BRITTLE THREAD OF LIFE UNEXPECTEDLY BROKEN

A kind friend at Myrtle Point telephoned the Herald information concerning the following fatalities which again demonstrate how brittle is the thread of life:
Jimmie Arrington, son of Vincent Arrington of Myrtle Point, died very suddenly Tuesday evening, July 2, death being due to convulsions. The only indication of illness prior to his death was a bleeding from the nose earlier in the day.
Mrs. A. Meyers of Norway died suddenly Tuesday, July 2, on the porch of the residence of Mrs. Perkins where she had gone to obtain some berries. Her death was due to heart failure. Mrs. Meyers was an old pioneer of this section.

Union Officer Likes Coquille
F. A. Sykes of Milton, Oregon, state secretary of the Farmers' Union, paid the local members an official visit Saturday last. Over two hundred farmers and their wives congregated at W. O. W. hall where they were treated to a good address upon subjects of interest to their welfare. He advised the farmers to stand together for by this means only could they secure justice. A banquet provided by the farmers' wives was served at 12 o'clock. There was a most bountiful supply of good things such as only our favored section can produce and the farmer's wife make palatable.

Saturday evening Frank Burkholder accompanied Mr. Sykes to Fishtrap returning Sunday. Lee was visited Monday where an enthusiastic crowd greeted their worthy official. Myrtle Point was paid a visit Monday evening.
Mr. Sykes is planning a trip with his wife to Coquille this fall with a view of permanently locating here.

Good Temperance Poem
Judge E. G. D. Holden furnishes the Herald with a splendid poem which deserves the prominence given it on the first page of this issue. "The Old Town Pump" was first published in the Waverly Magazine in 1888 over the signature of Mr. Holden, since which time a few verses have been added. The motive which inspired the writer, the sentiment so vividly portrayed regarding the evils of rum and the beautiful word-picturing on the mission of the pump makes it an ideal temperance poem that will be read with interest and, we trust, not without profit.

Library Association Meets
A meeting of the Coquille Library Association was held Monday evening last in the Commercial Club rooms. R. S. Knowlton, Mrs. Fred Belloni, Mrs. L. H. Hazard, R. H. Mast and John Quiek were elected trustees. The matter of arranging for temporary rooms and getting books from the State Library were taken under consideration. It was decided that inasmuch as there was a move on foot to construct a library building the securing of permanent rooms might be detrimental to the project.

Keep Down the Weeds
Wm. Candlin and wife were Bandon visitors Monday. They returned with a quantity of grave from the seashore to add to the walk within their home grounds. They are ever on the alert to beautify their premises, not only within but without, keeping the grass and weeds cut about the sidewalks—a work if done by other property owners would add much to the appearance of the streets in the residence districts.

Educator Takes a Walk
L. W. Turnbull, principal of the high schools at Grants Pass, is spending his vacation in Coquille, a guest for the present of Prof. Howard. Mr. Turnbull walked from Roseburg to Myrtle Point and enjoyed the trip, notwithstanding the road in many places was not what a pedestrian would desire.

After Good Lumber
The Steamer Casco is on the way up from San Francisco under charter to the Coquille Mill and Mercantile Company. She will carry over half million feet of lumber for Long Beach, California. Considerable lumber has been shipped lately to Long Beach from the Coquille mill and demands are still being made for the choice product turned out by this institution.

MERELY MENTIONED

Attention girls—"A Wife Wanted" Heazlet Tuesday, July 9.

G. N. Bower, the electrician, is in the field for all kinds of work in his line.
County Clerk Watson collected fees to the amount of \$544 for the month of June.

County court met Wednesday and in the evening adjourned to Monday, July 8.

Attorney Walter Sinclair has been making frequent trips to the Bay on business.

The democrats of Marshfield have perfected an organization known as the Wilson Club.

Jupiter Pluvius has permitted street work to be again resumed, but not without indications for a downpour.

Merry Makers at the Scenic Theater for one week beginning Monday, July 8. Admission 10 and 20 cents.

Contractor Longton visited Myrtle Point the other day with a view of figuring upon a job of street improvements.

The "Green" woman, who has been confined in the county jail for a time awaiting trial, is out on parole. Poor health is the cause of her release.

Everybody will be pleased to learn that the Merry Makers will be at the Scenic Theater for one week beginning Monday, July 8. Admission 10 and 20 cents.

