## Socialists Nominate Ticket.

The Socialist party met Monday evening at their hall and nominated a full city ticket, which is as follows: J. E. Quick, mayor; J. H. James, councilman for 2 years; S. B. Holtenbeak, councilman for 2 years; S. L. Curry, councilman for 2 years; Jonathan Quick, councilman for 1 year; L. S. Martin, recorder for 1 year.

They then adopted the Socialist Demands of Coquille and each signed an undated resignation in case of unfaithfulness in office.

First. That all vacancies caused by removal or resignation in any or all offices of the city council shall be filled by special election instead of appointment.

Second. That all franchises and ordinances shall be referred to the voters for their exception or rejection if the people shall petition for the same.

Third. That a detailed financial report of all money received and disbursed shall be published every three months.

Fourth. That the office of city marshal shall be elected instead of appointed.

Fifth. That all public works shall be done by the city and not by contract and that eight hours shall constitute a days work on all city work and at the going wages.

Sixth. That we favor the building of a suitable warehouse on the city water front.

## Philip Brack Passes Away.

Philip Brack, one of Coos county's earliest pioneers, died at his home on the Middle Fork last Wednesday, April 20th, and had he lived until September he would have reached the eighty-second milestone of his life. By request of the deceased the interment took place on the old homestead. The funeral was largely attended by his many friends of the upper river, the services being conducted by Rev. Thomas Barklow.

The deceased was a native of Germany, and was one of the survivors of the government transport schooner, "Captain Lincoln," which was wrecked near the Coos Bay bar early in January, 1852. H. H. Baldwin, who passed through this city a few days ago on his way to Santa Monica, where he will enter the soldiers home, is the only remaining survivor as far as is known, a sketch of their experiences being recorded in DeGale's history of Coos and Curry counties.

The deceased is survived by a wife, two sons and five daughters.

## Oscar Hughes Injured.

Oscar Hughes, second son of Mr. and Mrs. H. C. Hughes, who recently moved from near this city to Bandon, was horribly and no doubt fatally mangled at the Smith-Powers camp No. 2 shortly after noon yesterday.

As we understand it he was handling a line on which a donkey was working, and was accidentally caught in coils of the slack when the engines were started. His left leg was cut off by the steel cable just below the knee, and the other leg was caught near the hip, the bone broken and the limb badly bruised. His right thumb was torn off.

A Greek member of the crew who was near, attempted to render some assistance and had one hand terribly lacerated and the fingers torn off.

A special train was dispatched to carry them to Marshfield where they were cared for by the camp physician.

## NOTICE

Coquille Grange will hold its next regular meeting Saturday, April 16th, at the W. O. W. Hall. The lecture hour which begins at one o'clock, will be open to the public and there has been arranged a fine program, one of the topics being "Rural High Schools and Values of a High School Education." This subject is to be handled by such able men as R. S. Knowlton, J. J. Stanley and C. R. Barrow. Remember, everybody is invited to attend.

Mrs. Geo. E. Peoples, Lecturer.

## To Bore for Oil.

L. W. Deyoe, of Myrtle Point, was in this city last Friday, being on his way home from Bandon where he has been since his return from his winter home at Riverside, California. In conversation with Mr. Deyoe we learn of a new enterprise which is about to be launched in this valley, the success of which would be hailed with great pleasure by all of its residents.

The enterprise referred to is the promotion of investigations into oil prospects on Bear creek by the Miocene Oil and Gas Co., an aggregation of local people who have confidence in prospects discovered. Six thousand acres of land have been leased, the machinery ordered and all necessary arrangements made for the work of boring to begin at an early date. So flattering are the prospects on this company's holdings that outside experts are offering large sums for their lease.

The great benefits to be derived from the development of large and successfully operated oil works on the Coquille are so well understood that it is unnecessary for us to undertake to show to our readers the importance of this enterprise. Suffice it to say that we sincerely hope that our friends are on the right track and that their most sanguine anticipations may be more than realized.

## Neil-Day Contest.

The Neil-Day boxing contest was pulled off at Marshfield on Saturday night before a large and enthusiastic crowd of admirers of the fisticuff art, and proved very satisfactory to all present. While it could be seen early in the bout that Neil had the better of it in a general way, they held out the 20 rounds of lively scrapping, at the end of which the decision was given to Neil.

The preliminaries were, first, a four round bout between Barney Gibson and "Happy Hooligan," of the Bay side, and was lively to the end, though Gibson showed up to be the more clever of the two. It was declared a draw.

The second was by Pud Nosler and Arthur Fish, of Coquille, and was a hummer, but came abruptly to an end in the sixth round when it was discovered that Nosler had severely injured his right hand, some of the bones being fractured. The decision was given to Fish.

## Citizens' Caucus.

A citizens' caucus was held at the city hall on Monday evening for the purpose of nominating candidates for city offices to be elected the first Monday in May. R. H. Mast presided and L. H. Hazard acted as secretary. The following nominations were made:

- FOR MAYOR: M. O. Hawkins
- FOR RECORDER: George O. Leach
- A. W. Kelley
- COUNCILMEN, 1 YEAR: W. C. Laird, T. T. Land
- FOR COUNCILMEN, 2 YEARS: E. E. Johnson, E. C. Barker, L. H. Hazard, J. A. Collier, C. M. Skeels, J. W. Tollman.

## Object to Strong Medicine

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by R. S. Knowlton.

