JUDGE E. G. D. HOLDEN BURIED BY ODD FELLOWS

The body of Judge E. G. D. Holden was laid to rest Sunday last in the Odd Fellows cemetery this city. His brethren of the three links turned out in large numbers and many friends and admirers of the venerable true christian and citizen were present at the Methodist Episcopal church to pay respect to his memory. Familiar hymns, such as the judge loved to hear in life, were sung. An eloquent address emanating from a sincere heart was delivered by his pastor-brother Ryan R. Evans, and as the reverend gentleman spoke of the estimable qualities, the upright life and unflinching kindness the deceased always manifested to both old and young, tearless eyes were few.

The floral tributes were many and beautiful. Placed upon the casket was a Past Grand Master's jewel presented Judge Holden by the Grand Lodge of Odd Fellows of Michigan and other articles bearing emblems of the noble order to which deceased was devotedly attached. About one hundred of his brother Odd Fellows accompanied the remains to the cemetery where the last rites were performed.

The pall bearers were L. H. Hazard, Geo. T. Moulton, M. H. Hersey, E. E. Johnson, J. S. Barton and James Watson, all members of Heccia Lodge No. 111, I. O. O. F., this city.

May the character of Judge Holden though firm, yet gracious, without guile or ostentation, strong and true, serve as a beacon light to guide us to the end of life's journey that we shall, like him, pass the river of death full of hope and belief in a glorious immortality.

SINGLE TAX EXPOSED BY CHAS. H. SHIELDS

Following a request from a number of prominent men that he come to this city to explain and elucidate Single Tax, Charles H. Shields, Secretary of the Oregon Equal Taxation League, will be in this city next Monday evening.

Mr. Shields will speak in Coquille at 8 p. m., September 2, on "Single Tax Exposed."

Mr. Shields is author of the pamphlet "Single Tax Exposed," which has been read by a large number of residents of this country and is at present conducting the campaign against Single Tax in Oregon which has received comment in some cases and commendation in others from all over the state.

It will be well worth while for both opponents to Single Tax, and those who agree with Mr. Shields, to be present at this meeting.

Following his address Mr. Shields announces that he will be perfectly willing to answer any question propounded to him.

It is expected that a number of local men will be on the platform with Mr. Shields and he will be introduced by one of our citizens.

The "Battle of Life"

On next Wednesday and Thursday Coquille will have the pleasure of seeing the favorite actor Mr. Lee Willard and a clever company of eleven people in delightful comedy-dramas. Wednesday night "The Battle of Life" will be the bill—a play new to Coquille and one of the kind that everybody likes. Bubbling over with joyous humor and clever situations. Some good dancing and singing will be introduced. Mr. Willard was last seen in Coquille in "The Country Squire," and pleased immensely. He may therefore expect crowded houses both nights. Coquille likes a good show but will not patronize a poor one. The company play in Marshfield September 2-3. Seats are on sale at Fuhrman's. Prices 50c, children 25c.

Coquille Studio Sold

B. W. George has sold the Coquille Studio to C. W. Quartermast, a well known photographer of Marshfield. Mr. George leaves for his old home on the Umpqua river, about forty miles from Roseburg, on Monday next. He wishes to extend thanks for the liberal patronage given him by the people of Coquille and hopes like favors will be accorded his successor.

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple, Ind. For sale by all druggists.

CITY TO RAISE \$8,000 TO BUILD CITY HALL

At an adjourned meeting of the city council held Thursday, August 22, Ordinance No. 65 was passed, providing for the erection of a city hall and fire department building and for the letting of contract for the same. The action was by unanimous vote, all councilmen being present.

At Monday night's meeting a full council was also present.

Ordinance No. 66 was passed unanimously. This authorizes the council to borrow \$8,000 for municipal purposes. It is provided that this money may be borrowed on warrants numbered from 1 to 16 and of a denomination of \$500 each, bearing six per cent interest and payable two each in their order every year until all are paid, the money to be used for the purpose of building the city hall.

O. L. Hoglie was awarded contracts for the following street improvements at the figures named: Nosler street in North addition, \$10; Williams avenue, \$50; Smith avenue \$215.

