The Lobster Creek bridge fell last week with two young men, Holly Owens and Parker, seriously if not fatally injuring both of them. They were bruised in many places by the fall of over 30 feet, but Mr. Owens' most serious injury was to the spine, while Mr. Parker had his jaw broken in two places and a number of teeth knocked out.—Port Orford Tribune.

The new steamer Dora, Panters' new boat for the upper river, made her first regular run on Thursday of last week. She is certainly nice and will be greatly appreciated by the upper river people this winter. She is roomy and comfortable to ride on, and makes good time. She made an excursion to Bandon Sunday. She made the run in good time carrying a nice crowd who had a good time, though the day was not the best, considerable rain falling, but no doubt this will be repeated when the weather is more favorable.

Mr. Bender was in the jewelry business here for a number of years and carried it forward with much success up to the time of its sale to Mr. Schroeder. He and Mrs. Bender are also successful optometrists, having had a large patronage since receiving their state license.—Enterprise.

After Dec. 31, 1911 it will cost you.

Aged Man Arrested.

Grand Fork, N. D., Nov. 1.—Probably the oldest man ever arrested in the United States was imprisoned in Fort Totten today when C. M. Ziebach, aged 107, was arrested charged with introducing liquor on the Indian reservation.

A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute of Portland, Ore., operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details.

The Oregon Short Line is to issue \$72,000,000 in new bonds. Think of what a long line would require.

The recall of the Swedish Minister from the United States is not necessarily a sign that the Swedish movement is becoming popular.

The "Old Guard" says that if Mr. Roosevelt does not make good in November he will never be heard from again. Oh, yes he will.

The "Big Stick" which was announced as going out of use when it quitted the White House, is still on the job, and great is the havoc thereof.

As all the published pictures of Vice-President Sherman continue to show that pleasant, sunny smile, the natural assumption is that the photographs were taken before the Roosevelt convention.

For Sale.

Do Dreams Come True?

Well, yes, in part, according to a peculiar incident which happened among the wood kings of the Coquille valley, personally, the two Johns, Fouts and Rhodes, as related by Jake, the chief hostler of the firm. John Rhodes had been attending the regular duck shooters' sessions at the McQuigg boys' rendezvous where many interesting duck stories are told, and he being an enthusiastic hunter, and having just purchased a fine gun, the stories of big bags of ducks worked continually on his mind, so one night after attending the meeting the Johns retired together as usual. In the middle of the night Rhodes had a severe attack of somnambulism. He reared up in bed and talked so loud that he awoke Fouts up who soon discovered that he was talking in his sleep and imagined he was hunting ducks with John Fouts, and he says "there they come, John look out they are right over your head, no here they are right over me. There I have shot," and John Fouts being aware of the fact says "yes and you have hit me." At this stage of the game John Rhodes awoke and sure enough he had shot John Fouts but after a close examination they found the wound was a large but not a serious one and did not draw blood, so there was no physician called but since that narrow escape John Fouts makes John Rhodes sleep alone.

If a syndicate is really running the insurgents and the system the stand-patters, what in the world are the people running?

We hope that the doctor who says that we are all going to be crazy very soon remember that campaigns do not last forever.

It Isn't Possible

to make fine and tender bread, biscuits and pastry all the time unless you use a flour that is the same in every sack. If you use Olympic Flour week in and week out, you know that all your bakings will prove satisfactory. Often the stove is burned when the flour is not fresh. If the flour is the same in every sack your baking will always be the same.

That's the beauty of using Olympic Flour. You know it will always make the same good, tasty bread, biscuits and pastry, because Olympic Flour never varies. It is made of selected, Northwestern grown, Blue Stem wheat.

Something New In Kitchen Ware

The "SSE" Pure Spun Aluminum Ware is rapidly coming into use for cooking purposes. It is taking the place of granite and enamel ware because while its first cost is a trifle more than ordinary ware, it is really much cheaper in the long run, as it is guaranteed for twenty-five years and will last practically a life time.

The genuine "SSE" Ware, made only from pure SPUN (not cast) Aluminum, will not crack, scale, peel, break, scorch or burn.

It looks like silver but weighs only about one-quarter as much, is easily cleaned and handled, and will not rust, corrode or tarnish. Absolutely pure, non-poisonous and wholesome; saves money, time and doctor's bills.

Where you get the original and genuine ware, you are guaranteed with the "SSE" Cross. At your dealer.
