touch these blessings is what would tamper with the peace and blessedness of our homes.

A Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may as a rule be effected in less than one week's time, and in many cases within three days. Sold by R. S. Knowlton.

Men's \$18.00 suits NOW \$13.35 at "The Hub's" big sale.

Came Near Choking to Death.
A little boy, the son of Chris D. Peterson, a well known resident of the village of Jacksonville, Iowa, had a sudden and violent attack of croup. Much thick stringy phlegm came up after giving Chamberlain's Cough Remedy. Mr. Peterson says: "I think he would have choked to death had we not given him this remedy." For sale by R. S. Knowlton.

Our Apple Trade Growing.

A Portland paper says:—"Demand for the cheaper grade of apples is growing. Some from Coos Bay are finding much favor with the trade and considering the price asked they are well worth the money. If more care had been taken in sorting and packing the apples, a higher price would have been obtainable for the quality is excellent."

It is an undeniable fact that the apples grow in Coos county are far superior in grain and flavor to many grown elsewhere that bring higher prices on accounts of being packed better and more highly colored. The fact that our apples are not good shippers because they are so tender and juicy, will be the cause of their great popularity when properly introduced. When our orchards are properly cared for and the fruit grown under proper conditions, then picked and packed with the care that the valley fruit is handled, and then shipped without bruising, there is no market in which they would not become very popular, if not favorites.

Cured of a Severe Attack of Bronchitis by Chamberlain's Cough Remedy.

"On October 18th, last, my little three year old daughter contracted a severe cold which resulted in a bad case of bronchitis," says Mrs. W. G. Gibson, Lexington, Ky. "She lost the power of speech completely and was a very sick child. Fortunately we had a bottle of Chamberlain's Cough Remedy in the house and gave it to her according to the printed directions. On the second day she was a great deal better, and on the fifth day, October 23rd, she was entirely well of her cold and bronchitis, which I attribute to this splendid medicine. I recommend Chamberlain's Cough Remedy unreservedly, as I have found it the surest, safest and quickest cure for colds, both for children and adults, of any I have ever used." For sale by R. S. Knowlton.

MUSIC LOVERS ENJOY A TREAT

A Well Rendered Program, Highly Appreciated by a Large Audience

The music lovers of Coquille enjoyed a rare treat last Wednesday evening when the vocal-violin recital of Miss Mable Millis and Prof. Lyans was given at the Heazlet Theatre. A highly appreciative audience greeted the performers, heartily applauding each number, to which they graciously responded with an encore.

The program was a particularly pleasing one and enabled each to fully display the rare talents which they so happily possess. Miss Millis has a well trained, rich contralto voice which was greatly enjoyed by all, while Prof. Lyans proved himself a violinist of unusual ability. His skill with this instrument, his taste in selections and the expression in their rendition, proved him the artist he really is in a manner most pleasing to his hearers. The able accompaniments of Mrs. Hawkins added much to the evening's entertainment.

The program was as follows:

- 1 Les Adieux - - - Sarasate Mr. Lyans
- 2 The Hill o'Skye - - - Harris Miss Millis
- 3 Concerto, Op. (Andante, Allegro) Mendelssohn Mr. Lyans
- 4 (a) Wenn Ich in deine Augen Seh' - - - Schuman (b) Turn Ye to Me - Larson (c) Little Boy Blue - - - Buckingham Joyce Miss Millis
- 5 Son of the Prairie Keler Bela Mr. Lyans
- 6 Slave Song - - - Del Riego Miss Millis
- 7 (a) Legende - - - Wieniawski (b) Fantasie Appassionata - - - Vieuxtemps Mr. Lyans

Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by R. S. Knowlton.

Dayton Has Record Union.

Dayton, Wash., Dec. 2.—Farmers of Watsburg, Wash., and their wives are setting the pace for the northwest in the matter of organization and advancement. The town, with a population of 2000, is supporting the second largest union in this state and the largest of any town of the size in the United States. The Watsburg union was the first in this state three years ago. The membership is 135 men and 100 women. It is the only union in the northwest where the women take an equal interest in farm management and improvement of the condition of the farm life.