The school district committee have reported to the school board favoring the purchase of the property of the Library Association for the uses and purposes heretofore mentioned.

The Coquille Mill and Mercantile Company are prepared to supply your needs in all kinds of fruit boxes: Apple, prune and tomato boxes on hand. Any size made to order. Both phones.

Two Marshfield men visited our city Tuesday and were escorted by Marshall Evernden to the calaboose. Too much bum booze, causing bad blood and a battle upon the streets, was reason for the arrest.

The Coquille mill closed down Wednesday evening to give employees an opportunity to celebrate. In the meantime some trivial repairs will be made. The mill will resume operations Monday, July 8.

Miss Belle Thrift is doing excellent pen work upon the assessment rolls in the assessor's office. Neat, uniform and legible the pages are pleasing to look at even to the figures that denote the sum the taxpayer must dig up.

Claude C. Moon, proprietor of The Sportsman has everything in the line the name of his beautiful little store implies. He favors the Herald with an "ad" which we are confident will be productive of benefit to his patrons. Give him a call.

Frank G. Leslie of Sacramento, after giving this section a test of two months residence, will send for his family and abide with us permanently. He is in the employ of Nosler & Norton as bookkeeper and speaks as highly of the firm as he does of the country—both looking good to him.

Fred Slagle won the Patsy trophy in the shoot at Marshfield Tuesday. He was high gun man missing only four out of a possible fifty. George Lorenz was a very close second. The Coquille gun club shot 454 birds out of a total of 600, winning by big majorities over both Marshfield and Bandon.

Return engagement of the Merry Makers at the Scenic Theater for one week beginning July 8. Admission 10 and 20 cents.

Prefers Out-door Work
W. J. Gordon, who has had charge of the mechanical department of the Herald, departed Monday for The Dalles to operate an engine in the harvest fields near that place. He prefers out-door work where he can be free from the aroma arising from printers' ink, the paste pot and the office towel. Mr. Gordon has aesthetic tastes, is a good printer and we wish him success in the new chosen work.

A. M. Nason, farming near Canaan, Me., was badly crippled with a sciatic rheumatism due he says to uric acid in his blood. "Foley's Kidney Pills entirely cured me and also removed numerous black specks that were constantly before my eyes." Foley's Kidney Pills are a uric acid solvent and are effective for the various forms of rheumatism. Sold by Fuhrman Pharmacy.

Have you paid the printer?

MYRTLE POINT EASY MARK FOR COQUILLE

(By WALTER OERDING)
Last Sunday's scores in the Coos County League were: Coquille 8, Myrtle Point 3; Eastside 4, North Bend 5; Marshfield 8, Eastside 5.

Inability to successfully negotiate J. Collins' starboard delivery was one of the main causes for Myrtle Point's defeat in the game last Sunday, Coquille winning by a score of 8 to 3.

J. Collier swung airtight ball, allowing only six scattering hits, and he invariably tightened when danger threatened. Myrtle Point would have been whitewashed if Byles hadn't monkeyed—the boys didn't care then, and the Pointers got two more runs.

In the absence of Herman, Brown was shoved in the breach. The way he was pounded was a caution—nine hits and three for extra bases, was his record for four innings. Then Dement was placed on the mound and although he was swatted hard he held the visitors down to four hits.

More Light Payments
Frank Morse, of the Coquille River Electric Company, has inaugurated a new system for patrons in the payment for electric current. It is now up to the user to pay the meter reader or collector before the 5th, or liquidate at the office on or before the 10th of each month. If not so paid service may be discontinued without notice. The new regime is instituted to relieve Mr. Morse of much needless labor, and should be willingly accepted by his patrons as this means of payment is adopted in all other places.

A Good Time Enjoyed by All
The entertainment and social given Thursday evening by the Home Mission Society of the M. E. Church South was quite a success everyone being pleased with the quality of the program rendered and the toothsome dainties served. That the ladies of this society excel in the art of entertaining is the opinion of all who attended.

Many Times Morrison
In executing the city bonds Monday evening it required the signature of Mayor Morrison three hundred and fifty-two times on the bonds and interest coupons attached thereto. The mayor writes his name with alacrity and precision which is characteristic of him in all business affairs.

Patsy in Port
The steamer Patsy arrived from Portland Tuesday night well laden with freight of all descriptions. R. A. Easton had sixty packages of household goods on board, the Farmers' Union quite a quantity of merchandise and local and Myrtle Point people were good patrons.