## DO YOU WANT TO SELL?

If you want to sell your business of any kind, or if you want to sell your property, and will make the price right, I would like to hear from you. Give description and price. Address J. E. Smith 513 Chamber of Commerce, Portland, Oregon.

## NOTICE

All Coos County warrants drawn on the general fund and endorsed prior to July 1st, 1908, will be paid on presentation at my office in Coquille, Ore. No interest will be allowed on any of these warrants after December 10th, 1909.

Dated this 7th day of Dec, 1909  
T. M. DIMMICK,  
County Treasurer.

## Farmers Organize.

Complimentary to the enterprise of their locality, Fishtrap farmers took time to meet and organize the first Farmers' Educational and Co-operative Union in Coos county.

At a meeting held in the school house last Friday evening a large audience was addressed by Chas. A. Hill, State Organizer, of Pendleton, Oregon, final plans for the organization were perfected and the following officers elected and duly installed to act for the remainder of the year: H. L. Stephens, Pres.; C. T. Robison, Vice Pres.; Geo. Henninger, Sec.; Mrs. J. H. Radabaugh, Chap.; E. A. Wimer, Con.; Ithamer Robison, Doorkeeper. The executive committee is to be appointed by President Stephens and announced at the next meeting. Meetings will be held upon the first and third Saturday evenings of each month.

The charter members of Fishtrap Union exceeds 24, and there are still many in the neighborhood who fully believe in the utility of farmers' organizations, and express a desire to belong to this one.

## Myrtle Point Items.

Saturday evening last about 7 o'clock while Mr. Jas. Lewellen, his son Ed and daughter Miss Elsie and Ed's youngest son, Howard, were taking an auto ride, Jas. Lewellen, who was running the machine, lost control and it went over the river bank above the boatlanding. It turned completely over and landed right side up in the mud. Little Howard had his left leg broken between the knee and the hip. The rest of the party were badly bruised and shaken up. Miss Elsie sustained a sprained knee and Ed a sprained ankle. The machine was not badly broken, though it fell 12 or 15 feet. It was fortunate that they escaped as well as they did.

Mr. and Mrs. John Roberts sold their household goods at auction Saturday, and Mrs. Roberts took her departure Monday via steamer for Portland. She will visit with friends in different parts of the state. Mr. Roberts will join her in the near future.

Miss Millie Cooper and sister, Mrs. A. Pollock, departed for Healdsburg, California, last week where they will reside.

OBSERVER.

## Results of Sentinel's Contest.

The result of the Coquille Valley Sentinel's late contest is as follows: Coquille High School, the piano; Miss Goldie Childs, the capital prize, lot in Sunnyside; Miss Edna Gilkey, lot in Lakeside; Miss Ray Carey, lot in Lakeside; Misses Minnie Wilson, Genevieve Tellefsen and Letta Bell, trip to Southern California; Earl Schroeder, \$20 suit order.

## Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no external treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic rheumatism. For sale by R. S. Knowlton.

## Take Notice

There are three cedar logs on my place, left there by high water, one marked Y and the other two with a circle within a circle. The owners of said logs are hereby notified to remove them at once or I will appropriate them to my own use.

## Headaches

75 per cent of headaches are caused from eye strain. Properly fitted glasses will cure the defect. Satisfaction guaranteed.

V. R. WILSON, Optometrist.

The Eugene Register says: "Never mind, Coos Bay, things will soon be coming your way. The day is not far distant when in your midst will be the largest seaboard city on the coast between Portland and San Francisco, with railroad lines pouring inland commerce into your lap for ocean transportation to the marts of trade."

## Circuit Court.

The circuit court of Coos county is in the midst of one of the longest terms in its history. It was convened last week by Judge Coke, but owing to the fact that he is interested as attorney in several cases, Judge Harris, of Eugene, appeared on the bench Monday morning.

Last week Judge Coke heard many pleadings in various cases and on Wednesday took up the Myrtle Point "boot-legging" cases. Jess Warfield, Frank Wyland, Sig Aasen and Thomas Cornelius were fined \$100 each and given 30 days in jail. Judge Hall has ordered them to work on the county roads. There are many important cases on the docket and it is supposed that some 20 days will yet be consumed before it is cleared up.

W. A. Cox, who came up from Curry county a few days ago and has been visiting his uncle, William Cox and family, leaves today for Arizona. It will be remembered that while in that territory a few years ago he drew his weight in silver at an Examiner drawing. We wish him better luck this time. We hope he may secure his weight in gold in the mines where he goes to prospect, and even more; that he may regain his health, which has not been the best for some time.

The steamer Breakwater which has been off her Coos Bay-Portland run for several weeks undergoing repairs and a general overhauling, is due at the Bay today to resume her old schedule. The Ramona which has filled her place well since she was taken off, will retire from this run for the present, at least.

## A Pleasant Physic.

When you want a pleasant physic give Chamberlain's Stomach and Liver Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. Call at R. S. Knowlton's drugstore.

Washington, D. C., April 23.—The proposed American South Polar expedition will be under the joint auspices of the Peary Arctic Club and the National Geographic Society, for this year, according to the announcement made today.

Boston, April 23.—Max Lundy, a boxer who sparred six rounds with Joe O'Brien at Brockton last night, was found dead in bed at his home in Roxbury today. His body was taken to the morgue for examination.

## Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by R. S. Knowlton.
