## K. P. CONVENTION

The Fourth Annual Convention of the Knights of Pythias, of Coos county was held at Myrtle Point on June 6th. A large delegation of Knights and Pythian Sisters came up from Bandon in time to catch the morning train from Coquille where they were joined by the Knights and their ladies from Lycurgus Lodge at Coquille, and members of Myrtle Lodge at Marshfield, which by the way is the oldest Pythian Lodge in Oregon. Together these delegations proceeded to Myrtle Point, where they were met at the train by the Knights and ladies of Hecla Lodge. Here every Knight and Sister were decorated with an appropriate badge. At noon time an elaborate spread was served at the banquet room at the hall. At two o'clock a procession was formed, with life and drums at the head, and every one proceeded to Dixon's Grove where the afternoon exercises were held. Owing to court being in session several that were to take part in the exercises could not be present. However everything seemed to adjust itself to the changed program and all moved along smoothly. W. C. Chase presided and Prof. A. T. Park of the Myrtle Point schools made the address of welcome on behalf of the local lodge and citizens of the town. Mayor J. W. Mast of Bandon responded for Delphi Lodge of that place, Tom Hall for Myrtle Lodge of Marshfield, and A. T. Morrison for Lycurgus of Coquille. At that time the North Bend delegation had not arrived.

Bro. Knight of Seattle who is in Coos County in the interest of the insurance department of the K. P. order, was then introduced and in his inimitable way kept the crowd in laughter for some time, when adjournment was taken to meet the train and welcome the belated guests who were unable to come earlier in the day. After the arrival of the train the business meeting of the convention was held. Bro. Phelan of Myrtle Point presided.

Quite a large number came up from Coquille by auto in the evening. Judge Topping of Bandon making two trips with his machine to bring up some who were detained at court. At six o'clock the good sisters invited all to the banquet tables again where a real feast had been prepared. In addition to all the good things to eat too numerous to mention, there were strawberries by the bushel and real "strawberry" cream by the gallon. Certainly the sisters of Myrtle Point know how to find the way to a man's heart. Right here we want to say that it would do the heart of any of the eligible young ladies good, (who are looking for a spouse that would be real handy around the house) to see the way Knight Ed Roberts buckled on an apron and made himself handy by assisting the ladies. We most heartily recommend him for a model husband.

In the evening tickets were given all the ladies and they spent an enjoyable evening at the theater, while the Knights gathered at the hall where the Bandon team put on the work in their usual fine style. Bandon team having won the Banner in three successive contests was declared to be entitled to keep it as their property. The Bandon boys agreed to put up a new banner for the different teams in the county to contest for next year. During the evening more speech making was indulged in and the very best of good fellowship prevailed, so that when adjournment was taken the spirit of Fraternity was at high tide. At this time the Ladies again led the captive Knights to the banquet room where full justice was finally done to the midnight spread.

Every guest voted the meeting at Myrtle Point the best ever, but those ladies were not done, for the next morning they appeared at the

railroad station with baskets full of the choicest roses and presented each one with a splendid bouquet of those beautiful flowers. Certainly the hospitality of the Knights and Sisters of Myrtle Point has endeared them to the hearts of every visiting Knight and Sister.

# GOV. WILSON AS FOE OF BOSSISM

## Utterly Routed Smith In Fight Over U. S. Senatorship.

## SMASHED ONE MAN POWER.

New Jersey Executive's Determination Yielded Victory and Was Conspicuous Evidence of His Purpose to Show No Quarter When His Conviction of Right Met Opposition.

Hon. Woodrow Wilson, governor of New Jersey, has come very sharply into the political limelight in the last few months by reason of his fearless and effective advocacy of the rights of the people to govern themselves without interference from the great corporations and vested interests. Governor Wilson is a native of Virginia, having been born at Staunton Dec. 28, 1856. He is the son of a Presbyterian minister of Scotch Irish descent. As a boy he lived in the south and at the age of nineteen entered Princeton university, from which he was graduated in 1879. He took a course in law at the University of Virginia and was admitted to the bar. He practiced law in Atlanta for two

years and then took a postgraduate course in political economy, history and jurisprudence at Johns Hopkins university, Baltimore. His writings on political subjects while at Johns Hopkins attracted much attention, and he was offered the professorial chair at Bryn Mawr, Pennsylvania, the famous college for women, where he remained for three years. From Bryn Mawr he went to Wesleyan university, at Middletown, Conn., as professor of history and political economy, and in 1890 he joined the faculty of Princeton university as professor of political economy and jurisprudence. The title of this chair was later changed to professor of jurisprudence and politics. In 1902 Professor Wilson was chosen president of Princeton university and occupied that position for eight years. His incumbency of the office was a continual fight against special privileges and an effort to make the university more democratic than it had been in the past. In 1910 President Wilson was nominated as the candidate of the Democracy of New Jersey for governor and was elected by a plurality of nearly 50,000 after a speaking campaign that was remarkable in rousing the people of the state from one end to the other and swinging to his support thousands of Republicans who were dissatisfied with the present conduct and management of the Republican party.

Governor Wilson has more than fulfilled his pledges. He promised the people of New Jersey that he would be their representative at the state capitol and would guard the interests of the whole people to the best of his ability. Among the specific promises which he made were that he would do all in his power to secure the enactment of the public utilities bill for the control of railroads and other public service corporations; a revised primary law that would give the people absolute control of the nominations for all officers, including delegates to presidential conventions, and take the selection of candidates out of the hands of the bosses; a corrupt practices law that would make bribery and the use of money of corporations in elections difficult, if not impossible; a law providing for the commission government of cities by the votes of the citizens and including the features of the initiative and referendum and the recall; an employers' liability law which would protect the interests of the workers automatically without making it necessary for them to go to court to obtain their rights in case of injury while at work and several reform laws of great local importance in his own state.

Although the legislature of New Jersey was Democratic on joint ballot, the senate was Republican, and at first it seemed to every one that Governor Wilson had undertaken a hopeless task of endeavoring to force these reforms through an unwilling legislature. People declared that he would find practical politics something entirely different from the academic the-
