NOTES ON THE PHOTOPLAYS

Of Interest to Those Who Patronize the Movies

What Happened to Mary? There are to be twelve of those pictures and it is time we were getting another If the Scenic allows one to get by, two promising young men of our city are liable to get mobbed.

Besides the elephants that base been seen here, the Vitagraph has added a lion and quite a menrgerie of other animal actors, and they will be coming along pretty soon.

Those who saw "The Compact' at the Scenic Sunday evening saw one of those mysteries of trick pho graphy that are bard to undersand. Crane Wilber played the two parts, of the dope-cursed prosecuting attorney and the other lawyer, his double, who took his place and assumed his personality. In two places both were on the scene at the same time and they had one long consultation together. It is a trick of double exposure, but how is it

Microbes in Your Scalp

Authorities say that a microbe causes baidness. If you are losing hair try our remedy at our risk.

Frofessor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We want you to make us prove it.
We will pay for a month's treatment
of Rexall "93" Hair Tonic used durng a trial, if you will use it according to directions, and are not
thoroughly satisfied. When we will
to this, you surely should not hesitate
to at least try it.
Start the treatment today. Your
mere request will get your money
sack if you want it. Two sizes: 50c
and \$1.00.
