Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with
Royal Cream of Tartar Powder:
100 Per Cent. Digested

Bread made with
phosphate powder:
68 1/2 Per Cent. Digested

Bread made with
alum powder:
67 3/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

Have you paid the printer.

A. J. Sherwood Returns

A. J. Sherwood who, with his wife returned last week from an absence of two months in California, reports a very enjoyable trip. Shipping his auto to San Francisco, the trip to and from that point was made overland, while the auto tour extended 2300 miles, through southern California and across the border into Old Mexico. The roads were in fine condition, there having been rain enough to lay the dust.

Mr. Sherwood is confident that the frosts of this winter have done much more damage to the citrus groves than is acknowledged there. In his opinion the Imperial valley is the best and safest proposition down there, although the heat is so intense in summer that it actually cooks eggs in the nest unless they are frequently gathered. At Mexcala, across the border, he found a company of soldiers quartered in the bull ring, while on this side an equal number of Uncle Sam's men were camping in the base ball park, which seemed nationally typical. At Mexcala he found that every business house was a saloon, which may also be typical. Among the people he met Mr. Sherwood mentions the following former residents of this county; B. E. Nosler and Al Duvaal in Imperial valley; Dr. Snook, with a fine practice at National City; R. D. Sanford, with whom he visited two days; R. E. Shine, at La Jola; C. A. Craddock, at Redding; Jere Wilson, at Dunsuir; Is. Nosler, at San Diego; I. Hacker, at Pasadena; J. H. Cecil, at Ventura and longing for Coquille; G. F. Boutelle and Jesse Beyers, at Morgan Hill; J. D. Black, at Redlands, also his parents, Mr. and Mrs. H. N. Black, who are visiting him. Of all these Mr. Sherwood reports that they are well and prosperous.

Mr. Sherwood, like all other Coosites who make trips abroad, say that Coos is the best, and he is glad to get back.

Newcomers From Idaho

This office received a call Friday from E. A. Strong and E. E. Van Sickle, late of St. Anthony, Idaho, who have been located at North Bend for about three weeks. Mr. Strong is a printer and has been assisting Edgar McDaniels in preparations to make a semi-weekly of the Harbor. Mr. Van Sickle is a contractor and builder, and both express themselves as well pleased with this country and its prospects. They say that in Idaho the name of Coos Bay has loomed large for several years and the people are confidently expecting direct railroad connection with that harbor by means of a transcontinental line passing through Idaho and finding a terminus at Coos Bay.

Myrtle Point Pointers

(From the Enterprise)
S. C. Braden got his hand badly cut Monday while sawing wood. Several stitches were required to dress the wound.

It is reported that an attempt was made one night recently to burglarize the Wm. Chandler residence in the southeast part of town.

C. W. Nelson of Miles City, Washington, was here this week viewing Myrtle Point and the Myrtle Point section with the idea of locating.

Word has been received here that the father of Miss Anna Hunt is seriously ill at his home in Eugene.

G. W. Miller got into a mix-up with some timbers Monday which resulted in a fracture of his left leg.

Mr. and Mrs. Thos. Guerin arrived yesterday from Oakland, California, where they spent several months.

It is now an assured fact that Mr. Seaman is to construct a modern business block, either of brick or concrete, adjoining the Guerin Hotel, construction to be started at once.

A farewell reception was given at the church Thursday evening for Rev. Crumley, who left Friday morning for the south. Mr. Crumley made a short address, following which refreshments were served.

In the oratorical contest held in the local high school last Saturday to pick the speaker to represent M. P. H. S. in the county contest to be held the second Friday in April, Myrtle McCloskey won first Agnes McCracken, second, and Abbie Elwood, third.

To Our Friends and Neighbors

You know us. You know we would not—that we could not afford to—go back on our word. Nor can you afford to ignore this money-back-if-not-satisfied offer on this splendid laxative.

We honestly believe we have the best bowel remedy ever made—the most pleasant-to-take, most permanently beneficial laxative for relief from the miseries and dangers arising from constipation.

We wouldn't say this if we didn't believe it to be true. We wouldn't risk our reputation by making such statements did we not feel sure you would find them true.

Try them at Our Risk

If they do not abundantly prove their merit with you also—if you are not entirely satisfied with them—we will refund your money—and we will do that on your mere say-so. We don't ask you to risk a penny. Isn't that fair?

Just let the bowels fail in properly doing their work—just let their action be delayed and incomplete and the entire system and every other organ suffers. Wastes that

should have been expelled remain to poison the system. Headaches, biliousness, nervousness and other tormenting and serious ills are common when the bowels fail to act daily as nature intended. All this may be avoided, if you will accept our advice.

Rexall Orderlies

taste just like candy. They are soothing and easy in action. They do not cause griping, nausea, purging or excessive looseness. They tend to tone and strengthen intestinal nerves and muscles. They promptly relieve constipation, and help to permanently overcome it.

Rexall Orderlies promote better spirits and better health. In all of these things they are vastly superior to old-fashioned, harsh salts and other purgatives, which are not only unpleasant to take but which usually leave the bowels in worse condition than before. We particularly recommend Rexall Orderlies for children, aged and delicate persons.

Rexall Orderlies come in vest-pocket tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all drug stores. You can buy Rexall Orderlies in this community only at our store:
