## MYRTLE POINT VS. COQUILLE.

Game Ends in Score of 12 to 20 in Favor of Visitors—Return Game Will be Played February 12.

On last Friday night there was a nice clean game of basket ball played in the Masonic hall between the High School team of Myrtle Point and the Coquille team. Both teams seemed to be in good shape, but the majority of the Coquille team showed a slight lack of practice, which they will have before the next game, which is scheduled for February 12th.

In the first part of the game it looked very favorable for Coquille, as the Myrtle Point team kept fouling, which gave Coquille an opportunity to score, which they did in each instance except two. Gardiner threw the ball, making baskets 6 times out of 8 chances from the foul line. He also did good work in assisting to make the other baskets which were thrown by his team, and which proved that he knew the principles of the game from start to finish.

The Myrtle Point boys played a fast and some think a rough game, and being much heavier than the Coquille team, had the advantage. The visitors did not only show their strength by being fast on foot, but whenever one of them got the ball he showed that he knew where it belonged and passed it immediately. When the ball was in the hands of the Coquille boys, they were guarded so closely by their opponents that it seemed nearly impossible for them to pass it; but had Myrtle Point kept fouling like they did in the first of the game, it would have finished in a very close score, but they soon quit that and worked all the harder for baskets.

The visitors only had 3 opportunities to score on fouls and missed all of these, but they made up for it in throwing nice clean baskets during the most exciting part of the game.

The Myrtle Point team went to Bandon, the day before they played here in company with Ray Haines, Lyman Sackleff and Mr. Wilson. They defeated the B. H. S. team in a hotly contested game, the score being 17 to 18.

The Steamer Myrtle run down from Myrtle Point Friday night making the run in one hour and 20 minutes, returning after the game. She brought down a large crowd of Myrtle Point basket ball enthusiasts who enjoyed the game, which seemed to be a source of great pleasure to all who were present, and the two teams parted on the friendliest terms.

The game was well attended, the proceeds amounting to \$43.50 which was expended in paying the expenses of the visiting team and to settle some other indebtedness which had formerly incurred, such as hall rent, etc.

There will be a game at Bandon soon, and it is expected that a large crowd of rooters will go down to take in the game for we expect to see our local team win the honors. The Myrtle Point boys seemed proud of the fact that they had won in both Bandon and Coquille, but the C. H. S. boys were heard to say, "we will show them yet," which shows a determination that will be the result of a more even game, if not a victory for Coquille.

Watch for advertisements of the next game and come out and encourage the boys.

**A Sprained Ankle.**

As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may as a rule be effected in less than one week's time, and in many cases within three days.

Secure a footing on the road to success by depositing your savings in the Farmer's & Merchant's Bank.

**Do You Intend to Build?**

If So Did you stop to consider that a building made out of cement blocks is almost indestructible and fireproof?

Did you stop to consider that the first cost is almost the last cost?

Did you stop to consider that sand and gravel, washed and cleaned by the ocean, together with proper proportion of Portland cement, makes the finest blocks and bricks in the world.
