Every legitimate enterprise should be given friendly encouragement and industry, intelligence and capital should be united in a common cause for the betterment and development of our city.

Congressman Hawley is endeavoring to get the life saving station at Marshfield moved to the mouth of the river. He cites the loss of six lives on the North Star No. 1 because the life savers could not quickly reach the scene of the accident.

Governor West has issued invitations to Eastern Governors to visit the Coast states, which read in part as follows: "We of this vast Western empire would cherish the honor of leading you through the living panoramas of our magnificent country, with its waiting acres of fruitful soil, its varied and healthful climate, its unsurpassed scenery and its boundless and unmeasured opportunities. We reach out from the Pacific the hand of western hospitality and trust you may be our guests."

Considerable space has been given in some papers to the attempts to get the President to commute the sentence of Charles W. Morse, the New York banker, who is said to be dying. The public, which remembers how the financial victims of the banker suffered, some of them losing their all, does not seem to be greatly overcome by the fate of a man who apparently held personal gain to be more than the lives and fortunes of those who trusted to his integrity, but the granting of a pardon will probably meet with no particular protest.

THE MAIL PROTESTS PRODUCE RESULTS

The petitions recently circulated in Coquille, Myrtle Point and Bandon for a resumption of the usual mail service on the Roseburg route—a daily through service—has been ordered complied with by the postal authorities. Over three hundred business and professional men in the towns named appended their names to the document that touched the proper spot in Uncle Sam's servants and brought joy to the hearts of all in this section. Mr. J. S. Barton, of this city, forwarded the petition to Hon. W. C. Hawley who in turn brought the attention of the postoffice department to the demands made with the result that a telegraphic order was sent to the carriers of the mail to resume the service as heretofore existing. Following is a letter from the Fourth Assistant Postmaster General to our worthy Congressman and forwarded by him to Mr. Barton that explains the matter:

POST OFFICE DEPARTMENT
Fourth Assistant Postmaster General,
Washington, January 17, 1912.
HON. W. C. HAWLEY,
House of Representatives.

My Dear Sir:
I am in receipt of your letter of the 15th instant, transmitting protests from patrons of the post offices at Bandon, Coquille and Myrtle Point, against a change in the schedule of star route No. 73207, Roseburg to Myrtle Point.

In reply I beg to advise you that the recent change authorized in the schedule of the star route was made upon the recommendation of a representative of the Department to avoid night travel over the mountain during the winter season and afford greater security to the mails.

In view of the protests submitted, however, the contractor has been directed to resume his former schedule.

Very truly yours,
P. V. DEGRAW,
Fourth Assistant Postmaster Gen'l.

ELECTION CALENDAR STATE OF OREGON

Secretary of State Olcott has just issued a pamphlet that gives reliable information regarding the important features of our election system. It relates to the filing of candidates' petitions, initiative petitions, expense statements and primary and general elections for the year 1912. It is the first of its kind issued in this state and will prove valuable alike to the general public and prospective officials. Following are some of the dates given regarding both the primary and general elections:

County clerks opened books for registration January 2; close them April 9 at 5 p. m.

Latest date for candidates to file nominating petitions, April 3.

County clerks close registration books before primary election, April 9.

Date of primary nominating election, April 19.

At the primary election political parties will nominate for same offices and in addition will express their choice for president and vice-president and elect delegates to the national conventions.

County clerks of the respective counties reopen books for registration April 5 and close the same May 15 at 5 p. m. Books again reopened June 4; close October 20 at 5 p. m.

Date of general election, November 5.

At the general election there will be elected president and vice-president, one United States senator, three representatives in congress, secretary of state, justice of supreme court, dairy and food commissioner, two railroad commissioners, five electors of president and vice-president of the United States, judge of the circuit court, prosecuting attorney, state senator and representatives, sheriff, clerk, assessor, treasurer, district attorney, coroner, surveyor, commissioner, justice of the peace and constable.

RESOLUTION

Whereas, Local Coquille of Coos county of the Socialist Party, has received a petition for the recall of Circuit Judge John S. Coke for gross incompetency, with request that the Local solicit signatures to same; and

Whereas, said John S. Coke is not a member of the Socialist Party; therefore be it

Resolved, that Local Coquille has no part in said recall petition; for if said judge had been elected by the Socialist Party he would, if necessary, be recalled without any petition, because he would have been compelled to sign an undated resignation before becoming candidate, then all that would be needed to recall him would be for the proper committee to fill in the date and present it to the proper officials.

Adopted January 28, 1912.
J. E. QUICK, Secretary,
W. H. LYTTON, Chairman
Local Coquille.

