The jewelry store of W. H. Schroeder is a model of excellence and one that the people of Coquille as well as its general proprietor should be justly proud of. Modern in every detail, replete with everything usually carried in an up-to-date establishment, every want in the jewelry line can be obtained here and at prices more reasonable than in the larger cities. Repairing and adjustment of watches a specialty.

Work on the sewer on First street began Monday last. Following this improvement will be the pavement ninety days being allowed for its completion. A rough and rugged road will doubtless be the lot of those who traverse the street while the work is in progress, but the anticipation of a modern thoroughfare in due time will mitigate for obstacles and inconveniences encountered.

Buy your garden seeds in bulk—peas, beans, corn, onions, radishes, etc. All fresh, choice seeds at Knowlton's Drug Store.

Lieutenant L. B. Howey has been transferred from Borongan, Samar, P. I., to Masbate, Masbate Island, P. I. The lieutenant is a son of E. E. Howey of this city and has charge of the constabulary of the section in which he is assigned, a duty devolving upon him not only to look after the health and well-being of the troops, but the inhabitants as well. The labors are arduous and require much diligence, but compensation is derived from the conscientious knowledge that the healthfulness of the community is enhanced thereby. Lieutenant Howey has served eighteen months, one-half the term of enlistment in the service of Uncle Sam, and everything has been well thus far. That the balance of his term may be equally fortunate is the wish of his many friends in Coquille.

Teachers Elected

At a recent meeting of the School Board of Coquille, all the present teaching force was re-elected. With but two or three exceptions, all have accepted the positions for another year. The board and the superintendent are greatly pleased with the outlook for next year. With almost a complete corps of teachers who are familiar with the school and who will know from the beginning just how the work is to be carried on, excellent results should be expected. When school began last fall, only three of the teachers had ever taught in Coquille before. Under such conditions it is impossible to get the work under way without considerable loss of time and energy. When school begins next fall with the teachers at present employed in their accustomed places, this loss will be eliminated.

LOCAL SALESMAN ON BUSINESS AND PLEASURE

William Candlin returned Tuesday from a business trip to towns in Curry county. This is his first visit to that section since last September and he reports much improvement since that time. Wedderburn is on the boom, an electric light plant, large saw and shingle mills and many other buildings of lesser type being constructed. While at Langlois on Saturday last Mr. Candlin attended the institution of the Masonic lodge at that place, and was royally entertained. The lodge starts out with nearly thirty charter members. The name chosen is "Golden West Lodge," the number of which will be designated when the grand lodge convenes in Portland next June. Following are the officers of the new lodge:

W. M.—Jerry Huntley.
S. W.—Joe A. Cox.
J. W.—Jas. McAdams.
Treasurer—A. A. Jamieson.
Secretary—J. G. Russell.
S. D.—Wm. Kent.
J. D.—J. F. Gillings.
S. S.—J. D. Louks.
Jr. S.—R. McPhillaney.
Tyler—Geo. Farrier.

Mrs. W. P. Holman died at Bandon Friday last from a stroke of paralysis attacking her two days previous. She had been a resident of Bandon for twenty-six years and was a native Oregonian being born in Dallas August 30, 1852. Mrs. Holman was a woman of exemplary character and most highly esteemed by her acquaintances. An aged mother, Mrs. H. G. Burnett, a husband, five children, Frank, Ralph, Roy, Clarence and Mrs. W. W. Smith survive her. Eleven grandchildren are also living.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. Silks, 29 Dowling Street, Sydney, Australia. This remedy is for sale by all druggists.

THEY DO SAY

That a hit in line saves nine.
That some bricklayers couldn't lay an egg.

That money makes the auto go, and
That the reckless chauffeur is never wreckless.

That some men run for office and others win in a walk.
That folly is as plentiful as wisdom isn't.

That many a woman who has but little to say keeps saying it all the time.
That knocks are a drug on the market, but boosts always stick among the staples.

That even if a woman cannot afford a new hat she can criticize her neighbor's.
That many a good woman who wouldn't think of using her religion as a cloak stays away from church because she can't afford a new coat.

That if a leap year girl has money to burn it isn't difficult to find a young man willing to furnish a match.

That some people never arrive at a conclusion until the undertaker is ready to take their measure.

That a married man's mind is never at peace. If his wife talks while he is reading the newspaper he is annoyed; if she doesn't he is apprehensive.

You will look a good while before you find a better medicine for coughs and colds than Chamberlain's Cough Remedy. It not only gives relief—it cures. Try it when you have a cough or cold, and you are certain to be pleased with the prompt cure which it will effect. For sale by all druggists.

Perhaps a young widow might get rid of her weeds by marrying a gardener.

Arra-Na-Pogue

Or "Arrah of the Kiss"

Dion Bouicault's Famous Play in Three Reels

Enacted by an all-star company of players in the most picturesque part of Ireland. Was produced under the direction of Sidney Olcott, who plays Shaun, and the scenario and title role by Gene Gauntier. The greatest of all Irish productions in three reels.

