RAYMOND TEAL COMEDY COMPANY

The Raymond Teal Musical Comedy Company closed a two nights' engagement here last evening, playing a different comedy each night. That the efforts of the company were enjoyed by the audience was evidenced by the crowded houses and the hearty and continuous applause.

Mr. Teal is a comedian of high order and the company as a whole render their several parts in a manner worthy of the patronage given them.

Lorine, the two-year-old daughter of O. W. Wilson of the Scenic Theatre, one of the promoters of this company, deserves personal mention in connection with the success of the comedy, as she was persistent in maintaining a prominent position near the footlights, spurring the dancers to better efforts, supervising the musical director and taking general charge of the forepart of the building. The vigorous encore accorded her would have carried off first prize had she been allowed among the contestants.

PROGRESS OF THE TRIAL OF GARRISON

The case of Frank S. Garrison, who some months ago was convicted of the murder of Roy Perkins, and sentenced to be hanged, is again being prosecuted by District Attorney Brown of Roseburg. After many days spent in the wearisome task of examining jurors, a jury was finally secured late Monday evening, as follows:

H. A. Johnson, James T. Jenkins, Alva Hantley, D. E. Willard, C. C. Price, Elma Howe, W. R. Foote, Aaron Wilson, Orvil Dodge, J. C. Lett, Joseph Meyers, H. N. Tyrrell.

The identification of the body found in Coos Bay as that of Roy Perkins covered considerable time and it was not until the middle of the week that all the witnesses for the state had been examined. At the time of going to press the counsel for the defense was examining witnesses and no doubt several days will elapse before the case is turned over to the jury. No new evidence has been produced, the different witnesses simply reiterating former testimony.

The State of Oregon vs. J. L. Conger of Bandon. Larceny—calf stealing. Jury returned verdict of guilty as charged. Defendant sentenced to be confined in the county jail for a term of four months and to pay costs and disbursements of prosecution.

Three Vital Reasons
"I want to give every person not using electric light three vital reasons why the General Electric Mazda Lamp should make them have their house, store, office or factory wired."
First—
The C-E Mazda Lamp gives nearly three times the light of the ordinary carbon incandescent.

Second—
It costs no more to burn.

Third—
The quality of light is vastly superior—a clear white light like sun rays.

"The General Electric Mazda Lamp represents the high mark in the evolution of incandescent electric lighting. It blends inventive triumph and manufacturing skill—and you reap the benefit in the form of dollars and cents, and freedom from eye strain when using artificial light."

"I want the chance to prove to your entire satisfaction that this wonderful lamp is even better than represented. Come in today and see for yourself. Your call places you under no obligation, and I hope to be decidedly to your profit."

Be careful to see that every electric lamp you buy bears the G. E. monogram.