Home Made Automobile

Considerable attention was attracted to a home-made conveyance constructed on the automobile plan which arrived in Coquille from Roseburg on Tuesday last. The machine was composed largely of the ordinary farm wagon with power, steering apparatus and springs attached similar to the auto with the exception that the engine, a twenty-horsepower Rambler, was placed in a box at the back. A chain drive attachment was fixed to both rear wheels, all other features representing the automobile in a crude way. G. L. Prior of Roseburg, assisted by Eugene Mauldry, were the builders and operators. The party, consisting of six people, were on their way to Bandon for an outing. Mr. Prior came in by way of the old Coos Bay route and pronounced the road poor. On a good road twelve to fifteen miles an hour can easily be attained with his vehicle. The machine bears the state registration No. 9690.

W. C. T. U. Convention

The Coos county convention of the W. C. T. U. was held on Friday, August 23, in this city. Delegates from North Bend, Marshfield, Bandon and Myrtle Point were present.

The meeting was conducted in Laird's hall and dinner was served the visiting members at the Tuttle hotel of which all present were loud in their praise. Mr. and Mrs. Evland received just praise for the kindly and hospitable manner in which the ladies were served.

Reports from various unions were heard and speeches, recitations, readings, and so forth. Rev. Mrs. Lewis gave a fine talk on good government, is a ready speaker and sound in doctrine.

The convention adjourned to meet at Myrtle Point next year.

School Notice

The Coquille public schools will open on September 9. The buildings will be open at 8:30 a. m. Parents should make every possible effort to have children enroll on the first day of school. The pupil who enters a week late is seriously handicapped in his work. First grade pupils entering school for the first time cannot be admitted after the second week. Only children who were six years old at the last birthday can legally be enrolled.

Only those holding an Oregon eighth grade diploma, or its equivalent from another state, will be enrolled in high school. Before September 1, the superintendent would like to meet all new students who expect to enter high school above the freshman class. Arrangements for consultation may be made by telephone. C. A. HOWARD, Supt.

While working at the Smith Coos river camp of the Smith-Powers logging company Saturday afternoon, G. H. Ellensburg was struck by the breaking of a line, in such a manner as to almost entirely deplete him. He was twenty-five years old, a member of the Odd Fellows lodge at Drain and leaves a wife and child.

Mr. W. S. Gonsalus, a farmer living near Fleming, Pa., says he used Chamberlain's Colic, Cholera and Diarrhoea Remedy in his family for fourteen years, and that he has found it to be an excellent remedy, and takes pleasure in recommending it. For sale by all druggists.

Indian Hopes Vein

John Walotsky, a "redskin" from the Umatilla reservation at Pendleton, was seen to frequent the picture theatre in which were being shown the famous Round-up pictures. The manager casually remarked, "You like the pictures? I have seen you here four times." "Umph!" said the Indian, "Me and my tribemen bet all of our money and beads that Jim Sundown ride Lightfoot but he has never been able to stick him a single time I have been here." Many people go several times to see these pictures, which will be at the Scenic Saturday, August 31, but none except John have cherished the vain hope of seeing Sundown ride Lightfoot, king of all buckers.

A Nevada Visitor
E. H. Hughes of Fallon, Nevada, arrived in Coquille on Saturday last to look over this section with a view of investing in farm lands and making a permanent home with us. Mr. Hughes comes here through the instrumentality of Joseph Windle, an old time resident of Coquille now in Nevada, and by reading the Herald which he has been taking for some time. We trust Mr. Hughes will have no cause to regret his coming and will find property agreeable to his wishes. The many friends of Mr. Windle will be pleased to learn that his family are now in better health and will ere long return to their old home here. A warm welcome awaits them.

While a little inconvenient at times the zephyrs are not of that force to interfere with business activity at the thriving city by the sea.

J. J. Stanley has been appointed justice of the peace to succeed E. G. D. Holden, deceased. Attorney C. R. Barrow is piloting Frank Hull of Carey, Kansas, about the city in order that he may form acquaintances and gain information concerning the superiority of our section to the end that he will seek fortune in our community. J. P. Vest is a recent arrival in Coquille, and is on the lookout for land for general farming purposes. He is here with his family and has two sons, possessed of manly vigor and push, who are anxious to use their energies in clearing and putting our productive soil in condition for the plow. We trust they may find a satisfactory place as men of energy will certainly be well rewarded for their labors in our most favored clime.

Logging Road To Be Constructed

In order to tap a large tract of timber the C. A. Smith company will construct a logging railroad, to extend about sixteen miles, from Myrtle Point down the south fork of the Coquille river.

The opening of such a big timber tract, by the building of this road, will assure to that vicinity many years of activity in logging operations as it is estimated seventy-five to one hundred years will be required to log off all of the land in the south fork country.