The Play is Full of Action
The Photography Magnificent

The scenic backgrounds are beautiful and the characters are strong. Not a dull moment in the entire three reels. Pictures that linger with pleasant memories. This famous story, enhanced by perfect pictures, capable actors, all necessary accessories, and every attention to detail, makes this film the most enjoyable produced by the Kalem Co.

FRED K. GETTINS

Republican Candidate for State Senator Coos and Curry Counties

I WILL FAVOR

Progressive Republican Policies.
State Aid for Highways.
Opening of Rogue River to Commercial Fishing.

Greater Economy in Our State Institutions.

Liberal Legislation for Our Common Schools.

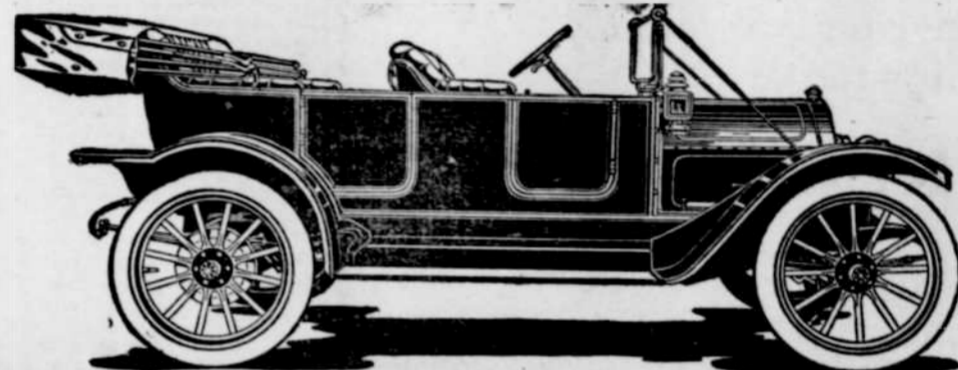

I have Subscribed to this Statement: I will vote for that Republican candidate for the U. S. Senate who receives the highest vote in this district, and not for that candidate because he lives in Multnomah, Marion or any other county and is not endorsed by the voters of this district.

REO THE FIFTH \$1,055

30-35 Horsepower, Wheel Base 112 Inches, Wheels 34 Inches, Demountable Rims, Speed 45 Miles per Hour, Made with 2, 4 and 5 Passenger Bodies.

Top and Windshield not Included in Price. We Equip this Car with Mohair Top, Side Curtains and Slip Cover, Windshield, Gas Tank and Speedometer—all for \$100 Extra. Self-starter, if Wanted, \$20 Extra.

THE 25 YEAR CAR

R. E. Olds, Designer

Reo the Fifth

Is the only car based on 25 years spent in car building. In those 25 years I have created 24 models, and have watched their performance with tens of thousands of owners.

I have also kept in touch, since the start of this industry, with all that other men have done. Here is the final result—my finest creation—the best that I can do.

How I Watch it

Never was a car so watched in the making as I am watching this. The prestige of a lifetime is staked on it.

In this car we insist on utter exactness, regardless of time. Parts are ground over and over. Steel for this car is analyzed, so we know its exact composition. Each car gets a thousand inspections.

The margin of safety in every part is extreme. We old designers know the need for that.

I use roller bearings—Timken and Hyatt—instead of the usual ball bearings. In no part is cost considered.

The carburetor is doubly heated—with hot air and hot water—to deal with low-grade gasoline.

Unusual Beauty

The car is immensely impressive. It is long and roomy. The wheels are large, the car is over-tired. We avoid all the petty economies.

The body is finished in 17 coats. The lamps are enameled. Even the engine is nickel trimmed.

There is deep upholstery made of genuine leather filled with hair.

At twice the price no car could offer more comfort or more class.

\$1,055 too Low

The only point which does not meet my approval is this initial price. I believe it too low to continue. It is based on the present low cost for materials, an enormous output, on ideal conditions.

This price I regard as a passing sensation. It is subject to instant advance. Under average conditions, it would be impossible.

But Reo the Fifth will always sell lower than any other car in its class. We have a model factory, modern equipment, enormous capacity. And we have the experience.

We are not over-capitalized—have no bonded debt. And we save about 20 per cent in the making by confining our output to only one chassis.

Thus the best car I can build is being sold at this moment for \$1,055.

THE CENTER CONTROL

No Side Levers

The best new feature of the year is brought out in Reo the Fifth. It is the center control, shaped like a cane handle. All the gear shifting is done by moving this lever less than three inches in each of four directions.

There are no side levers—neither inside or outside the door. So the entrance in front, on either side is clear.

Both brakes are operated by foot pedals, one of which also operates the clutch. Never was a car so simple in operation.

Left Side Drive

These features permit of the left side drive, as in

electric cars. The driver sits, as he should sit, close to the cars he passes and on the up side of the road.

Yet his gear shifting lever is at his right hand and the brake pedals right before him.

This ideal arrangement is found today only in Reo the Fifth.

1,000 Dealers

Reo the Fifth is shown by dealers in a thousand towns. We will tell you the nearest when you write for our book.

This book shows the various styles of bodies. It pictures every detail. It enables comparison with all other cars. It is the most popular book of the season. Write for it now. Address