Washing is one of the unpleasant features of every woman's work. We would suggest a trial of Kleeno Washing Powder. It is the latest and very best washing compound ever offered to the consumer. It is the result of many years of careful study of a combination of vegetable oils and borax in proper proportions to produce a perfect washing powder, and it is only necessary to use one-half as much Kleeno as of other washing compounds. It makes the most economical washing powder on the market. It is absolutely faultless in its work, and saves money, time and temper. It softens the hands, leaves no disagreeable odor and is the peer of all washing powders. You will find it at Drane's Store. It is absolutely guaranteed to do the work.

The Sound Sleep of Good Health

Is not for those suffering from kidney ailments and irregularities. The prompt use of Foley Kidney Pills will dispel backache and rheumatism, heal and strengthen sore, weak and ailing kidneys, restore normal action, and with its health and strength. Mrs. M. F. Spalburg, Sterling, Ill., says: "I suffered great pain in my back and kidneys, could not sleep at night, and could not raise my hands over my head. But two bottles of Foley Kidney Pills cured me." For sale by C. J. Fuhrman.

THEY DO SAY

That while a table has legs it cannot walk.

That age and a small brother tell on a girl.

That some lawyers could not try a case of lard.

That fools rush in where bachelors fear to wed.

That watchmakers have a habit of working over time.

That a man isn't always known by his wife's company.

That most men draw the line when it comes to fishing.

That at the dinner table soup should be seen and not heard.

That an umbrella now and then is borrowed by the best of men.

That it is better to count your earnings before they are snatched.

That platonic friendships end when she begins cooking lessons.

That a pretty girl does not have to propose during leap year, and a homely one is afraid to, but

That the strenuous widow is ever with us.

That bachelors should beware of girls with dreamy eyes; they are usually wide awake, and

That he should never judge a girl's riches by the purse of her lips.

That there may be a great many people beneath flattery, but very few are above it.

That justice is represented by a woman because men are always flirting with her.

That an optimist is a man who refuses to eat pie for breakfast because it is short and crusty.

That when a man talks about himself he cares not if the whole world stops to listen.

That a man may have his price but it takes a woman to make him feel like a bargain counter remnant.

That though lots of people are nearly as smart as John D. Rockefeller, the world's richest man, that little difference makes a big difference.

A Warning Against Wet Feet

Wet and chilled feet usually affect the mucous membrane of the nose, throat and lungs, and la grippe, bronchitis and pneumonia may result. Watch carefully, particularly the children, and for the racking stubborn coughs give Foley's Honey and Tar Compound. It soothes the inflamed membranes and heals the cough quickly. Take no substitute. Miss Harriet Dunn, secretary of a Chicago branch of the Woman's Christian Temperance Union, has started a campaign against the adoption of a new national anthem. Miss Dunn has received an assignment of 900 buttons which she will distribute. Each one bears the inscription: "The Star-Spangled Banner is Good Enough for Me." The campaign is directed against those who raised \$1,500 among Chicago school children as a prize for a new anthem.

Forty tons of sugar beets from one acre of land, and the beets the largest ever produced in the world, according to experts, is the record made by Peter Loubet, a rancher, who lives two miles south of Pomona. The beets raised on Loubet's prize acre averaged fifteen pounds, although many weigh sixty and others 100 pounds. All are possessed of the proper amount of saccharine. Loubet lays claim to no unusual method in raising his monstrous beets.

The first visit of royalty to the United States in more than half a century occurred January 22, on the arrival in New York City of the Duke of Connaught, Governor-General of Canada and uncle of King George, with the Duchess of Connaught and their daughter Princess Patricia.

E. L. Howe killed a large grey wolf near his place west of town last week. These animals are very scarce in this locality, it being several years since one has been seen or killed. Mr. Howe states that it was not more than a mile from town where the animal was shot.—Creswell Chronicle.

The ties used on the Panama railroad are made of such hard wood that holes have to be bored for the spikes and a special form of screw spike used.

Life Saver

In a letter from Branchland, W. Va., Mrs. Elizabeth Chapman says: "I suffered from womanly troubles nearly five years. All the doctors in the county did me no good. I took Cardui, and now I am entirely well. I feel like a new woman. Cardui saved my life! All who suffer from womanly trouble should give Cardui a trial."

Take CARDUI

The Woman's Tonic
50 years of proof have convinced those who tested it, that Cardui quickly relieves aches and pains due to womanly weakness, and helps nature to build up weak women to health and strength. Thousands of women have found Cardui to be a real life saver. Why not test it for your case? Take Cardui today!

Petitions bearing the names of over one thousand signatures have been secured asking a change of location of the Coos Bay Life Saving station to a point where more lives are placed in jeopardy.
