WASHING IS HARD WORK

It is unnecessary work as well.

Our family washing service is both satisfactory and economical. Join the happy majority and let us show you, whether you are from Missouri or a native daughter.

COQUILLE LAUNDRY AND ICE CO.

Each age of our lives has its joys. Old people should be happy and they will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action and especially suitable for people of middle age and older. For sale by all druggists.

Robertson-MacLennan

A. J. M. Robertson, principal of our high school, was married to Winnifred MacLennan in San Francisco on Monday, June 10. Mr. Robertson will return to Coquille with his bride in a few weeks where kind greetings from many friends await them.

Savage-Howe

Married—J. C. Savage and Beryl Howe were married at the residence of Mrs. L. A. Savage, Wednesday, June 19, at 12 m., Rev. C. H. Cleaves of the M. E. Church South officiating.

Jane Wickam has taken the happy couple on an auto trip of three weeks' duration leaving by the Roseburg road. Mr. Savage took his pole along as he did other fishing requisites and his friends will doubtless learn how successful he was in company with his life partner.

May Brother Savage's press work upon the great journalistic sheet of life be clear, pure and free from offset, to the highest pleasure of himself, is the wish of his fellow competitor.

An Eminent Hindu Scholar to Lecture

Mr. Taraknath Das, A. M. of Calcutta, India, who was formerly a fellow in Political Science and Economics in the University of Washington, and scholar in the University of California, will deliver two lectures at the Little Church June 21 and 22, Friday and Saturday evenings, at 8 p. m.

On Friday his subject will be "America's Mission in India." Special reference will be made on social, economic and political problems of the people of India.

On Saturday he will speak on "Some Aspects of Social Ethics of Christianity."

After the lecture, the speaker will answer questions put to him by the audience. To meet expenses a silver collection will be taken. All are cordially invited.

Athletes Organize

About the first of June the Coquille Athletic club was organized with the following officers:

Robert Skeels, President
Cecil F. Gibler, Vice-President
Perry W. George, Business Agent
Jess Hoffman, Organizer

The club is limited to a membership of ten and but few are needed to complete the quota. The by-laws require a unanimous vote to elect to membership as it also does to admit visitors to the club rooms. Application for admission can be made to any one of the above named officers. Gentlemanly conduct first consideration. Membership fee \$2.

Arrived from Germany

Florian Stephan, brother of the proprietor of the City Bakery, arrived in Coquille on Tuesday from the City of Sohran, Germany. He left May 25, reached New York June 8, Portland June 15, Coquille June 18, was not seasick and enjoyed the journey. The new arrival is sixteen years of age, has worked a year and a half at the bakery trade in the old country and will assist his brother in business here, having entered upon the duties the first day of his arrival.

Patsy a Brief Caller

The "Patsy" arrived in port Tuesday at 6:30 discharged her cargo and two hours later departed for Portland. She had a fairly good cargo for Coquille merchants as well as Myrtle Point dealers, several pianos being among the needs of our sister town. The Tillamook will soon be in readiness to resume her run, affording a greater carrying capacity than the substitute boat, a necessity required to properly handle the increased trade of the all-water freight way.

The Fourth at Marshfield

The metropolitan city of Coos county is planning a three-day celebration of the one hundred and thirty-sixth birthday of the nation. Dr. Harry Lane of Portland, Democratic candidate for United States Senator from Oregon, will deliver the oration. The city will be brilliantly illuminated by electricity and bunting and flags profusely used. The last day of the celebration will be devoted to Mardi Gras features, confetti battle and a reign of fun, frivolity and jollification.

Automobile Licenses

The following automobile licenses were recently issued to Coquille citizens by the secretary of state: P. W. Laird, Studebaker, 8916; Alfred Johnson, Studebaker, 8185.

PERSO NAL MENTION

Earl Slagle returned from Portland Wednesday.

