PATRIOTISM—OUR MOTIVE

Frank S. Fields for Secretary of State.

Government is only housekeeping "writ large."—La Follette's magazine.

The World Almanac says every fourth person in New York city is a Jew. Verily our leading city is a New Jerusalem.

The Cottage Grove Leader has changed hands again, for the third time within a year. D. H. Talmage, who has owned it for two months, has sold it to D. F. Dean and C. O. Dryden, from whom he purchased the plant.

Ben W. Olcott would apply the "acid test" to individuals with whom he has dealings. The voters will apply the "acid test" to Olcott's republicanism at the primaries tomorrow, and we are of the opinion that the "try out" will leave only dregs of "mugwumpery."

Plans have been completed for a MEN'S league for woman suffrage. Honorable Omar E. Garwood of Denver is the choice for president. There are now twenty-five men's leagues for woman suffrage in the United States all of which are expected to become auxiliary to the national body.

The Portland Telegram of a recent date says complaint is made that children are stealing flowers from the lawns of residents in that city and in many instances ruining little plots which the owners had gone to the trouble and expense of beautifying. Coquille children are not averse to acts of this character and it would be well for parents to instruct their offspring that flowers and shrubbery are regarded as property, and that the taking of the same without permission is a direct violation of a commandment in the Good Book, and all so doing are liable to punishment under our laws.

THEY DO SAY

That it is WISDOM for all public spirited citizens to encourage and foster local enterprises, and

That the saw mills and kindred industries pertaining to the manufacture of lumber furnishes the pillars of STRENGTH for the prosperity of Coquille, and

That the creameries, machine shops, laundries, wholesale houses, wood working and other establishments, give us the wherewithal to add BEAUTY to our fair city and our homes.

That it is about time to cogitate upon selecting another progressive, public spirited man for mayor to be voted for at the approaching city election.

That local democrats are jubilant—and not a few republicans are morose—at the prospects of a democratic president being elected next November, but there is consolation in the fact

That the country will nevertheless continue prosperous and none will have cause for grievance but the ousted office holder.

That a self-important man should remember that the man never lived that the world couldn't get along without.

That a man is apt to get so rattled when a leap year girl proposes to him that she can make him believe he did it.

That it doesn't seem right that a woman should have two ears for

hearing gossip and only one tongue for repeating.

That it's all right for a man to be cool in the hour of danger—if the coolness isn't all in his feet.

That if a man is honest he doesn't have to use a megaphone to advertise the fact.

That the clerk behind the soda fountain is ever ready to do somebody a favor.

That some men give a dollar with one hand and grab two with the other.

That all things are for the best—and every man imagines he's the best.

That history is full of near great men who failed to "come back."

That a man is always willing to pay what he owes—if it is a grudge.
