The Coquille Band favored the people of the city with several choice selections of music from the top of the court house Sunday afternoon. The strains from the silvery instruments reverberating from adjoining hills were enchanting. The position chosen by the band boys is not regarded with any political significance—only a treat for all of every faith.

E. C. Barker visited with his parents at Fairview over Sunday leaving for Marshfield Tuesday where he will reside in the future. His household goods have been shipped to his new home. Should discontentment ever cross the path of Mr. Barker the open hand of good fellowship is ever extended by his many friends in Coquille to guide him joyously on the journey of life.

Arthur Coates of Bandon and John Day of Euchre Creek—with his dog "Sandy"—visited Coquille Monday preparatory to going to the South Fork where the ability of the dog in hunting bear will be tested. W. J. Gordon, an old-time printer with whom the publisher of the Herald labored over twenty years ago in the land of the Dakotas, was in the city Monday recalling incidents of long ago. Mr. Gordon had just returned from a bear and wild hog hunt in Curry county and exhibited trophies of the chase in evidence that he can handle the gun unerringly as he also can the "lead-messengers of thought." He left for Marshfield on the afternoon train at which place he now resides.

K. Halverson has moved his tailoring establishment in the building on First street formerly occupied by Schroeder, the jeweler. He has on hand a very choice line of samples for gentlemen's spring and summer wear, and he invites all who desire to be clothed first class at reasonable price to give him a call and satisfy themselves that he merits their patronage. Will be in a position to do dry cleaning and pressing next week in his usual satisfactory manner. Mr. Halverson invites a call from all his old friends in his new quarters.

J. L. Barker and wife of Fairview had occasion to visit a neighbor the other day taking a horse and buggy as a means of conveyance. The buggy was the usual kind having an open place under the seat where ingress with the hand can be gained from the rear. The visit concluded, Mr. Barker put a halter, rope and some other effects under the seat and started for home. At his destination Mr. Barker reached for the articles under the seat and encountered a hen which had laid an egg enroute. This is exactly the case without egg-saggeration, was not egg-spected, and created egg-streme surprise in discovering the egg under such egg-sperating conditions. The egg is a dilemma to Mr. Barker as to who is the rightful owner. Who can tell?

Scenic—a very appropriate name for a theatre, and it is very fitting to one in this city that enters to the enjoyment of its patrons at all times. How much unlike another affair, the name of which is significant only of wealth—of money. The Scenic appeals to the people, not only because of its name, but because it is owned and operated by home people. The liberal patronage it receives is sufficient evidence that it is fully appreciated.

"Merely Mary Ann" was greeted with a full house at the Heazlet last Friday evening, and the Gladys Brockwell Company were entitled to the liberal patronage accorded them. The play is one of absorbing interest and the actors proved equal to the task in the rendition of their various parts to the satisfaction of the large audience. The Coquille band furnished the music from a chosen number of their members and the selections produced were superb. Tonight "The Great Divide" will be presented at the Heazlet by the same company, and we doubt not that the company will both merit and receive a good attendance from our theatre goers.

The 5c, 10c and 25c counters at the Fair Store are well worth patronizing.

Farmer's Union will meet at W. O. W. Hall Saturday, March 9, at one o'clock in the afternoon. All members are urgently requested to be present, particularly the ladies, as business of importance is to be transacted. W. L. KISTNER, President.
