Ola Simonsen of Riverton was in the county seat Tuesday to pay his taxes, to register as a voter and to square up his subscription to the Herald which afforded him the most pleasure.

A consignment of goods replete with everything usually found in a dry goods store is on the way. Purchased at low prices, selected with care by an experienced buyer, the customers of The Fair Store have reason to rejoice.

Fred Slagle has just sold two Ford automobiles to Coos County buyers, and has in prospect the disposal of several more of these popular machines to those who would ride in a luxurious car at a nominal expense.

A woman's day meeting will be held at the little church Sunday evening, February 25. Topics of paramount interest to women will be discussed, and a meritorious program rendered consisting of songs appropriate to the occasion. All welcome.—By order of committee.

Mr. A. H. Kellogg accidentally severed a finger from his son one day this week when the little fellow came too near his father while at work. This incident will act as a memento for cautiousness and may serve him well in the battle of life. As it was the loss of a little finger no great inconvenience will result.

Miss Iva Howey, daughter of E. E. Howey, has been called to teach her second term of school at Sunnyside which begins March 18. Conscientious teaching and satisfactory testifies, as evidenced in her former term, are merits that have won for Miss Howey the high esteem of parents and scholars alike.

M. O. Hoofon, who lives about a mile north of the city, brought to the Herald office one-year slips of the Oregon Champion Gooseberry, tully two feet in height and possessed with abundant roots to warrant a rapid growth. He says it is unwise to send away for plants or shrubs when, with proper attention, the productive soil here will yield better results than elsewhere.

Coquille is to be congratulated in being afforded a place of amusement fraught with all the requisites to make life enjoyable for both old and young. It is a home institution conducted by home citizens and the music—the best—furnished by home people. It is warm, clean and cozy, the proprietors affable, the moving pictures the best that can be obtained. It is needless to add that the place in question is the Scenic Theater for no other institution of this character exists in Coquille.

C. A. Harrington, proprietor of the Skookum Restaurant, would have it understood that he has not moved, nor does he intend to, from his present location. He is not only situated in a favorable locality but has all accessories in place requisite in a first-class restaurant, and there he intends to remain serving his many customers, and all who may patronize him, with clean, wholesome food at reasonable prices. The Skookum has the distinction of being the only first-class restaurant in the city, and Mr. Harrington, the genial proprietor, is deserving of the success he enjoys. When hungry try the Skookum.

The Lyons building, near the Herald office, is undergoing repairs on the roof and otherwise receiving substantial improvements. J. C. Walling, the auto man, has leased the premises and will shortly open a garage, and conduct an auto livery business using "Reo the Fifth," a machine in which he deals. Automobile sundries will be kept in stock and a first-class machinist will be employed to transact work pertaining to his line.

Neighboring Visitors

Interesting Subject to be Debated

A debate between pupils of the North Bend High School and the Coquille High School will take place at the Masonic Hall this city, Friday evening, February 23. The subject: "Resolved, That life imprisonment with restricted power of pardon should be substituted for capital punishment in Oregon." is one that will prove very interesting at this time in view of the position our Governor has taken in the matter. Coquille has the affirmative presented by Naomi Knowlton, Perry Lawrence and Alice Stanley; North Bend the negative. Scholars of Coquille are prepared to advance a strong argument for their side of the question and a crowded house should be a reward for their efforts. Admission 25 cents.

Closing of the Basket Ball Season

The final basket ball games of the season were played last Friday evening at the Masonic Hall, the Bandon and Coquille teams being the contestants. The Coquille girls showed much greater strength than ever before and succeeded in making five points while their opponents scored seven points. The girls' teams of the county did not have a complete schedule, but the Bandon girls won more games than any other team and will probably claim the championship of the county.

The boys' game was interesting only in so far as it showed how many baskets the Coquille boys can throw in forty minutes. The Bandon quintet showed good team work at times, but they failed to get the basket permanently located. They succeeded in making only eleven points while the local team made forty-five. This is the highest score made in any game in the county this season.

While the Bandon and Coquille basket ball teams were playing in Coquille last Friday evening, Myrtle Point and Marshfield were also engaged in a contest in the latter city. These games ended the schedule of eight games for each school, and determined the championship of Coos county. Myrtle Point won first place while Coquille and North Bend tied for second. The outcome in games played is as follows: Myrtle Point won eight games and lost none; North Bend won five and lost three; Coquille won five and lost three; Bandon won one and lost seven; Marshfield won one and lost seven.

Potatoes at \$1.75 per hundred is an inducement for Coos county ranchers to dispose of one hundred and fifty tons to relieve the "spud" famine existing in California.

The superior strength and durability of the Remington and its greater reliability under every condition of service have always been recognized.
