GRANGE EXHIBIT BIG SUCCESS

Many Products of the Dairy, Farm and Household Were on Display.

The exhibition by Bandon Grange given in Concrete Hall, Saturday, was a success in every particular, and many products of farm and home were on display. The day was fine so far as weather was concerned, and as a result many ranchers attended and brought products of various kinds raised on their ranch, while the ladies were in no wise in the rear with their display of household products.

The merchants of Bandon are also worthy of much praise for the liberal manner in which they responded to the call for donations to be given as prize, and by no means the last part of the big day was the luncheon spread at noon, which was so greatly enjoyed, and which, if Hooligan had been there, he would have said, "Is this Heaven?"

Among the articles on exhibit and the exhibitors here: Potatoes and cranberries by Gallier Bros., and we were informed by them that they raised 14 large potatoes in one hill; their cranberries were fine and of excellent color. Mrs. Cope, of Four mile, exhibited some extra fine bread, butter and preserves. Mrs. Lake also brought bread, butter, fruit, honey and a bouquet of beautiful flowers; she had her exhibit very tastily surrounded by well laden hop vine. W. M. Bates exhibited a selection of apples, pears, beets and a new kind of pea, with a vine five feet long, concerning which the grangers would like Mr. Bates to inform them. Mr. and Mrs. Randleman exhibited some very fine white honey, also some fresh cider, which seemed to be very popular among the visitors, and some excellent apples and pears. Mr. DeLong exhibited some "Prize Taker" onions which proved true to name.

The biggest exhibit was that by Mr. Hauley, among which was corn 10 feet tall, oats, six feet and eight inches tall and well filled, pears and apples which cannot be excelled anywhere, and in fact he had so many things it is impossible to mention all of them. Mr. Broomback brought in a prize winning pumpkin, and J. H. Jones, our townsman, showed a six pound turnip. R. W. Eullard's fruit display, and particularly his twigs of crabapples were very fine, and would be a great advertisement to exhibit at a state fair. F. F. Eddy showed four different kinds of grain raised by him, also a block of spruce wood with 23 year rings and a diameter of 25 1/2 inches. Our friends W. F. Kennedy had some fine large onions on display, raised on the high land east of Bandon. Mrs. Canterbury's display of apples, jellies, cauliflowers, and particularly her beautiful bouquet of flowers attracted much attention. F. M. Sanderlin's big display consisted of prunes, apples, berries, beans, squash, grain, canned fruit, one stalk of sugar corn with 11 ears on it, and other good things.

A. Haberly showed beets, potatoes, very tall rye, and a thousand headed kale; the last is a great producer of feed for dairy cows, and has given as high as 40 tons of feed per acre. M. G. Pohl had cabbage, the third cut of alfalfa, and two years' old asparagus tops; his bed of this vegetable should be in bearing next spring. Mrs. C. Beyler had on exhibit some very fine plums, apples, pears, and pears cucumbers. One apple in particular, the Bismark, was grown on a 5 year old tree, which shows that this variety is a quick producer of returns. John Gerber showed some kohlrabi, prunes and berries. Mrs. Belle A. Kolp's bee clover was something worthy of special mention; this was nine feet high, with thousands of small flowers or blossoms.—Bandon Recorder.

For Sale.

Watch For This Man

We give below a letter which was received by Constable S. S. Shields, of Bandon, which is self-explanatory. It reads as follows:

Dear Sir:—On August 21st, 1910, two men named Frank Edward Wood, alias Frank H. West, alias Fred Thomas and George Washington Wise, alias Alfred Wilson, undertook to hold up the Steamer "Burkman" then enroute from Seattle to San Francisco. When the steamer was sailing along the coast, said to be nearly opposite the mouth of the Umpqua River, F. E. Wood jumped overboard after having shot and killed Capt. E. B. Wood in an unsuccessful attempt to rob the ship. The point where he jumped overboard is said to be some 7 miles from shore. He was probably drowned, although he may have been picked up by a passing vessel, or having a life preserver on he may possibly have reached shore or his body may have washed ashore.

He was born in Chicago, Illinois, next of kin Arthur Wood, care J. G. White, New York, N. Y. Aged 29 years; height 5 feet, 10 inches, weight 145 lbs, perhaps heavier, Eyes blue, shoes No. 9; hair light brown, complexion ruddy. Personal marks and scars, two moles below right axilla. Mole 1 inch below right nipple, mole upper left hip. Scar right eyebrow; three moles between scapula; mole below left buttock.

Kindly arrest and wire me at my expense if he is discovered or if his body is found I hold warrant charging him with murder.

Will forward photograph if I can obtain one.

Kindly request your local newspapers to give as much publicity as possible in this matter in the hope of apprehending this man if he is alive, or of finding his remains if dead.

Yours respectfully,
C. T. ELLIOTT,
U. S. Marshal.

How to Enter this Office

Advance at the inner door and give three raps. You will give your name, postoffice address and number of years you owe for the paper. You will be admitted into the sanctum and will advance to the center of the room, where you will address the editor with the following countersign: Hold the right hand about two feet from the body and with the thumb and fingers clasping a \$10 bill, which you will drop into the editor's hand saying: "Were you waiting for me?" The editor will grasp your hand and the bill pressing it, and will say "You bet!"—Ex.

Austin, Tex., Sept. 9.—The lower House of Texas Legislature by a vote of 51 to 34 instructed the Senators and Congressmen to work for a repeal of the fourteenth amendment of the federal constitution conferring the franchise on negroes.

Washington, Sept. 9.—Just what constitutes a negro in the United States may be a question which the United States Supreme Court will be asked to settle in the near future. One-sixteenth negro blood in an individual classifies him a negro, in the District of Columbia, according to a decision of Justice Daniel T. Wright, of the District Supreme Court, in the case of an eight-year-old girl barred from the white public school. The case will be appealed to the District Court of Appeals, and in the event that court affirms Wright's decision, an effort will immediately be made to have the United States Supreme Court pass on the question.

Best Treatment a Burn
If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25 cts. For sale by R. S. Knowlton.

Wanted—A lot of young hens, white or brown Leghorns preferred.

WOODMAN OF THE WORLD RALLY

Interesting Program, Big Crowd and a Grand Good Time Enjoyed By All.

The W. O. W. Rally at Langlois last Friday and Saturday was, on a whole, a decided success, especially as the people of that place were laboring under a handicap caused by the late fire.

Friday's program was rather short as the Bandon orchestra failed to show up, and the morning's entertainment consisted of several songs and recitations that were well received. The afternoon was given over to the ball game between Port Orford and Langlois, and the visiting nine showed a philanthropic spirit (there's no other way to express it) that would put a Carnegie to shame. The Port Orford boys left home with blood in their eye, but when they reached Langlois and saw the fire-swept ruins of the little town a great wave of sympathy surged over them, and with it came a realization of how grasping it would be to take a \$50-purse away from our neighbors at such a time. It was really thought a little shameful the way the Langlois boys took advantage of this generosity. They started a game of tag around the diamond and it looked like they would run their heads off before they quit. After it was all over the score stood 39 to 7—a lasting memorial to the bigheartedness of the visiting team.

Saturday was the big day, and every minute was taken up with interesting features. The forenoon program was excellent, consisting of speaking, singing and music by the Bandon Orchestra—among the orators who delivered pleasing addresses, were Col. Rosa of Bandon, and W. H. Meredith, of Port Orford. The afternoon was taken up with sports of various kinds. The Bandon ball team defeated Langlois 8 to 2 in an interesting game. Beulieu of Lakeport took the hundred yard foot race, and Colebrook's horse won the first free-for-all horse race; being defeated later in a match race by Dug Cook's Skipper colt.

The rally ended with a large and successful dance, the proceeds of which went to the fire sufferers. Tickets were sold at donation prices and some \$1200 or \$1500 was raised in this manner. Good meals for the occasion were furnished by Mrs. Haft, who has temporary quarters over Bowman's blacksmith shop. The visiting people went home well satisfied with the outing and speaking a good word for the hospitality of the Langlois people.—Port Orford Tribune.

How it Used to be Done

Through the courtesy of Mr. Charles W. Ballard, freight agent this city, we reproduce a copy of a marriage certificate of Bedford county, contracted between Bryom Ballard, and Sarah Hutton, one hundred and eighteen years ago. It has the signatures of fifty witnesses the ink being so dim on account of age we are unable to reproduce. The following is the form of the certificate:

Whereas, Bryom Ballard, of the county of Bedford and Sarah Hutton of said county, having declared their intentions of marriage with each other according to good order of society of people called Quakers, at their monthly meeting at South River, in Campbell county and having the consent of parents and approbation of friends, etc.

And now for the full accomplishing of their intention this twentieth day of the ninth month, seventeen hundred and ninety-two, they the said Byron Ballard, and Sarah Hutton appeared in a public meeting house in Bedford county and the said Byron Ballard, taking the said Sarah Hutton, by the hand, did in a solemn manner, openly declare that he took her to be his wife promising through high divine assistance, to be unto her a true and loving husband until death should separate them; and then and there, in the same assembly, the said Sarah Hutton did in like manner, declare that she took him the said Byron Ballard, to be her husband promising through divine assistance, to be unto him a faithful and loving wife until death should separate them, or wo do to the same effect. And moreover they the said Byron Ballard and Sarah Hutton, she according to the custom of marriage assuming the name of her husband, as a further confirmation thereof, did then and there, to these presents set their hands and we whose names are underwritten being present have as witnesses set our hands.

Why?

From a small beginning the sale and use of Chamberlain's Cough Remedy has extended to all parts of the United States and to many foreign countries. Why? Because it has proved especially valuable for coughs and colds. For sale by R. S. Knowlton.

For County Surveyor.

E. H. Kern, hereby announces himself as a candidate for County Surveyor for Coos County Oregon, subject to the will of the Republican voters of said county at the coming primary. He has been actively engaged in public work for over a quarter of a century, in railroad location and constructive and irrigation and drainage work. If nominated and elected he pledges himself to use his entire ability to construct and maintain better public roads.
E. H. KERN,
Coquille Oregon.

Why Druggists Recommend Chamberlain's Colic and Cholera and Diarrhoea Remedy

Mr. Frank C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit but this remedy is so sure to effect, a cure, and my customers so certain to appreciate my recommending it to him that I give it the preference." For sale by R. S. Knowlton.
