**Don't Worry—Eat**  
Memphis, Tenn.—Mrs. Emma D. Looney, of this place, says: "I suffered misery for nearly eight years, but since taking Cardui, I am much stronger, and I haven't missed a single meal. I hardly know how to express my gratitude." Don't worry about your symptoms—Cardui doesn't treat them. What you need is strength. Cardui helps you to get it. Take Cardui, because other tonics and medicines do not contain its peculiar and successful ingredients, imported especially for its manufacture. Half a century of success, has stamped Cardui with the seal of public approval. During this time, Cardui has benefited a million women. Why not you? Try it, today.

## SOUTHERN PACIFIC MAN PAYS COQUILLE A VISIT

J. E. Trewin, commercial agent of the Southern Pacific company, with headquarters at Eureka, Cal., called on the Herald today. Mr. Trewin is on a tour of inspection relative to conditions concerning railroad building, and speaks most highly of this section, saying "There is no better country on earth." He said the railroad from Eugene would be completed to Marshfield within two years and the prospects were a line bordering the coast would also be built by that time. The visit was made just prior to our going to press, hence the brevity of the item on a subject we are all so vitally interested in.

Music was furnished by the Scenic Theatre orchestra and, as well known, this is the best. Walter Oerding, Benj Currie and Harold Balch constituted the floor committee and to their efforts the success of the occasion was largely due.
