## R. J. Dean Passes Away.

R. J. Dean, whom we mentioned as having been thrown from a horse and seriously hurt in our last issue, passed away at one o'clock Thursday morning from internal injuries. The facts were, in the main, as stated more than the latter complication had not been noticed. From a close examination of the grounds where the accident happened it was found the horse stumbled in a large chuck-hole filled with dust, which is just opposite the telephone pole against which it is evident both horse and rider went with great force.

The deceased was a son of the late Murphy Dean who several years ago purchased the Moomaw dairy farm near Norway, on which Mr. Dean has lived for about five years. He leaves a wife and two small children beside a brother and two sisters to mourn his sad and untimely death.

The body was brought back from the Bay on Friday morning and interment took place that day in the Norway cemetery.

## Prosper News.

We see the new boat, Randolph, at the Prosper ship yard and Captain Anderson very busy on deck getting the engine installed and the pilot house built. She will be ready for sea in a short time.

We saw the Dispatch go down lately with about half a wheel. We are not advised as to how she lost the other part, the absence of which made a great difference in her speed. She is laid up for repairs for a few days.

J. W. Barnett, the young minister, preached his farewell sermon at his father's home near Prosper which brought about a reunion of the neighbors and friends before he returned to the Bethany Bible School, at Chicago, which he will attend another year.

Capt. Panter is now very busy at work on his new boat for the upper river service. The Capt. is going to have a good boat for the upper river work from the fact that it will not draw much water.

John McCue, wife and daughter have been very ill for the past week, but their many friends hope for their speedy recovery.

Mrs. Al Willard has been indisposed since the loss of her husband, but was able to go to Bandon Tuesday accompanied by Mrs. W. A. Barnett, of near Prosper.

W. A. Barnett has just finished hauling hay up the river, and reports the crop much shorter than last year.

Lumber must be in great demand as there has been so much more shipping in the last six weeks than usual.

Deputy Sheriff R. L. Winniford returned Wednesday night from Coquille City with "Chick" Wright and R. P. Casey, who stole Ed. Thornton's automobile. It was learned that they tried to sell the machine in Coos county for \$200, but failed. On the way back they "joshed" each other occasionally and remarked that they would probably stop awhile in Roseburg but thought likely that they would spend the winter in Salem. They made no pretence of denying the crime and evidently expected to sell the automobile and get out of the country.—Roseburg Review.

## Sam Sherwood Dreams.

It seems as though the days of dreams and visions have not passed, as our friend, Sam Sherwood had a dream or vision, I don't know which—perhaps he had been smoking "hops," but nevertheless, Sam was out duck hunting the other day with a friend, and imagined he killed, 20 fine teal, and so told the writer who started out at once, as also said there were 20 or more wounded left behind. Upon meeting his friend who was not so visionary, we were told they only killed two, and I am unable to find out whether they were mud hens, sage or ducks. Try it again, Sam, NIMROD.

## Apples For Sale

Anyone may pick his winter apples in the orchard of C. A. Pandleton, at Fat Elk after Oct. 12, at 25c per bushel.

## You Expect Your Watch to do thus and so for You

But what about your side of the question? Do you give it the attention it deserves?

It isn't as though this watch care would cost you much, because it wouldn't.

Just the other way, in fact—one of the wisest strokes of economy that anyone can practice is to let a competent man take a peep into his or her watch occasionally.

You ask how frequently.

Once a year, anyway—often wouldn't hurt.

We are well fixed to look after all your repairing needs.
