Big Ben
is a regular "Johnny on the spot"—he never fails.

You're always up on the dot if he is in the sleeping room.

There's a true ring to his morning greeting that makes early risers sit up and take notice.

He gets a rise out of the drowsiest sleeper.

But don't take my word for it. Come in and see for yourself. I always keep him on the counter where everyone can see him.

P. M. Hall-Lewis has taken hold of the city engineer's work with a vim and that it will be properly executed under his guidance none will doubt.

Z. C. Straug of Gravel Ford left Tuesday for Portland for an absence of two months. His wife and the Herald, both loved and indispensable, accompany him.

E. C. Barker and wife came over from Marshfield Saturday to visit relatives and friends. Mr. Barker returned Monday as work in his jewelry store would not justify a longer stay.

Edward E. Dyer of Marshfield is in the city looking after building conditions. He superintended the construction of the W. C. Laird building which is a good monument of his labors.

Attorney Schibrede was in the city today on legal business. He took a quantity of Coquille strawberries home with him as they are better than those raised in the less sunny fields of Marshfield.

Moody-Custer Nuptials

Quite a surprise awaited those assembled at the morning service last Sunday at the Church of Christ. After the opening song the organist, Mrs. Maud Wilson, played a march while the minister led a little procession from the Bible School room to the altar where Miss Viria I. Moody was united in the bonds of matrimony to Mr. Alva Custer. The groom's brother, Irvin, acted as best man, and Miss Della Bryant of Myrtle Point as bride's maid.
The church was very prettily decorated and after the services, the relatives and bridal party were served with a pleasing and bountiful dinner at the home of the groom.
The bride's gown was especially becoming, made of cream mesalieu silk. She carried a shower bouquet of cream carnations.
The groom is well known and deservedly respected in Coquille as is the bride loved for her true character and efficient work in church and school.
They will make their home in Marshfield.

"L" of a Lot of Officers

The names of nearly one-half the officials of Coquille begin with "L" as follows: Liljeqvist, Lawrence, Lyons, Leach and Laird. Hall-Lewis is not without the capital of the twelfth letter of the alphabet in his name. Rather a peculiar circumstance, and, what is better, they are among the foremost in working for the advancement of our fair city.

Gold Mine Discovered

While workmen were removing a sidewalk in front of a saloon on First street three five-dollar gold pieces were found. The gold carried with it a quantity of silver. Since this discovery boys have been following the workmen in their work with a view of enriching themselves. Their vigilance in front of the Herald was not rewarded, even to finding a past-due subscription receipt.

The log is spruce, 78 feet long, 76 inches at the big end and 56 inches at the small end and will weigh over 80 tons. The log will produce 19,600 feet of lumber, clear and flawless.