Owning and operating eight large warehouses, handling 75 per cent of the grain tributary to Watsburg, this union holds the world's record in this respect. It is leading the fight for the farmers and its officers, have been among the most active in this state in pulling away from the big grain dealers. More than 1,500,000 bushels of grain were stored by the Watsburg union this year independently of the big dealers. Officers are: N. B. Atkinson, president; D. C. Eaton, vice president, and W. D. Wallace, secretary-treasurer.

A 320 acre South African Veteran Bounty Land Certificate issued by the Department of the interior, Government of Canada, Ottawa, under the Volunteer Bounty Act, 1908. Good for 320 acres of any Dominion land open for entry in Alberta, Saskatchewan, or Manitoba. Any person over the age of 18 years, man or woman, can acquire this land with this certificate, without further charge. For immediate sale—\$800.00. Write or wire L. E. Telford, 131 Shuter street, Toronto, Canada.

Planting Apple Trees.

In planting the apples, remember that they will do well, and often best, on high, rolling land, where there is good air and water drainage. Before setting the trees plow and prepare the soil as for most ordinary crops. It is a very good idea to give a deep and thorough plowing where the rows of trees are to be placed. This will loosen up the soil for the new feeding roots. The soil can never be stirred deeply close to the trees after they have been set. In setting the young trees use only very fine soil for filling about the roots, and set the trees at least two rods apart if you wish large, long-lived trees, as a mature apple tree sends its roots long distances, and closer than this distance will mean a struggle for plant food and a consequent reduction of the fruit crop with suffering from lack of moisture during a prolonged drouth.

I find it a good plan before setting the trees to prune the roots to within six or eight inches in length and reduce the top in proportion. The cut places on the roots will form callous forms from which many feeding roots will spring, and of course the more feeding roots that can be induced to grow, the more chances the young tree will have for living and making a vigorous growth the first year. It might seem to some rather out of place, but a great many need the advice of the suggestion here made: Do not plant an apple orchard for a pasture. Keep the horses and other domestic animals out of the orchard, as they will bite and otherwise mutilate the trees, causing them to die. In plowing the young trees remember that they are easily skinned and that skinning them will probably cause a scar, and maybe death. Every farmer should cultivate his orchard himself instead of intrusting it to the hired help or other disinterested parties.

Do not pasture the hilly orchard simply because it has grass in it, but mow the grass and let it rot upon the soil, thus adding humus, which will aid the trees in a general way. Where the area of the orchard is very hilly and inclined to wash a great deal, after the trees have reached the age of 2 or 3 years it is sometimes advisable to sow it in grass.

Save your wood ashes and use in your orchard as a fertilizer if there are any indications that a potash fertilizer is needed. These ashes are especially good for peach trees, also other trees and vines. Scatter thinly on the soil over a circle as big as the top of the tree. The feeding roots run out farther than the longest branches of the tree.

Coos Makes Good Showing.

The Marshfield Sun says: The lumber shipments from Coos county during the month of November were second only to Columbia river shipments, according to figures contained in The Timberman. The shipments were not quite as heavy as during October, but were nearly 15,000,000 feet for the month.

Next spring or summer when the C. A. Smith Company starts its present mill on a double shift and the new Bay City Mill on a double shift, as is now planned, it will be cutting at the rate of 1,000,000 feet of lumber every day or rather in the twenty hours of each day that the plants will be running. This will make the output of the one company over 25,000,000 feet per month, and as the other companies are planning for a big cut, the lumber cut in the county may run close to 35,000,000 feet per month.

The Timberman gives the following data of Coos county's shipments during November:

From Coos Bay—	Feet.
To San Francisco	8,510,000
To San Pedro	2,630,000
From Coquille River—	
To San Francisco	2,600,000
To San Pedro	800,000
Total from Coos Bay	11,240,000
Total from Copnille River	3,400,000
Total from county	14,640,000
Total month previous	15,389,000
Decrease from previous month.	749,000

Men's Hats \$2.50 values now \$1.65 at "The Hub's" big sale.

Do You Intend to Build?
If So Did you stop to consider that a building made out of cement blocks is almost indestructible and fireproof?
Did you stop to consider that the first cost is almost the last cost?
Did you stop to consider that sand and gravel, washed and cleaned by the ocean, together with proper proportion of Portland cement, makes the finest blocks and bricks in the world.
Yours for business,
