### Port Commission.

There was a meeting held in the office of Judge E. D. Sperry last Thursday to see what could be done toward making preparations for forming a port commission. As result of this meeting there now exists an organization which is known as the Executive Club of the Port of Coquille. The officers of this organization are as follows:

R. S. Knowlton chairman, W. L. Kistner first vice-president, J. C. Moomaw second vice-president, J. C. Savage secretary and L. H. Hazard treasurer.

A committee was appointed who will attend to the printing of the petition and a campaign committee was appointed consisting of men from Coquille, Myrtle Point and Bandon as well as from most of the way points between Coquille and Bandon.

The petition will have to be acted upon by the county court and it will be some time before active work commences, but from the spirit shown by the members of the Executive Club of the Port of Coquille, we expect to feel the effect of the efforts of this new organization soon.

### Accident to Fifield.

While crossing the Bandon Bar Monday afternoon the Fifield struck twice, and while it is impossible to ascertain just what damage was done before she goes on the dry-docks, it is thought that she had a sprung shaft and broken a propeller. She will be able to make her return trip all right, being a twin screw boat, and will be repaired while in Frisco.

### Marriage Licenses Issued.

Henry A. Olson and Hilda L. Larson, February 2nd.  
Oliver C. Sanford and Florence E. Walstrom, February 7th.  
Warren R. Bullard and Leahy M. Kendall, February 8th.

### A Pretty Wedding

A very pretty wedding took place yesterday at high noon at the home of the bride's parents near Parkersburg, when Mr. Oliver C. Sanford and Miss Florence E. Walstrom were united in marriage. This was a very simple but pretty affair, there being none present except the immediate relatives of the bride. The ring ceremony was used.

Mr. Sanford is a promising young man of exemplary habits and the admired friend of all who know him. He has for some time been assistant cashier of the First National Bank in this city, which position he is well qualified to hold, and does so with the full confidence of this financial institution as well as its large list of patrons.

The bride is the beautiful and accomplished daughter of Mr. and Mrs. John Walstrom of near Parkersburg and is loved and admired by all who know her. She held a position as teacher in our public school for some time and was the pride and example of her pupils.

### Steamer Kentucky Wrecked.

New York, Feb. 5.—Safe on board the Mallory liner Alamo, the captain and crew of the steamer Kentucky are speeding today for Key West. The Kentucky lies bottom up off Cape Hatteras, having been wrecked before she was fairly under way on her projected voyage to Seattle.

According to wireless reports, the Alamo reached the sinking vessel in the nick of time to save the crew and captain. Had not the Alamo reached the Kentucky when she did all probably would have been lost, as the other vessels could not have reached her in time.

The Kentucky is a 200-foot wooden craft which was recently purchased by the Alaska-Pacific Steamship Co., and sailed from New York for Seattle January 23rd. She was to have plied between Seattle and Alaskan points the coming season.

S. team, and a hotly contested game took place at the old pavilion, in which the M. P. H. S. boys won by a score of 18 to 21. There were several good plays made by our boys in the game, although our foul thrower only got one basket from the foul line, while Sumerlin gamely raised up with two or three opponents clinging to him and made a field basket. Our boys feel confident within themselves, having played three games and lost none, still they practice harder than ever each night.