Dr. R. V. Leep of Bandon was recently admitted to the herd of elk at Marshfield, the only city in Coos county where the B. P. O. E. have a lodge.

Grand Chancellor Commander F. F. Wrightman and Grand Keeper of Records and Seal Louis R. Stinson were sailors on the Breakwater Friday last for their homes in Salem. They reported an enjoyable time at the hands of their Coos county brethren.

Mrs. W. C. Laird was a passenger on the Breakwater Friday last bound for Portland to be absent one month.

Taraknath Das, a resident of Bandon, is circulating a petition to refer capital punishment to the voters of Oregon this fall. He is securing many names.

City Engineer Hall-Lewis worked all Tuesday night with contractor Longstcn on the B street water main—a strenuous task.

Mrs. B. Folsom returned Monday from Portland where she had been in attendance at the annual meeting of the O. E. S.

See full page ad of the Ladies' Bazaar in this issue.

The Merry Makers at the Seenic have been attracting great crowds all week with their merriment.

Get your telephone batteries at the Farmers' telephone office.

Our Neighbors to Celebrate

July 4th will be celebrated at Marshfield, Myrtle Point, Bandon and Gravel Ford. The tornup condition of the streets in Coquille in paving work would interfere with the proper observance of the day and we attribute this fact as being the most logical reason why steps were not taken so to do. We can congratulate ourselves that the dangers attending a celebration will be eliminated, and our patriotism none the less ardent with the absence of the cannon's noise, the report of the firecracker and the smell of burnt powder.

Forger in the County Jail

Sheriff Gage has another boarder behind the iron bars in the person of Charles Bailey, who passed forged checks upon several Marshfield people. Saloon men were the principal victims although D. L. Foote has quite a bill against Bailey for auto hire. Bailey will be a Coos county boarder until the next meeting of the grand jury unless a bond of \$500 is furnished. The prisoner is about 30 years old.

Approve Good Printing

The Herald is now turning out printing for city officials in a manner highly approved of from every point of view. Business, professional men and others will find it to their advantage to place orders where work is first-class and prices just. Let the Herald man figure on your next job of printing.

Roseburg by Auto

J. L. Laird informs us that June 16, 1911, auto service was installed on the Roseburg-Myrtle Point Stage line. Mr. Laird does not expect to run automobiles this year until the first of July. The roads will be in much better shape for summer traffic, but it is predicted the work done will not materially benefit winter travel.

Luscious Strawberries

A. C. Hooton of Bridge placed on our desk yesterday two boxes of the largest, best flavored and most juicy strawberries ever presented, and we have had good ones. New Oregon and Great Ruby were the varieties. Mr. Hooton has our thanks for his kind remembrance.

Can Our Scholars Tell?

Mrs. Gus N. Goodrich has brought to the Herald office for analization an unusual plant from the woods near the city. Will some one versed in the science of botany give this plant a study and tell us to what family it belongs?

Trade Steadily Increasing

Alva Warren and wife were over-Sunday visitors at Marshfield. Mr. Warren is taking a much needed rest from labors in the Farmers' Union Store, where he has been engaged as manager since its organization. The store is gaining in popularity and its growth ere long will require a more commodious room.

COQUILLE SHOULD HAVE CIRCULATING LIBRARY

Herald Correspondent Calls Attention to Benefits Arising Through Free Library and How to Secure One

Social progress is the watchword of the twentieth century and modern civilization. This aim can only be accomplished by proper education. It is the duty of the state and society to make provision so that members of every community may get equal opportunity to educate themselves. The free public schools are glories of the United States and the free public libraries are the most effective and practical educational institutions for the people who have not the time or means to pursue courses of studies in colleges or universities. Thomas Carlyle rightly remarked "A true university is a collection of good books."

