**MEET ME IN MARSHFIELD**

Washington, D. C., June 26.—The famous Cunningham Alaska Coal claims through which it has been alleged that the Morgan-Guggenheim syndicate planned to extend their vast interests in Alaska and to control one of the most vast and valuable coal fields in the world, were today formally dissolved by the department of the Interior. Secretary Fisher of the Interior department having approved the department's decision as handed down by Fred Dennett, commissioner of the land office the last door, is believed to have been closed to the Cunningham claimants. Their attorneys have threatened an appeal to the United States Supreme Court but such an appeal can be based only on some point of law involved and not on the findings of fact as announced by the department.

The Cunningham claims have been in the public eye for more than two years. They brought about the Ballinger-Pinchot investigation by Congress and the dismissal from public service of Chief Forester Gifford Pinchot, Louis R. Glavis, chief of field division land officials. Pinchot and Glavis were dismissed for insubordination, incident to their attacks on Ballinger who they claimed was favorably disposed toward the claims.

In announcing the decision of the Department today Secretary Fisher, who succeeded Ballinger, declared that new coal land laws are needed in Alaska if that territory is to be developed properly.

Commissioner Dennett in his decision holds that each of the 33 entries was improperly allowed and asserts the government conclusively established the charges brought against the claimants and that there is not a doubt that an agreement existed between them in violation of the law. The 33 claims involved aggregate 5,350 acres. The value of the land is estimated high in millions.

Administrators of the estate of William Coach, deceased.

**SUMMONS.**

In the Circuit Court of the State of Oregon in and for Coos County.  
Anson E. Shuster,  
Plaintiff,  
vs.  
Mary L. Shuster,  
Defendant.

To Mary L. Shuster, the above named defendant: In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled Court and cause on or before Thursday, the 27th day of July 1911, the same being the last day of the publication of this summons, the date of the first publication thereof being 15th day of June A. D. 1911.

And if you fail to appear answer or otherwise plead herein within said time the plaintiff will thereafter apply to the Court for default against you, and will further demand a decree for the relief prayed for in his complaint filed herein, to-wit:

That the bonds of matrimony now and heretofore existing between you and the plaintiff may be dissolved and held for naught, and for absolute divorce from you upon the grounds of cruel and inhuman treatment and personal indignities rendering life burdensome, and on the further grounds of willful desertion for more than one year.

This Summons is published by order of the Honorable John S. Coke Judge of the Circuit Court of the State of Oregon for Coos County, dated the 12th day of June A. D. 1911, which requires this Summons to be published in the Coquille Herald, once each week for six consecutive weeks, the date of the first publication of the same being June 15th, 1911.

N. C. McLeod,  
Attorney for Plaintiff,  
Residence North Bend, Oregon.

**A Bake Shop Test**

Is made of every milling that Olympic Flour is made of. One of the best bake shops anywhere is run in connection with the mill that makes Olympic Flour. Every bunch of flour that goes through the mill is tested. It has to be up to the highest standard—has to make the best bread possible, else it doesn't go into the Olympic sacks.

That is the reason your bakings of bread, biscuit and pastry are always uniformly good when you use Olympic. Your bakings can't be expected to be the same unless the flour is. Therein lies the beauty of using Olympic.

**Three Vital Reasons**

"I want to give every person not using electric light three vital reasons why the General Electric Mazda Lamp should make them have their house, store, office or factory wired.

First—  
The G-E Mazda Lamp gives nearly three times the light of the ordinary carbon incandescent.

Second—  
It costs no more to burn.

Third—  
The quality of light is vastly superior—a clear white light like sun rays."

"The General Electric Mazda Lamp represents the high-mark in the evolution of incandescent electric lighting. It blends inventive triumph and manufacturing skill—and you reap the benefit in the form of dollars and cents, and freedom from eye strain when using artificial light."

"I want the chance to prove to your entire satisfaction that this wonderful lamp is even better than represented. Come in today and see for yourself. Your call places you under no obligation, and is apt to be decidedly to your profit."

Be careful to see that every electric lamp you buy bears the G. E. monogram.
