Special attention is called to the article in this issue on the discovery, made some four years ago at Rochester, N. Y., that the American public school house belongs to the American people. The wonder is that the discovery was not made years before, and that the idea is not making its way even faster, now that it has been brought to public attention. If there is any good reason why a public building like the school house, erected at public expense, should be used only about six or seven hours a day, and denied to the use of the public for any other than school purposes, the reason has not been given. The school house exists in every hamlet of the land, standing ready as a meeting place for all public purposes. That it is not more often used is simply because the people have not fully realized that it belongs to them. Now that the idea of making the school house also a center for the clean social life of the community has been broached, it should spread like wildfire. Especially in its influence on the young people can a properly conducted social center of this kind be made a power for good. Young people desire recreation and amusement. They will have them, and it is up to the older people to see that those recreations and amusements are under wholesome influences. With the school house already in existence and available everywhere, the plant is ready to hand, and it only remains to take advantage of it. That the progressive people of this city are planning to make a start in this direction is very gratifying. Every one who has the best interests of this community and its young people at heart should take an interest in this matter and help it along every way possible. "The Discovery of the Schoolhouse," on the first page of this issue, will prove interesting and profitable reading to all who would acquaint themselves with modern educational methods.

Announcement has been made by W. S. U'Brien of Oregon City that the services of Joseph Fels, the soap manufacturer of Philadelphia, had been secured for the campaign to be waged by the People's Power League in behalf of the graduated single tax measure which will be voted on at the coming general election. He says that Fels will deliver at least twenty speeches in the state in behalf of the measure, but the itinerary has not yet been perfected.

In these days a politician is to be judged by the company he keeps rather than by the party label he wears, remarks the Stockton Record. And what kind of company is a bull moose anyway? His hide is tough, his meat ditto, his habits vicious and he is about as bad an animal as ever came out of the ark.

To Strip but not Disrobe
Not far from Thief River in Pennington county there is a town called Strip. It ought to be nightly popular on warm days—Bemidji Sentinal.

Yes, and our local man handed in the following personal, which we had to kill for fear the jam at the depot might wreck the building: "Miss—, who has been visiting here for the past week, is going to Strip on the Soo train this afternoon."—Ex.

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get quick relief. For sale by all druggists.

Heart and Lungs Withered
An autopsy on the body of Wm. Eckle who recently died of heart prostration at Rochester N. Y., revealed a remarkable condition. Surgeons say that the man literally burned to death internally. The heart, brain, liver and lungs were all withered and dried. His temperature remained at 108 1/5 degrees.

Marriage—the only game of chance publicly indulged in by the clergy.

D. C. Bybee, teaming contractor living at 909 Keeling Court, Canton, Ill., is now well rid of a severe and annoying case of kidney trouble. His back pained him and he was bothered with headaches and dizzy spells. "I took Foley Kidney Pills just as directed and in a few days I felt much better. My life and strength seemed to come back, and I slept well. I am now all over my trouble and glad to recommend Foley's Kidney Pills." Try them. Fuhrman's Pharmacy.