The state of Oregon realizes the need of having a public library in every community and thus has established the free circulating library department of the State Library Commission. This department renders practical aid to any community which wants to undertake the noble work of establishing a library by loaning a set of fifty books—fiction, history, sociology, children's books, etc.—every six months. If the people show proper interest they can get one hundred books every three months. The state does not charge anything but transportation expenses, and demands that the books be loaned free to the people, and that there shall be some responsible person who will take care of the books and return them to the state library in due time. The free circulating library can be located in any place, even in a private residence, by making some arrangement so that the reading public can take out books at certain hours at least once a week. Bandon, Myrtle Point, Gold Beach, North Bend and other towns have free circulating libraries and Marshfield had one before the people had their own library.

Coquille is the county seat. It is gratifying to know that the public spirited citizens have succeeded in securing two lots—worth \$900—as the future site of the public library building. But it is a matter of regret that Coquille has not at the present time, any kind of public library or reading room. We think it desirable that the library association of Coquille should take up the work of establishing a free circulating library. This library will serve as a stimulus to create greater interest among the public. It will increase membership of library association; eventually it will educate the people, in a practical way, about the need of a public library that they will demand from the common council and city authorities a special appropriation to establish and maintain a respectable library and reading room equal to the prestige of the city of Coquille.

We sincerely hope that the Coquille Club, Commercial Club, Ladies' Club, Library Association and organizations interested in the betterment of the community will take proper heed to this humble suggestion and make necessary arrangements to establish a free circulating library as the logical forerunner of a magnificent public library and reading room.

Complete information about free circulating library can be obtained by applying to the Secretary of the State Library Commission, Salem, Oregon. TARAKNATH DAS.

Auto Stage Line

Garoutte Brothers of the Bandon Livery Stable have established an auto stage to Port Orford making six trips a week. It requires four hours to make the run from Bandon to Port Orford.

A Modern Bungalow

The bungalow of Charles Kime is rapidly nearing completion; particularly is this true of the exterior which is painted in appropriate and attractive colors. Ample time has been taken upon the structure to make it first-class in every respect, and a model home will soon be at the disposal of a family deserving of all comforts it can give.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all druggists.

FOR SALE, or Trade for Real Estate—Three geldings and one mare, ranging from 900 to 1200 pounds; age from 6 to 8 years; all broke to work and ride. A special price for two weeks.

Pacific Real Estate Co.

Visit Old Home Far Away

The father of H. O. Anderson of this city, an old resident of Cottage Grove, has gone to Sweden to visit the old home after an absence of forty-four years. His daughter Ella accompanies him.

Across the Isthmus of Panama in 1912

Tomorrow night, June 21, at the Seenic Theatre will be displayed an engineering feat of far greater magnitude than ever before attempted—Across the Isthmus of Panama in 1912. Also another big Walters & McKenzie vaudiville bill.

Good Fellowship Manifested

Many outside visitors were callers during the week at the Ko Keel Klub rooms. Words commendable of the spacious quarters and well furnished rooms were heard, as well as favorable mention of the hospitality enjoyed at the hands of the members of this popular club.

No Place Like Home

C. A. Howard has purchased the house and lot located on Beach street near the residence of Geo. E. Peoples. This property is admirably situated and will make a cozy little home for our talented superintendent of the high schools being sufficiently large to meet all requirements. The view from the premises is ideal.

For Sale

One 1-gallon ice cream freezer; one 5-gallon ice cream freezer; one-half dozen silver ice cream soda holders; one-half dozen silver ice cream soda spoons. All new. Inquire of Mrs. M. Nosler.

Only a Partition Between

W. W. Faust has leased the building opposite Geo. A. Robinson's store and will establish a repair shop in one-half of the same. Mr. Newam, the shoe man will occupy the other portion.

Helped to Keep Down Expenses

Mrs. J. E. Henry, Akron, Mich., tells how she did so: "I was bothered with my kidneys and had to go nearly double. I tried a sample of Foley Kidney Pills and they did me so much good that I bought a bottle, and feel that they saved me a big doctor's bill."

For sale by Fuhrman's Pharmacy.
