PATRIOTISM—OUR MOTIVE

ADVERTISING is the royal highway to opulence and wealth. It is the vital principle that makes for success in any business institution. Selling is a most important science and deserves every consideration by discerning men.

The Coquille Herald will be found an excellent salesman. Prosperous men are those who advertise. No one will dispute this. The Herald is at your disposal. The circulation is extensive and the rates are very reasonable. Our subscription books are open for inspection to all our customers. Fair, isn't it? Try an "ad" with us.

All fourth class postal matter will require special stamps to insure transmission through the mails after January 1, 1913. Stamps now in use cannot be accepted as postage on parcels post or fourth class mail matter on and after the new year. Postmaster Linegar is using all means possible to educate the people on this point that no undue annoyance or loss to the public will result.

The Herald is belated this issue in consequence of Christmas, and the dearth of local news can be attributed to the fact that a generous neighbor, with whom we dined, dilled our thoughts and ambitions use of the pen, by filling us with delicious English plum pudding and other eatables, made only to such perfection as the good old English people can.

The idea of permanent exhibits at San Diego, the first port of entry in the United States after leaving the Panama Canal, is taking hold so well that San Diego is already practically assured of such permanent exhibits from the states of Washington, Oregon, Idaho, Montana, Wyoming, Utah, Nevada, Colorado and New Mexico. Every one concedes that it is a great idea, and, as the various states are heard from, it seems likely that very few that still have opportunities for settlers and capital will fall to be represented at the San Diego Exposition with attractive exhibits.

Calf Born Inside Out

A most peculiar freak was born on the farm of Thomas Williams of Hillsdale, Oregon, being a calf that came into the world wrong side out. By some inexplicable process of nature all the internal organs of the calf, such as the lungs, heart, liver and intestines, are on the outside, and the head, feet and hide are inside; in fact there is a complete transposition of the normal calf.

Dr. W. B. Coon, a veterinary surgeon of Portland, has the freak calf at his office and will preserve it. He says he has never seen but one before, that one being in a New York museum.—Journal.

Gravel Ford Ripples

R. R. Bennett, who has been helping his father in the construction of the McKinley bridge, returned to his home at the Ford, Friday.

C. Hamerloff returned from Marshfield Saturday. He was taken seriously ill some two or three weeks ago and since that time has been in the hospital at Marshfield.

His friends are glad to see him able to return.

Prof. Emmerson, with his assistants of the manual training class, tore the old heating plant out of the academy building Monday. A new one will be installed during the vacation.

Mrs. Ed. Olson was one of Monday's passengers on the Pearl to Myrtle Point where she joined her sister, Miss Electa Brady, in an extended visit to the Bay side.

Prof and Mrs. Emmerson are spending the vacation with relatives in Coquille.

Mr. Belle is now making regular trips on the North Fork with his motor boat. He states that this fork is an excellent stream for navigation during the wet season, and with but little improvement would be serviceable for a much longer period. His trips have been increased from one to four or five a week notwithstanding the fact that there are four other boats carrying freight to this place. All should be interested in the improvement of the river.

HAIR HEALTH

If You Have Scalp or Hair Trouble Take Advantage Of This Offer

We could not afford to so strongly endorse Rexall "93" Hair Tonic and routine, to sell it as we do, if it did not do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

We assure you that if your hair is beginning to unaccountably fall out or if you have any scalp trouble, Rexall "93" Hair Tonic is without question the best remedy we know of to eradicate dandruff, stimulate hair growth and prevent premature baldness.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded if it does not do as we claim. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store, Fuhrman's Pharmacy.

Water power reserves were created by the Secretary of the Interior during October in California, Idaho, Montana, Oregon and Washington, covering an area of 36,905 acres. The land was withdrawn from entry and the reserves made on the recommendation of the United States Geological Survey.

Big Ben helps run the farm on time

Is it hard for you to get the farm hands out on time?
 Is it hard for you to get them up in the morning?
 If so, why not let Big Ben do it for you?

Big Ben is a truth telling and reliable alarm clock.
 It's his business to get people up in the world.
 And he'll do it every day at any time you say.

Next time you drive to town, walk over to the store and take a look at him.
 I keep him in the window where everyone can see him.

Write Ideas For Moving Picture Plays!

YOU CAN WRITE PHOTO PLAYS AND EARN \$25.00 OR MORE WEEKLY We Will Show You How

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100 and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near New York City. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our Sales Department has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as Vitagraph, Edison, Essanay, Lubin, Imp, Solax, Rex, Reliance, Champion, Comet, Melies, Etc., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week and will write it out as directed by us, and it sells for only \$25, a low figure.

You Will Earn \$100 Monthly for Spare Time FREE Send your name and address for free copy of our illustrated book, "MOVING PICTURE PLAYWRITING."

Don't hesitate. Don't Argue. Write now and learn just what this new profession may mean for you and your future.
